My father was a small town doctor in that era also. So many things that Dr. MacDonald tells about in both books are so true and very funny to read. Thank you Dr.

Third book in the series, I have really enjoyed the series, this book was again tales of a country doctor, however in this one, friends of Dr. Macdonald added stories, whereas the first two were all Dr. Macdonald's tales, I liked the first two better but this is still a good read.
