Two Wounded Hearts, One Last Chance at Love

Maryanne has spent years caring for her sister while the guilt of her accident weighs heavy on her shoulders. When her sister dies, she isn't sure where she fits in anymore. No one has room for a plain, ordinary spinster with nothing to offer. When Miss Hazel tells her she's found a Mountie in the Yukon Territory who she believes would be perfect for her, Maryanne figures she's got nothing else to lose.

Preston won't let himself fall in love with another woman who can break his heart when she finds out the truth about him. But when his commanding officer mentions that he should marry in order to make the local Indian tribes accept him, he decides he may as well take a wife.

When Maryanne arrives, Preston soon finds himself wondering if he could trust her with the secrets from his past. As they grow to care for each other, he realizes Maryanne has much more to offer than he'd originally believed.

Can two wounded hearts find a way to trust that they are worthy of each other? And what will happen when the past shows up on their doorstep, threatening to ruin the foundation they've started to build?

## **Ramona Cabrera says**

This is so much better than the previous book of Wesley and Lisa. Maryanne has always taken care of her disabled sister and when her sister dies, she feels she has nothing else to do and doesn't want to be a burden to her parents any longer. Along comes Miss Hazel who takes her under her wing and prepares her to become a mail order bride for another Mountie, this time Preston. This is a wonderful story. Both Preston and Maryanne have suffered through the years with different issues, but suffered. This is how they healed each other and found love.

### **Beautiful beyond outside Beauty**

The story of Mary Ann is such a beautiful story of beauty. But not of the outside Beauty it is one of the Beauty with inside of each of us. I love how the baby cougar and its mother came to rescue her from the Lord's when she was out in the wilderness. This is a wonderful story of her and Preston. This book is a must-read.

I loved this book 6 in the RNWMP Mail Order Mounties series.

This was such a good book that I just kept reading it and now putting it down.

The characters are very real with their backgrounds and problems and insecurities they each bring. As Maryanne is insecure and holding such pain in that she doesn't know that she can let it go until she tells Preston and he tells her it's not her fault. She also feels she is not beautiful and that her very handsome doesn't love her. He on the other hand has a secret that he is very afraid to tell his wife due to the reaction of the last woman he was going to marry.

Boy this has a lot of action and ups and downs that you are drawn in from the beginning and can't stop reading until the end.

I highly recommend this book and you can read alone or start from the first book in the series to get to know

the other characters in the series.

I found this to be a sweet romance with a little spice and a small wild animal thrown in. I love the character of Miss Hazel in these books and how each bride finds just the right Mountie! I'd recommend this book to everyone who likes short, sweet stories.

I loved this book as it took hold of you from the beginning and didn't let you go till the end. This author for me, is just an author that doesn't write a bad story all of hers, the story line and characters all fit in and I always find myself latching onto one or more of the characters. You just can't go wrong when you read one of Kay's books. Kay hit a grand slam with this book!

#### **Preston**

Touching, kind and loving. Mrs. Dawson captured the essences of felling in her characters to show the strengths as well as the weakness without diminishing who they are. The dialogue is completely spot on. This love story is one that sneaks up on you but oh how satisfying.

Maryanne spent most of her life taking care of her sister who was injured at a young age. Once she passed Maryanne tried to help her parents and the store. As the store was running down Miss Hazel comes to the rescue to have her marry one of the mounties.

Preston has been hurt once before. He has been asked to marry to the tribe people will trust him more so he agrees. When she arrives he knows she is pretty but can she take his secret or will she run like his ex finance'?

The characters were ones you wanted to keep reading about. Maryanne had a rough time after her sister passed away. Preston has been hurt and doesn't want to let anyone else in his life. He helps her and her friends and the two are wonderful together. Another great story.

I read RNWMP: Bride for Preston through the kindle Unlimited program. Miss Hazel has done it again! Maryanne and Preston both struggle with something and it going to take a special person to help them through it. Maryanne struggle with guilt over the accident of her sister. Preston struggle with having feet in two very different worlds and worry that if it comes out He won't be accepted in either. Another good story in a series that give you a look in to a Mounties and the Mail Order Brides brave enough to marry them. Well Done!

She is sure the chances of a real relationship is not possible. Preston is certain his half breed heritage will never allow him to have a true marriage. Can love find a way?

### **Great story...**

I'm amazed Ms Kay P. Dawson by the fact that you and the many , many other Women can somehow take the same subject, "mail order brides" and some how tell so many different wonderful creations! Am I allowed to write that long a sentence? I hope you women don't get tired of it, I won't get tired of reading them.
