Anna says

Men... My girl Ada became a flirtomama for him, and that Alex still don't get it. Risk, shmisk. Ah... Well, Okay, I understand what he's trying to say, but still. SHE IS WORKING SO HARD. And seeing her sad breaks my heart. (T___T)

Ada is an android, but yet, one of the most relatable characters I've ever encountered in books, comics or anywhere. As I've said multiple times, she's ma girl.

That ending..people. Was a heart-stopper. What are you doing???

P.S. You know I've read 'till #12 last week, so it's a little bit weird to write all this now, since I know what's gonna happen and stuff. But I've made a goal to write at least a little something after I read a book (especially since I paused my kind-of-blog for a while), so here I am.

Keyreads says

Alex, you douche bag!
Seriously, I'm obsessed with Alex & Ada!!!! Loooovvvveee

Tony says

Wow, I'm left speechless by that ending. I understand Ada's readiness to move forward in their relationship but how impulsive was that? As for Alex, I get why he would be hesitant, he's been patient and cautious about everything concerning Ada since her unlock.

Eric says

Here's the thing that really gets me. Alex could wake up tomorrow having "slept on it" realizing that Ada was right and now what is he to do?

Chandra says

best issue yet

Hector says

Se vuelve predecible

Callie Rose Tyler says

This story continues to move at a leisurely pace. I love that the relationship between the title characters is complicated. Even though this is science fiction it feels like a more realistic love story than I've seen in a lot of 'realistic' fiction, I'm looking at you John Green.

However, at the end I almost threw my comic across the room. How can you end the issue like that!? I am now dying for the next issue but it's a month away. I need to know what happens next NOW!

MerryMeerkat says

5 Stars, buy it

Really good issue. I still wish the art were better, but the story is awesome and I'm still really enjoying it. This issue in particular is really good and worth having.

Spoilers

Ada gets to hang out with some other robots and people. She learns some interesting things. They FINALLY have their first kiss. They fight and after Alex goes to bed, Ada leaves the house alone. And of course that is where things end. AAHHHHHHHH

Mona Loise says

Oh, Ada. :(
