## From Reader Review ??????? 54 [Fear? Teiru 54] for online ebook

### **Marianna Rainolter says**

In questo appassionante volume entriamo nel vivo della battaglia tra la Gilda di Fairy Tail e l'impero di Alvarez con i pericolosi 12 Spriggan al comando di Zefer. Ci sono diversi fronti e varie battaglie nelle quali i nostri beniamini dovranno battersi con forza; non si può tirare un sospiro di sollievo che finisce uno scontro e subito ne inizia uno nuovo e per questo Natsu decide di intervenire andando a battersi con Zefer in persona. Come dicevo un bel volume avvincente anche perché vede come protagonisti dei personaggi secondari e un po' dimenticati negli ultimi volumi come i componenti del Comando del Dio del Fulmine Luxus (parte fantastica per quanto non sia una loro grande ammiratrice). Una parte molto interessante è legata a dei piccoli indizi sulla madre di Lucy e continua Il Mistero dello strano rapporto tra Zefer e Natsu che spero sia rivelato bene al più presto perché tutti questi accenni al momento mi intirignano e incuriosiscono molto ma temo che alla lunga non ne potrò più.

---

### **Sanyukta Thakare says**

I have no words. I am a hopeless fan of this manga and art and the story and the characters. I just love them too much to hate anything enough to mention it.

<3 <3

---

### **Ciara says**

Again, I found myself wanting more when I read this fictional book! The battles in these chapters were particularly shocking. The main character, Natsu, showed new skills that had never been shown before. It was really cool! A lot of secrets were revealed too; they took me by surprise. I liked how the author gave us the backstories to help readers understand the characters more. He also provided an explanation at the end.

---

### **Elfren Goicochea says**

Que puedo decir? Mashima no deja de sorprenderme :D

---

### **Daniel Sepúlveda says**

Lo unico que creo que se rescata de la historia es en donde relatan como La Primera conoció a Zeref.  
Puntaje: 3 estrellas.

---

### **Valentina says**

Se c'è una cosa che non vedo l'ora di vedere con l'inizio della nuova, nonché ultima serie anime di Fairy Tail, sono proprio tutte queste battaglie già così emozionanti ed adrenaliniche su carta (non oso immaginare animate e con le ost a dare ancora più la carica). \*^\*

---

### **Courtney says**

Loved it!!!

---

### **Monse says**

5/5

---

### **Jeni says**

It was good. I actually liked how the battle with Erza turned out, as she needed help for once. It was also nice to see some of the other players get some love, like Bisca (with her powers, makes sense she'd be useful) and the Thunder Legion (again, with Fried's protection spells, it makes sense that he's on the front lines). I was also happy to see the other guilds finally get involved, especially how Ichiya helped out his former Blue Pegasus members, who also treat members as family. (And I think he's right to point out one of Fairy Tail's biggest flaws -- they're completely self-involved, they don't ask for help and don't even notice collateral damage.)

Natsu runs off again (rolls eyes), but I'm excited to see where this goes and how it turns out...

---

### **Kanna Ogihara says**

Whoa! ? The battle between Erza and desert king was similar to the battle between Crocodile and Luffy in ONE PIECE. Maybe this idea, especially the armor that Erza used is based on ONE PIECE. By the way, I am excited with volume because all of star characters gathered in this story. I want to know the result of this war soon!

---

### **Savannah Block says**

Natsu v. Zeref! I've been so excited for this point!

---

### **Francisco Barajas says**

I liked the book it was very nice i am liking the final books of fairy tail but i hope there will be more after like the second generation of them or there kids

---

### **Nidah (SleepDreamWrite) says**

Good volume.

---

### **Cristhian says**

Todo pudo haber terminado finalmente aquí. Natsu tenía los medios, Zeref la voluntad y pues no Mashima necesita más dinero.

Overall, un gran volumen. La llegada de Pegasus fue excelente.

---

### **Amanda Setasha Hall says**

They're really running on thin ice here and running out of new enemies. I mean these designs? The fan service? Come on. Be more creative.

This series has been impossibly up and down and more down than up. It's embarrassing.
