Three books. I enjoyed the adventurous spirit of all three heroines and it was interesting to read books set during the French and American Revolutions

#### **Three brazen and wonderful stories of intrigue, suspense, and romance!**

Three great books. Elizabeth Boyle knows how to tell a story to keep your interest in finding out what will happen next. It was very difficult to put down this book, and I was anxious to start the next book as soon as I finished one. The women were all very strong, feisty beautiful characters, and of course the men were handsome, debonair gentlemen. The plots were very intriguing, suspenseful, and full of romance. I am sure that you will enjoy this book as much as I did. Happy reading!

I finished Brazen Temptress and loved the move into the world of privateers. Julien and Maureen's story was classic Elizabeth Boyle keeping the reader's interest while switching between past and present.

All of Elizabeth's books are rated R in my book. I cannot recommend to my 15 year old granddaughter. I enjoyed all that I've read by could do without so much detailed sex acts.

#### **Fantastic Series**

I have drifted away from the historical romance but Elizabeth Boyle was one of my favorites. I found this series and decided to give it a read. It was fantastic and she is as superb as ever. A Must Read!

**linda kenyon says****Enjoyable and fun read.**

I chose this rating because I still have never found a perfect book. This series was so much fun to read. I truly enjoyed the strong adventurous women. Of course, Elizabeth Boyle is a master at her craft. Congratulations, Ms Boyle, a great many hours of enjoyment.

**Belletab says**

My least favorite books by Boyle. All the female leads only thought of themselves. Do not recommend these books.

**Genean says**

For those who have loved the Scarlet Pimpernel. This book has dare devil adventures and espionage...

**Aubrey says**

Three different stories; the first was pretty good, the second was ok, didn't get around to the third-probably won't ever finish. They were pretty good reads, just not compelling and I don't mind not knowing what happens.
