Shana Shaub says

Great read!

Can't wait for part two ! Some grammar errors and wrong name used almost the whole last chapter made me deduct a star.

Sandy says

Ends abruptly with no conclusion to storyline. Last chapter has many errors on the character with the main antagonist. Just too open ended to be complete. Not a lot of character development.

Annette Steadham says

J. S. Donovan is a good writer but not a very good editor. I enjoyed the book, that is what was legible. I did not like the end. It was very confusing.

J. S., in your next book please write a better ending. I liked the descriptions you used, but that didn't make up for the disappointment of the ending. Don't wait until your next book to finish your last one. It's hard not to give you a 5 star rating. I'm sure your next one will be 5 stars!

Joy Kelly says

I couldn't put it down, I finished it in one day. Then I immediately bought the next book .

Carolan O'Neill says

Needs a new proofreader. Found several mistakes otherwise easy to read, interesting storyline. Did seem to skip around a lot.

Rolanda Blacker says

No ending!

It was the beginning of a good story. Suspense...action...interesting characters, but you never got to really know them because the book was just a teaser. I really felt deceived and taken when I got to the non-ending...buy my next book...which may or may not have the ending! Is that what it takes for you to get

someone to buy your books? I never would have started reading this book to begin with!

Sandra says

Waste of time

Story was interesting, but ended abruptly. Lot of grammar errors and in a couple of places the names of the 2 make characters got mixed up. Poor proof reading. Not going to read the next book.

Tony Parsons says

12/28/1989, Appalachian Mountains. Ashton, TN.

Angela Rhymer (7, daughter) was putting a puzzle together as Thomas Rhymer (husband/father, PI, author/writer) looked on & felt very proud of her.

Kelly Rhymer (wife/mother, homemaker) was bringing in 3 cups of hot coca to warm everyone up.

Officer Hitch Shiffrin (29, husband/father, Ashton PD) was out cruising & noticed the Rhymer's front door was wide-open.

The parents had been shot in cold blood.

Lazlo (golden retriever) was lapping up the blood.

Angela with a stunned look had survived.

28-yrs. later. Church basement mental health support group meeting. Mackie (group leader) was asking everyone if they wanted to share a life story. Mackie went 1st., Jason, then PI Angela Rhymer (35, BA, MS; CJ, PhD; Criminology).

On both doors of her 1970 Dodge Charger it read Rhymer Investigative Services.

Rosemary Sylvain wanted Angela to find Iris Sylvain (daughter) she had disappeared from the face of the earth.

She is a drug addict & prostitute.

Knoxville TN. Granger Rd. An abandoned tenement building.

The place stunk to high/heaven, cockroaches & mold everywhere. Hobos, homeless, & a mentally ill old lady.

Iris had been strangled to death.

911 Knoxville PD. This is Macy.

Funny thing is, Rosemary (50+) no longer existed.

Candy (receptionist) paged PI Frank Frankford (30+) for Angela.

Chattanooga, TN. Iris' parents & brother were murdered also. She was found by the FedEx guy the next day duct-taped to the chair.

Frank followed her home.

They opened the door & tried to solve a word puzzle left everywhere.

Welcome Home, Angela.

Hitch Shiffrin (retired, Angela's adopted father) welcomed the 2 of them.

They say opposites attract. Frank & Angela were piecing several cold cases together.

A very awesome book cover, & great font/writing style. A very well written murder mystery book. It was very easy for me to read/follow from start/finish & never a dull moment. There were no grammar/typo errors, nor any repetitive or out of line sequence sentences. Lots of exciting scenarios, with several twists/turns & a great set of unique characters to keep track of. This could also make another great murder mystery movie, or better yet a mini TV series. To be continued? A very easy rating of 5 stars.

Sheila Myers says

An interesting, suspenseful plot and unique characters. J S Donovan has the makings of a very good book, but it needs some serious work. Typos, punctuation errors, and using one character's name for a different character led to so much distraction I had a hard time keeping up with what was going on in the story.

Phyllis H. Pajka says

Very good book. I really enjoyed book 0 and am off to read book 1. Will let you know how I like that part of the 3 books.

William Pizzino says

Started to be a good story. After reading I started to get confused.
Confusing ending. I will read book 1.

Patricia says

This started out as an intriguing, if somewhat gory, mystery. J. S. Donovan used beautiful descriptions, for example, "The sky was the color of an old bruise." Then, small words began to be left out of sentences. Three-fourths of the way through, two male characters, a private investigator named Frank and the protagonist's adoptive father named Hitch, were suddenly switched for no reason. At the extreme height of the action, when the killer is about to be unmasked, the book ended. Does the word denouement mean nothing to this writer? I have never been as disappointed with a book in my life.

Diana says**Murder game**

Private investigators trying to find the killers of families who leave one little girl alone to figure out what happened. Strange circumstances lead to clues that leave you more confused as to why.
First time for this author and going to read the next book.

Barb VanderWel says

I love this & I can't wait for more.
I will be also leaving a review on Goodreads @ Amazon.
And letting everyone know about it.
So i gave it a 5 Stars.
