## Freed Nikki Sex

With a deep phobia of small spaces, the last place Kelly Flynn wants to be is trapped in a dark elevator... especially with John Taylor, the handsome Dom she has a huge crush on. As her fear threatens to overwhelm her, it becomes clear John will have to do something drastic to save her.

Luckily, John is just the man to solve the problem. An experienced Dom, he knows everything about a woman's body, including how to bring it to soaring heights of pleasure.

Both Kelly and John are caged by far more than just walls. Each has their own issues that bind them. Can they free each other?

## From Reader Review Freed for online ebook

### Candace says

Smokin' hot! This story makes me want to get stuck in an elevator with a hot stranger!

Picking up where Bound left off, Freed takes place while John and Kelly are waiting for help to arrive and get them out of the elevator. In virtually no time, they have become quite intimate with one another. They engaged in so much foreplay and had so many orgasms that even I was exhausted! This is one steamy read!

I am looking forward to the next book in the series!

### Belle Aurora says

\*\*ARC exchanged for an honest review\*\*

I loved this series!

I was hooked and invested in the characters (John and Kelly) from the very first book.  
Who doesn't like a damaged hero??

This series was sexy, erotic and, at times, heart-wrenching.

Nikki Sex makes character development look easy. Her story flows, she has a great writing style and plot.  
I highly recommend this series to anyone who likes grit with their erotica.

Get this series...right now!

### Julie says

Really interesting story & we've just touched a little bit about what makes John Taylor tick (AKA Father John the Dom). While locked in an elevator with Kelly John surprises himself by allowing Kelly to touch him. At first he really has a problem since there is something in his past that clouds his emotions. While on a picnic with his mentor Andre they talk about it in vague terms like John's parents are the reason John isn't able to act on his natural instincts, like they have harmed him in some way. We don't ever find out & I'm sure we'll have to read on to the next book. But finally John is able to submit himself to Kelly like a normal man and in a very cute & innocent way he makes her do it again and again, like he has found his secret to success to let go sexually with a woman and he doesn't want to forget how it happened! He acts like he has claimed her as his own so it will be interesting to see what happens when the elevator opens.

**Sophie "Beware Of The Reader" says**

re-read of this series

---

**Kami Dodson-Perry says**

Kelly & John are stuck in the elevator. John is distracting Kelly the only way he can, with sexual pleasure.

Kelly is soaring and wants to give John something back. As John experiences what Kelly can do for him he realizes he loves Kelly.

--At this part of the story we are not sure where in John's past Kelly is from but the author hints to the fact that John knew Kelly prior to The Basement from his childhood.--

---

**Betty says**

Kelly Flynn has a crush on John Taylor, the Dom that she has seen at her club. She watches him perform but is too shy to approach him. Later as she is leaving the club, he enters the elevator right after her. Shortly after the elevator starts up, the power shuts off trapping them both inside. What follows is SUPER hot!! This is another very hot, very sexy, and very well written book by Nikki Sex. I am off now to get the next one! ...great read!!

---

**Jennifer says**

I loved the first book, and this one was even better. I will write a full review at the end of the set. Excited to read the next!

**Angie Sakai says**

Freed:

Book starts out with Kelly & Father John still trapped in the elevator at the BDSM club The Basement. Likely name for a club if you ask me but not my story to tell!

Kelly is finally getting what she wants and John is touching her and is controlling her.

Quote: She expelled a deep breath, unaware that she had been holding it. Giving herself over to this man was a huge relief, causing her uncertainty and confusion to vanish.

"That's right, Kelly," John said, no doubt registering that the high-strung tension in her body had eased. "I've got you."

That blurb right there was the best in this book. Showed the raw passion that John and Kelly both have for each other. Even tho John is a man of few words I believe that there is some attraction on a deeper level there. John views sex with others as a dirty thing to do. He would rather masterbate then do it with another human being. How is this even normal?

Surprise surprise! John has had a secret crush on Kelly all this time!  
And then at the end John is trying to figure out how to make Kelly his...interesting way to end the book!

### **Jonel says**

Please note, I read this as part of the Bound & Freed Boxed Set.

This was a very interesting and captivating novel. I'm still thinking about it days later.

The author develops some amazingly vivid scenes throughout this novel. These scenes weren't necessarily even erotically based (although those were definitely there as well). There was mystery, suspense, heartbreak, and relationship drama galore. She keeps the novel intense without it becoming vulgar or garish. There is a stark contrast between the prayers to God and the subject matter that heightens this intensity. I really appreciate how the author approaches the world of BDSM. She does so with tact and class. She also approaches it in such a manner that you realise how much there is to this world, and what it really means to

those there. She introduces you to the scene in a positive manner that you can't help but be captivated by. She explains some terms and practices common to the scene so that unfamiliar readers can get into the story. She does so very tactfully and without breaking the overall flow of the story.

This story was very intriguingly written, even if the writing did become a little disjointed at times. Amazingly enough, this added to the mystique of the novel. There are times when the author uses the same phrases and thoughts repeatedly. Although disconcerting at the beginning it really adds to the character development. The shortened sentences and small issues with grammar also become superfluous. In most other works I'd say that the novel needs to be re-edited. In this one, it adds so much to the story that I was very surprised.

I enjoyed how the author develops her characters. She doesn't dump a pile of information on her readers all at once. Rather, she gives small glimpses into the past to provide understanding into the present and the future. It gives insight into the characters and more depth to the story. The large variety of character types who interact with each other gives a very unique perspective of the world as a whole, as well as the world of BDSM. She combines this world with real and heart wrenching relationship issues that make you feel for and want to help out these brilliant characters.

I also really appreciate the symbolism behind the title of this boxed set. Not only does it apply to the subject matter at hand, but also to more than one character. That's all I'll say about this. Read the novels and you'll find out.

My overall impression? Whether you're a Dom, a Sub, or neither, this series makes you re-evaluate what's important in your life.

Please note that I received this novel free of charge from the author in exchange for an honest review.

### **AngelinaT says**

Wow! This story was very intense sexually. There is still so much I want to learn about both John Taylor and Kelly Flynn and what their real connection is. There is something dark in John's past and he is unable to climax without feeling guilty or shameful until he meets up with Kelly (again). He obviously remembers Kelly but she doesn't seem to remember who he is. The fact that this whole installment takes place in a stuck elevator and in complete darkness makes it even more erotic. Definitely looking forward to reading more in this series....

I received this book from a friend.

Holy Moly!! This is the 2nd serial in the story of John Taylor. He is a BROKEN man who is trapped in an Elevator after leaving the BDSM club with Sub Kelly. Kelly, we know from book 1, is in mad lust over John. We learn in this book that John is in mad, crazy LOVE with Kelly. We get some information from John about the fact that Kelly and he MAY have crossed paths before but she doesn't recall him.

John is a broken man. However in trying to help Kelly with her fear of enclosed spaces, he also helps heal his own heart. OMG this serial was super hawt...ROAR!!!

---

### **J Ho Lo says**

This series had so much potential but unfortunately fell WAY flat. The storyline had a lot going for it but the rushed execution killed it. The "BDSM" tag is also really misleading in my opinion. This was less steamy than most "vanilla" sex scenes. And why would a Sadist, a true Sadist not a poser, suddenly not need to inflict pain upon his subs? The author actually writes that the couple is "screwing 20 times a day", which let's face it is not even remotely close to possible. Also stating the female having 10 orgasms, umm this is a BDSM book and you haven't heard of "orgasm torture"? The female body can only take so much before that becomes painful and not pleasurable at all. There were a ton of editing mistakes and character confusion. It was just a really poorly executed book that left A LOT to be desired.

---

### **Patricia Eddy says**

Like Bound, I found the writing in this series a little less than Nikki's other series, but I loved the characters. The sex was, of course, hot, and the concept of them being trapped in the elevator, which forced both to confront things that they would not have otherwise was rewarding. I think Kelly's personality (in real life) would grate on me, but that doesn't mean she's not a great character.
