Joe Ibojie

Illustrated Dictionary of Dream Symbols: A Biblical Guide to Your Dreams and Visions Joe Ibojie

A raw hunger gnaws at the soul of the Western church. Where are the prophets who will discern the emptiness that has crept silently into the body of Christ in the last one hundred years? We long to burn with a passion inside that never ceases. We yearn for the undying flames of revival that Jesus died to give us. But how can we have a revival that never fades out? How can we burn inside and never lose the passion? There is only one way. Its not what you might expect. Its not a new revelation. Its as old as the Bible, but we have simply overlooked it. Youll find it on a lowly hill where the blood of God spilled down upon this earth

Teresa Odden says

This book stays in my e-books as a continual resource to learning more about dreams and visions. How to ensure there is a Biblical foundation to guide and nurture the prophetic through dreams and visions. A must of all books on dreams and visions.

Rex Libris says

The author is a Pentecostal minister who believes very much in the existence of God-given dreams and visions. He makes a sincere argument for the existence of them, and has a dedicated a good portion of the book to the who, what, where, why, and all the rest of dreams.

He holds that people, places, things, and actions are generally symbolic of other, deeper meanings, and gives an explication of what these are generally symbolic of.

Alethea Hammer says

The author of this book is a fundamentalist Christian who apparently considers ALL dreams to be communications from God and offers Biblical explanations for all types of dreams and visions, no psychological or even physiological explanations are considered. I downloaded it to Kindle from one of those cheap book sites. It was free. So I can't say it wasn't worth every penny I paid.

Vanessa Simmons says

No illustrations! Not at all what I expected for a dream book.

Guess I need to read the descriptions better

Kyoung says

Says Who?

Too much is just Ibojie's thoughts and opinions. A work of fiction. I hope no one thinks he is a faithful teacher.

C.W. Schutter says

If you want to know what your dreams meant, get this book. I refer to it whenever I have a vivid dream (and remember it!). Whenever I do, I find interesting truth in it. I keep it handy.
