## **Awakened Imagination** Neville Goddard

I want this book to be the simplest, clearest, frankest work I have the power to make it, that I may encourage you to function imaginatively, that you may open your "Immortal Eyes inwards into the Worlds of Thought," where you behold every desire of your heart as ripe grain "white already to harvest." Truth depends upon the intensity of the imagination, not upon external facts. Facts are the fruit bearing witness of the use or misuse of the imagination. Man becomes what he imagines. He has a self-determined history. Imagination is the way, the truth, the life revealed. -Neville GoddardWilder Publications is a green publisher. All of our books are printed to order. This reduces waste and helps us keep prices low while greatly reducing our impact on the environment.

### **Marc Smolinski says**

Good book, but I found it a tad difficult to read.

---

### **Rebekah Wheatle says**

It was a very good book, wasn't exactly what I was expecting, as in it was more... spiritual than I imagined, but I guess it was written by Neville G.

Either way it was a good book and I took something away from it which is the whole point.

#### **Great Inspiration**

I loved this book because it is written so simple, yet such powerful words.

It is a source of inspiration for me, I really enjoy this kind of reading and this book has helped me realize how much power we have and how little we use it...

Definite recommendation for people searching for more.

### **Mike Brennan says**

This encapsulate pretty much all Goddard had to say.

#### **Most concise**

This book is the most simple , complete and concise book I have ever read. I was always struggling to understand who or what is the Christ and to make sense of wording in the Bible stating Man must be born again.

There is much to be gained by reading and re reading this book.

#### **GREAT READ**

I ENJOYED THIS BOOK....A LOT OF NEWLY ACQUIRED DATA ON MANIFESTATION WAS VERIFIED IN THIS BOOK.

I APPRECIATE THE WRITING STYLE AND VALIDATION FROM THE WORD OF GOD.

#### **A true awakening**

With each book I am guided to read from Neville, this modern day prophet, I awaken more than I even conceived that I could. As you allow yourself to journey on the road of spiritual metaphysics, this work will no doubt solidify a deep understanding that a part of you knew, but didn't know you knew. Take your time here, enjoy the meal.

### **Everlecia J. says**

#### **Intriguing**

I slept on this book... the vernacular was difficult for me to understand at first but I took my time and got through it and I'm amazed by the life gems I discovered in this book.

### **Sergio Orozco says**

#### **Great but difficult to understand because of the language**

Great perspective of law of attraction from bible versicles, but the words used make it difficult to comprehend in some parts.

### **Heidi The Hippie Reader says**

I was listening to a lecture by Dr. Wayne Dyer a couple of weeks ago and he recommended Neville's works as tools for the realization of self. I'm very glad that I took his advice and picked up a few of them.

Neville Goddard has some profound insights on desires, manifestation, and idealization. I had read some of his techniques and visualizations from different New Age authors... I didn't realize that they had taken some

self improvement exercises directly from his work. I like reading original ideas from their source, tho I'm also open to modern interpretations like Dyer's book, Wishes Fulfilled.

Read this if you're truly interested in 'awakening your imagination'. This book has some powerful suggestions and practices in it for that specific purpose.

A really good book for shifting the locus of control. Probably a bit mystical for some people, though!
