Frognapped Angie Sage , Jimmy Pickering (Illustrator)

When something's amiss in Spookie House, there's usually only one person to blame--Araminta. But this time she had nothing to do with the disappearance of Barry Wizzard's frogs, and she is determined to find them. Of course, it's not going to be that easy, especially when dealing with a crazy character named Old Morris, a dangerous shark, and a demanding aquarium show audience. Can Araminta find the frogs and steal the show?

Aku akan memulai operasi Agen Detektif Spookie. AKu akan menjadi chief detektif dank au bisa menjadi anak buahku

Barry kehilangan katak katak kesayangannya. Araminta yang mengetahui hal ini segera mengajak Wanda untuk menjadi detektif dan menemukan katak katak tersebut. Pada saat yang bersamaan dengan hilangnya para katak, ada perawat baru untuk membantu Paman Drac. Kecurigaan Araminta pun muncul, pasti perawat itu yang menculik katak katak Barry. Penyelidikan pun dilakukan. Petunjuk mengarah ke ladang jamur milik Old Morris yang telah dialih fungsikan menjadi dunia air ajaib. Sepertinya Old Morris dan Si Perawat bekerja sama menculik katak milik Barry dan menggunakannya sebagai pertunjukkan sirkus.

Tapi bagaimana cara Araminta dan Wanda menyelamatkan katak katak tersebut? Belum lagi mereka harus membantu Tuan Horace yang ingin mengambil kembali harta karun miliknya.

Ah, seri ketiga ini ternyata sedikit lebih tebal dari dua seri sebelumnya, bahagianya saya. Seperti dua seri sebelumnya, Araminta yang berani dan sedikit usil membuat saya menikmati alur ceritanya. Kali ini ceritanya kembali berlatarkan pantai dan sekitarnya, yang menurut saya cukup unik karena biasanya keajaiban dan fantasi kan lebih identik dengan hutan yang rimbun atau rumah penyihir. Meski ceritanya ringan, menurut saya masih perlu dampingan orang tua saat anak anak membacanya. Oh dan sebenarnya akan lebih seru kalau dibaca urut dari seri pertama, karena kita jadi lebih paham seperti apa tabiat dan asal mula para tokoh di dalam cerita ini.

Kapan ya terjemahan lanjutannya terbit? ^^"

Buku yang sangat menyenangkan untuk dibaca XD

Kodok Barry hilang. Araminta yang disalahkan. Well, padahal Araminta sama sekali tidak tahu kemana perginya kodok-kodok tersebut.

Paman Drac juga tersiksa karena ada perawat galak yang menyuruhnya belajar berjalan pasca kecelakaan yang mengakibatkan kedua kaki Paman Drac patah. Padahal Paman Drac cuma ingin istirahat dan membuat rajutan.

Sebuah kecelakaan kecil menyebabkan Wanda yakin kalau kodok-kodok tersebut diculik. Araminta akhirnya memutuskan untuk menjadi detektif dengan Wanda sebagai asisten. Tapi Araminta sama sekali tidak menyangka kalau untuk mengerjakan urusan detektif, dia harus menyingkirkan ibu asistennya dan juga bibinya sendiri yang selalu ingin tahu dan ikut campur.

Sementara itu, si Tua Morris tiba-tiba tidak lagi menjual jamur dan membuka usaha pertunjukan Dunia Air Ajaib.

Dibuku ketiga ini, saya rasa saya kembali merasakan aura dunia Septimus. Bukan sihirnya, tapi lebih ke ... errr ... lingkungannya yang suram tapi menarik.

I usually try children's fiction on occasion, but something about Angie Sage's Araminta Spookie and Wanda Wizzard (and the other characters) keeps me coming back for more. Probably my favorite in the series, Frognapped finds Araminta - think Wednesday Addams, but with more personality and droll sarcasm - finds herself under suspicion when the trained acrobatic frogs of Barry Wizzard - Wanda's father - go missing. Known for her practical jokes, this was one Araminta didn't pull off, so forming a detective agency with Wanda, the two young girls follow a lead in the form of a lady massage therapist, trailing her to Old Morris's mushroom farm - now interestingly turned into a marine park featuring a killer shark and - you guessed it - acrobatic frogs. I really loved that book three took the readers out of Spookie House more, showing off Araminta's surroundings and even more colorful characters from the neighborhood. The book (the entire series, actually) is genuinely funny, too, with an action-filled, very satisfying ending that satisfies. Again, maybe my favorite of a series that can be read - and enjoyed - by anyone of any age. ****1/2

Great and funny. Loved it!

2.5 out of 5. A bit short on empathy. Silly enough that my 7-year old enjoyed it, but not sure there were any positive take-aways.

Sebetulnya buku ini bagus untuk ukuran anak2. Petualangan-nya juga seru. Meskipun masih dr segi anak2 hehehe jadi rasanya ngga adil klo bilang seluruh seri buku ini terbilang aneh. Meskipun ya, memang aneh-nya itu ngga salah hahaha

Frognapped: by Angie sage

This book was about a girl named Araminta and a girl named Wendy and they live together but they are not family. In the book there is also person named Barry he lives in the same house as Araminta and he trains his frogs to do acrobatics but, one day Barry's frogs had gone missing so Barry right away said "Araminta where did you put my frogs." So then Araminta and Wendy started up their own little detective agency to find those frogs. When Araminta went looking for them they were at a place called mushroom farm. It is owned by a mean old man named old Morris and sir Horace [a ghost in a suit of armor:] wants to go there to get back his treasure back so he volunteers to go and help rescue the frog. In the end sir Horace got his treasure back and Araminta and Wendy had another great adventure.

My favorite character in this book was Sir Horace because he reminds me of my brother when he is in a nice mood. Another reason why he is my favorite character is because he ends up in weird situations and it is a funny experience. Plus he is a cranky person when he is mad so that relates to my brother because my brother is always cranky when he does not get enough sleep. The most funny part is that sir Horace is always falling apart everywhere he goes and has to be fixed often. But fix him up wrong and he will be mad and he won't talk to you for quite a bit.

The climax of the story was when Araminta and Wendy were in charge of the fish show because they were trying to save the little frogs. So in the fish show Araminta knew all the frog tricks so she had to add on to the show to make the audience say wow. So what happened was that the acrobatic frogs accidentally fell in to the large water tank and so Wendy jumped in to save them but the audience thought it was part of the show. So what Araminta did was that she tossed Sir Horace in to the water [because Sir Horace jumped in to a shark suit:] and said give Wendy a chase to make more of a scene. But what happened is that Wendy's mother jumped in to save her little girl and so the audience thought that was a part of the show too so they kept on applauding until the two families said "and that is the end of our show."

A few lessons that I think the author was trying to say was that you should always have permission to go somewhere first and if you go somewhere without telling your parent or your guardian something bad might happen. Another lesson is that don't fight but work together with other people so that it would be an easier job to finish things and plus you will make a new friend. Plus the last lesson I think the author was trying to teach was that don't hide things from your parent or your guardian because then you will get in to more trouble than before.

I would like to recommend this book to anybody that loves a good laugh all the time because you will be laughing though out most of the book anyway. I also recommend this book to any kid who likes adventure because this book makes you want to stand up on your tippy toes because you really want to know what comes next. Most of the book can be hilarious but some parts are really serious because of the moment. But when you are in the middle of the book the book makes you read more because it is very entertaining and the only way you are going to stop is when you are tired because this book is so great.

I will rate this book 10-10 because this book makes me want to read the next book really bad and I loved this

story.

I read this with my 7 year old daughter. It was a fun read, but I would have greatly preferred if the author had left out the word "stupid" which was used way too many times, and the reference "dim-witted" that described the other main character in the book. We don't use the word stupid, so it was just something I had to filter out many times in the book.

I do not know how to start this review. The story in itself was a little unusual, the frogs have gone missing and Arminta is blamed, because for no reason... well that is the full premise. I found Arminta rather annoying during this tale as she was very self absorbed, more important than her partner who seemed to be on the one up game. It made it hard to stay interested in the book. The tale and lesson itself was interesting and there were moments which made me chuckle but more often I was groaning in frustration.

I will still keep going with the series as the baseline idea of the book is still fun with much that could be done with it.

Dion Yulianto says

Saat kau kecil, pernahkah kau merasa sepertinya orang-orang dewasa itu sangaaaaattt membosankan dan sangggaaaaattt suka menghakimi? Seperti itulah yang tengah dialami Araminta di Spookie House. Saat kepala besi Tuan Horace bergulingan di tangga, bibi Tabby akan berteriak memanggilnya. Saat kelelawar besar Paman Drac hilang, dia juga yang disuruh mencarikan. Dan kali ini, giliran kodok-kodok penari milik Barry Wizzard yang hilang, dan Araminta teteup saja menjadi pihak eh anak yang disalahkan. Yah, mau bagaimana lagi, Araminta memang dasarnya badung sih.

“Apakah kau pernah memperhatikan, saat seseorang jengkel denganmu, mereka selalu memanggil lengkap namamu?” (hlm 6)

Kan, celetukan Araminta selalu saja ngangenin!

Karena belum ketahuan kemana raibnya kodok-kodok itu, Araminta dan Wanda memutuskan untuk ... menjadi detektif anak. Kasus pertama mereka adalah menyelidiki dan mencari tahu misteri hilangnya kodok-kodok Barry. Kecurigaan pertama mengarah kepada Perawat Watkins yang bertugas memberi rehabilitasi kepada Paman Dracul yang masih dalam proses penyembuhan karena kakinya patah saat terjatuh dari tidur bergelantungnya di menara kelelawar (*Don't ask again please, this family is weird indeed, but you'll like them the way they are!*). Dari situ, kecurigaan semakin meluas dengan makin banyaknya karakter yang diperkenalkan Sage. Dasar anak-anak, makin rame malah makin seru kalau kata mereka. Calon tersangka bertambah, dan Araminta serta Wanda malah semakin tertantang memecahkan misteri ini.

Penyelidikan di mulai di Dunia Air Ajaib milik Tuan Old Morris. Kali ini, Araminta dan Wanda mendapatkan musuh pertama mereka yang sebaya, yakni si Nora si-ikut-campur yang adalah putri dari Old Morris. Berulang kali kedua ayah beranak itu menghalangi penyelidikan dua detektif cilik kita ini, tapi bukan Araminta namanya kalau dia menyerah apalagi takut dan mundur. Dengan keberanian dan rasa ingin tahu yang tinggi—dua keunggulan usia kanak-kanak—keduanya tetap maju melanjutkan penyelidikan. Menerobos ke balik panggung, dikejar hiu berisi hantu, hingga masuk ke lubang gelap di belakang bekas lahan ladang jamur. Penyelidikan mereka membuahkan hasil di luar dugaan. Tidak hanya mereka berhasil menemukan katak-katak Tuan Barry, tetapi Araminta dan Wanda juga menemukan milik Tuan Horace yang paling berharga.

Sekali lagi, dari Araminta, kita orang dewasa diajak untuk "iri" kepada anak-anak. Spontanitas dan keberanian mereka mengambil risiko, semangat bertualang yang tak kenal takut, serta perjuangan pantang menyerah sebelum mencapai hasil. Hal-hal itulah yang semakin menghilang dalam diri ini seiring dengan semakin mendewasanya kita. Ada kualitas-kualitas baik dalam diri anak yang wajib kita tiru, sebagaimana kata sebuah ungkapan yang saya lupa dari siapa, tapi bunyinya seperti ini:

"Tirulah anak-anak, tapi bukan dengan bersikap kekanak-kanakan, melainkan menjadi seperti anak-anak yang ingin tahu, gemar bertualang, spontan, tanpa beban, dan senantiasa mengagumi kehidupan."

Sungguh, seri bacaan yang menghangatkan hati, menghibur pikiran, menerbangkan angan. Araminta membawa pembaca dewasa kembali pada keindahan dunia anak. Sementara bagi pembaca anak, seri ini akan memperkenalkan mereka kepada satu teman bandel namun kreatif yang sungguh sayang jika kamu tidak kenal dengannya. Buku yang bagus bisa menyentuh pembacanya, berapapun usia mereka. Dan, Araminta Spook membuktikan bahwa buku seperti itu memang ada.

Terima kasih Penerbit Mizan atas buntelannya.

This is the third book in the Araminta Spookie series by Angie Sage. I discovered this book at our local library and thought it might be a fun, spooky read for our oldest. She loved it and has read through the entire series very quickly. Now I'm just trying to catch up.

This story centers on Araminta and Wanda's efforts to rescue Barry's stolen frogs and recover Sir Horace's

lost treasure chest. The story is entertaining and exciting. It's an easy read and I really enjoyed reading it. I'm looking forward to the next book, Vampire Brat.
