Zoe and Verse

Jade Jones

Zoe and Verse Jade Jones

20-year old Zoe isn't your typical around-the-way girl. On the contrary, she's the total opposite. Raised by crack addicts for parents, she has no choice but to get it out the mud, and her means of survival aren't the safest or the smartest. Instead of realizing this, she's hell-bent on following her boyfriend Sensei's lead. He, too, is a jack boy, but a few years ago, landed himself in prison after being caught with stolen work.

Like a foolhardy girl in love, Zoe promises to hold him down...but that's before she falls hard for his older brother, Verse. At 38, Verse is everything Sensei wishes he could live up to be, including the boss of H-town. Will he finally get his wish after he's released and finds out his girl is keeping time with his brother? And can Zoe eventually redeem herself and change her f*cked up ways? Find out in the first volume of this epic and unforgettable Houston-based love tale!

Lasandra King says

Oh my

At first I didn't like Verse...just how u gonna do it son like that and he knew he was the father? All I could do was shake my head, disappointed. What can I say about Zoe...karma is a bitch they say. I'm just like WOW. Verse and Zoe had me like this can't be happening. Two scorned lovers doomed from the start. But I actually like them together. Awesome part 1 Jade Jones.

Shanta Gray says

Waiting anxiously for part 2!

I know they say keep your friends close & your enemies closer but this! Zoe was definitely young & naive. Sensei was just cut throat & used to doing things his way. He didn't realize he really had feelings for Zoe until it was too late. Maloni was a mess. She had everything a woman could ask for but was still unhappy. Verse was doing what he thought was right but she didn't see it that way. The deception in this book is through the roof and will have you looking at everyone around you questioning their intent. Kudos Jade!

Sandra Taylor says

Yesssss

OMG....this is my first read from you Jade and baby I am going to to check more out from you. I absolutely loved this book from beginning to the end. I did not care for Sensei at all. He was too selfish for me. I had trust issues throughout this whole book. I liked Verse but Malone was wrong in so many ways. For her and Dru to be plotting against Verse was the ultimate betrayal smh. Again trust issues lol. I hope Zoe find her happiness. Verse need to get it together because Zoe need him more than ever now. I can't wait for part 2 to come out.

Marissa Zackery says

Awesome Start to a Great Series

I don't usually leave reviews because I don't feel someone's creativity/storyline choices should be critiqued. The whole idea is to be in someone else's world. Now, I don't usually enjoy messy reads that leave me not seeing the lead characters together. However, this was a great setup for an awesome series. I'm literally depressed at having to wait to see how our leads are gonna pull through... Captivating, Entertaining, Shocking, and Well Written, I'd call it 5 star read and most definitely recommend!

Tesha Joyner says

Love iy

this book is interesting because you have the everyone in their feelings & after Verse. Not sure who is going to succeed but he is hurt now & feeling betrayed. They say keep your friends close but your enemies closer. Now Zoe has been thorough a lot as if she trying to find herself. She has been through so much & now she has learned about what caused her to get burned. So will she forgive him or hold a grudge? Will Sensai help Verse or let him get hurt more? Sensai just want to be loved but didn't know how. Will he continue to be with Zoe or let her go. For past is back but will she get out alive or will she get help? The love these people have for each other is something different. They all grew up different but Verse the only one who has things going good for him. Now everyone is out to get him but why? What did he do to them? How will it all end? Karma is real & it seems as karma is making an example of all of them at one time. Good book about love, betrayal, trust, but most of all it is entertaining. Ready for part 2 to see who survives or what other secrets will be told.

Jane says

I borrowed a copy of *Zoe and Verse* from the Kindle Unlimited program.

Zoe describes eating oysters for the first time as 'neither good or bad but interesting' and that is how I would describe this story.

It has a good story line, which makes it interesting.

On the other hand the dialog is in slang and hard to follow until you get used to it and the story shows another lifestyle and different culture values of the hood. It also ends with a cliffhanger, which I don't like.

Brenda says

Zoe and Verse

Zoe, and Verse isn't your typical love story it captivated my attention from the beginning. How can two people who are so so wrong for each other due to obvious reasons be so well connected. I found out while reading this book. Zoe, a young woman who had a rough child hood and even rougher life is still learning that all men aren't loyal , and family ties can easily be broken. Verse is a mature man who got his eyes on someone but is weak to see that he's being preyed on by someone he'll least expect. In this book , blood isn't always thicker than water

Sharon Thompson-Lloyd says

This book was explosive

This book was thoroughly entertaining and had a lot of moments that I didn't see coming. Nobody can tell a story quite like Jade Jones. I can't wait for the sequel.

Porsha Myers says

How do you leave me hanging like that?!

Man I can't get over the ending. Definitely did not see that coming. Loved this book from beginning to end. Loved all the characters. With out giving spoilers y'all definitely read this book so you can be ready for the next book! Please release the next part ASSP! I can definitely count on Ms. Jones to come through and deliver. I don't recall seeing any typos or errors ??????????.

Kitani says

Zoe and Verse

Wow! Dru shocked me and I can only imagine her reasoning for switching up. Maloni had some nerve! It's crazy how Verse was supposed to be the man but instead got caught slipping by not one but two people he trusted. Shaunie ole hating ass. I can't believe Zoe was so clueless when it came to her sister. I really don't like Sensei. He was on some bs and I wonder how his squad will feel knowing what he did to finally get some revenge. Verse was overlooking a lot and should've been questioning how Maloni found him and how she knew who Sensei really was. Sensei got Zoe caught up and Verse expected too much from the ones he was loyal to. As crazy as it was for Zoe and Verse I was really hoping they'd build something good. Zoe was already trying to better herself and things began spiraling. Hopefully part 2 won't take too long because I need to know what happens next in this love story.

Review:

"Zoe and Verse" by Jade Jones

My Thoughts....

All that is left to say is wow! There is some many surprises,deceit, betrayal, twist and turns that you will have to keep up with it all. The characters from Zoe, Sensei, Verse, Dru, Maloni and A'shaunie to a few others will keep you on the edge of your seat turning the pages to see what coming next in the captivating read. Well, things don't look too good at the end so you will have to pick up part 2 to see how this will all come out in the end. Will there be anyone left standing?

Andranishaa says

Oh My

It was so much scheming, betrayal, jealousy etc.. and the worst part is it came from people that's considered family. That ending tho, and I had that feeling Dru was in on it. This is a good book.

Every time I read a book by Jade, it gets better and better. I see this book being made out of a movie... THIS IS SOME LIFETIME SH!T!!!! For Real. Thats all folks. I can't say too much more without giving away spoilers. Thats why I just rate most books. JUST READ THE BOOK!!!?

Hope Thomas says

Omg....

Wow n wow I sure didn't even expect that ending. I am in shock right now. Who knew that Verse's right hand Dru was plotting wit his wife, Maloni to kill him. I know Verse has to be hurt, confused n very pissed off. N poor Zoe cause Verse just dropped her like a bad habit smh n now she pregnant by him. I can't believe that Maurice found her n now she fighting for her life. So now Sensei is out n is plotting on his father's empire. Smh... I hope Zoe n Verse make it. This was fire right here! I can't wait to read part 2! ????

Pamela Johnston Ward says

Who can you trust?

Who can you trust? Apparently no one in Verses case. And poor Zoe has no one in her corner. You reap what you sow, and it seems that my girl Karma is paying her a visit. I hope that both her and Verse get out of their current situation and start kicking butt. The revenge list is long an I hope that everyone on it dies a very slow and painful death. I can't wait for part 2.

Tanisha Winfrey says

Interesting storyline, Great read!

This was an overall great read and I can't wait for part two. I love the way that some of the characters were developed and had layers, especially Zoe. The book gave enough drama without it being too overwhelming. There were a few intersecting storylines, but it was easy to keep up. If I had to give one thing I didn't like, it was the way almost every character ended up "being flawed", I don't want to spoil it so I won't say much of what I mean. Maybe I will change my mind depending on how it plays out in part two. Lol. I'm interested and can't wait to see how this story will play out next. I have a few hopes and wants for some of the characters, hopefully I'll get my way with a few things.
