In the Beginning - A Christmas Tale Sarah Hanley-Butler

Zeke is a young elf with a problem.

He knows in his heart that he is a Yule Elf and only wants to bring happiness and joy to others. Yule Elves and their cheerful ways have, however, been banished from all the land, and Zeke has been ordered to keep his belief secret and adapt to the life of a typical worker elf. As much as he tries to be what others expect of him, Zeke's secret side always finds a way of coming out until unable to live as something he's not, he embarks on a journey to become his true self. Along the way, he befriends a human names Kris Kringle. Together, Zeke and Kris will not only start a new holiday called Christmas, but will discover themselves as well.
