**Leading Ladies** Marlee Matlin , Doug Cooney

**"It doesn't make sense to me...in the book, Dorothy is a girl who can hear and talk - and Toto is a little dog. So I'm sorry - but I just don't see a Dorothy who's deaf and talks with her hands and has a great big dog for Toto!"**

Megan's fourth-grade class is putting on their own original musical based on the book *The Wizard of Oz*, and Megan wants to be the star of the show and play Dorothy. Since she's deaf, she will sign the songs for her audition. However, a problem develops when Lizzie, her best friend from camp, transfers from her all-deaf school to Megan's class - and signs the same two songs that Megan was going to do! Luckily, Megan has some other ideas up her sleeve...

Academy Award-winning actress Marlee Matlin and Doug Cooney follow *Deaf Child Crossing* and *Nobody's Perfect* with this winning story that perfectly captures the humor, joys, and frustration of childhood friendships.

## Alexis says

I thought this book was a good inbetween book. It was a light topic and easy to read. I did find it cool to read about Alexis Powell, one of Megan's friends, because she is so much like me it's crazy!

## Brynn says

Book review book #2 for school library system.

## Deb says

Love Doug Cooney (co-author). Found this on a list of young adult novels with deaf characters in them.

## Lucy says

Megan is deaf, but that's not what makes her special. What makes Megan special is that she's smart and funny and dramatic and fun to be around. And when Megan's teacher announces that their class is going to be putting on a production of The Wizard of Oz, Megan can't wait to try out for Dorothy.

But when Lizzie, her best friend from camp, transfers to her school from the all-deaf school where she used to go, Megan has a problem. Because Lizzie wants to be Dorothy, too!

The best thing about this book is that Megan is a fully developed child. She's deaf, and that's definitely a part of who she is, but it doesn't define her. It's not ALL that Megan is. It's like being musical, or tone deaf, or good at sports.

Unfortunately, some of the plotlines feel a little contrived, and the secondary characters--Megan's family, for instance, feel very flat and one-dimensional.

But all in all, it's a sweet, fun middle grade girl book.

## Angela says

Cute story about growing up, family relations, and the woes of elementary school friendship. And, what most of us *can't* relate to, being deaf through it all. Good book for kids to understand that those that are different are just like they are.

### **Jenny and Sue says**

Jenny read this book. This is a book about a class performance of "The Wizard of OZ." The main character, Megan, is deaf. If you like theater, this is a fun book to read. It has the excitement of the auditions, rehearsals, and performance itself.

### **Lia says**

There is no difference weather you are deaf or not it is just a matter of hearing differently. Treat everyone the same.
