## **Crown of Coral and Pearl** Mara Rutherford

Impetuous and outspoken, seventeen-year-old Nor is used to living in her identical twin sister's shadow. As the most beautiful girl in Varenia, Zadie is destined to marry the prince of Ilara, heir to all the ocean realms. Though free from her mother's strict constraints, Nor still feels trapped. Just once, she longs to see Ilara's glittering towers and encounter its dashing prince...

But when Zadie is injured, Nor is chosen to replace her. And she soon finds Prince Ceren is as forbidding and cold as Ilara, a realm carved into a mountain and devoid of light. Ceren's plans would strip Varenia of its most precious resources—a decree Nor will risk anything to stop. And through Ceren's half brother, Talin, she pursues an even darker mystery rooted in the failing royal bloodline, a murdered queen—and Ilara's sinister secret history.

Now Nor must negotiate the treacherous protocols and insidious deceptions of a dazzling court where lies reign and obsession rules. And discovering her own formidable strength may be the one move that costs her everything: the crown, Varenia and Zadie.

I love this book! I was fortunate enough to read an early copy, and was immediately entranced by the rich, atmospheric world. Nor and Zadie have one of the most touchingly authentic sister relationships I've ever encountered, and Nor's journey has all the tension, twists, and romance I crave in YA fantasy. Couldn't put this one down!
