## Reckoning Russell Blake

JET IV – Reckoning pits Jet against the deadliest threat yet – an enemy with endless resources who will stop at nothing to destroy her. From the mountains of Indonesia to the streets of Washington, Jet discovers in a breakneck-paced roller-coaster of action that danger lurks in the unlikeliest of places and nothing is as it seems.

## **From Reader Review Reckoning for online ebook**

### **Paula Howard says**

In Reckoning, Jet tries to tie up the loose ends so that she and Hannah can finally live in safety. She is helped by Alan and then by Matt, who she thought had died.

Jet has lived most of her life as an assassin, but now... with a daughter... she wanted out.. but her enemies keep finding her for seek revenge.

Jet finally thinks that it is over.... but I believe - hope that there is a book 5.

---

### **Chris says**

Another thrilling adventure....will she ever be safe?

---

### **Annie says**

Absolutely fantastic read.

---

### **Lisa Omstead says**

Russell Blake has done it again! Often times in this series, facts (hidden in plain site from the public) and fiction are difficult to separate. This particular story has some of his strongest writing yet. Highly recommended but do yourself a favor and don't bypass any of the previous stories.

---

### **Ron says**

This was a very enjoyable series.

---

### **Fred says**

Like all the Russell Blake novels I've read, this book is exciting from start to finish. It's the kind of book you can't put down. I found myself reading far into the night and waking up the next day groggy! Lol! A great read!

---

## **Julie Stafford says**

Great writer and series. Couldn't put them down.

---

## **Glen Robins says**

Russell Blake delivers another taut, compelling thriller - a masterful job of moving the story along and keeping the reader guessing. Lots of action, lots of dead bad guys, and lots to like about Jet.

---

## **Sabrina says**

A formidably fourth installment of the JET series! This book is action-packed with thrills, heartache, redemption and vengeance! The world is trying to take down a mother and child?! It's on! Don't mess with Jet, she brings down a reckoning! Awesome, awesome read. If you haven't started the series yet... What are you waiting for?!

---

## **Dan Dobler says**

### **Great fun!**

This is a great episode in Jet's life. I continue to enjoy Blake's plots, twists, drama, action, etc. Jet's abilities might stretch the imagination at times, but what good novel doesn't?

---

## **Jean says**

This is the fourth book in the Jet Series about a young woman code named "Jet", a former Mossad operative. At the end of the last book, we had Hannah in the care of a nanny in Uruguay. Alan, the brother of Jet's husband is on the way to Uruguay. He is also a Mossad operative. Jet is fly to Uruguay after killing a Russian mobster that was trying to kill her and Hannah.

This book opens with Alan flying into Buenos Aires, Argentina and rushing to catch the ferry he had reserved a seat on when a bomb blows it up; he is the only survivor. He finds his way to Montevideo and finds Hannah and Jet under surveillance and no longer safe. Someone is out to kill them. The action is nonstop and the suspense builds throughout the story. This is about the same theme as the prior book and the action continues. I hope the next book has a different story line. Blake is an excellent writer and I found my attention never wavered from the story.

Braden Wright does a good job narrating the book. Wright is an actor, voice-over artist and audiobook narrator.

---

**Kim Cano says**

The past comes back to haunt poor Jet as she's trying to settle down and live a normal life. While dealing with the drama, she manages to get herself into a bit of a love triangle as well. Never a dull moment in her life.

---

**Kevin Reeder says**

a one woman force to be reckoned with. Jet pairs up with Matt and Alan in a wild twisting story

---

**John says**

Jet finally kills the last bad guy left who was trying to kill her. She's reunited with her daughter. She's free! But wait! More bad guys track her down! It turns out that there's one more bad guy. And she has to go after him to finally leave her assassin's life behind. He's really hard to kill, but no worries, because Jet's the best and makes it look easier than it should. And she can always get help from a past flame who she definitely thought was dead.

I did really enjoy this book. I could go 3.5 stars. Jet is a great character and the writing was good. I just wish it wasn't so formulaic.

---

**Denise says**

'Reckoning' was another great addition to a fantastic series. I know that when I go to read a 'Jet' book I won't be let down. Full of action, suspense, kick-ass characters and wild adventures. This book had a couple surprises that I didn't see coming. I can't wait to read more. A definite must add to your TBR list.
