Already Taken 2

Love N. Lee

Already Taken 2 Love N. Lee

Fallon had her future all mapped out after being reunited with her first love Cash—or so she thought. After Strap, Cash's younger brother, suddenly divulges his feelings for her, things get complicated. Who will she end up with? The answer should be obvious, but Fallon surprises herself when she begins second-guessing her relationship with Cash. Just when she thinks she has it all figured out, secrets of the past resurface. The choice may not be up to Fallon after all...

After Shantreis's boyfriend Outlaw discovers that she's pregnant and the baby may not be his, her whole world begins to fall apart. Fueled by her desperation to keep the lavish lifestyle that she's accustomed to, Shantreis is down for whatever—even at the cost of betraying Blaze, the man that saved her life and possibly the father to her unborn child. After successfully erasing both men out of her life, Shantreis is finally happy. Unfortunately, there are a few loose strings that she failed to tie up, leading fate to her doorstep...

Love N. Lee has penned another masterpiece confirming that no one can be trusted, loyalty has lost its meaning, and claiming to be 'already taken' is irrelevant.

Already Taken 2 Details

From Reader Review Already Taken 2 for online ebook

Nichelle says

This was well worth the wait. I wish the book was longer but overall a pretty good read. Cash, Strap and Fallon are all back with drama of course. Not a fan of Fallon's at all but I still love me some Cash and Strap. If you've read part one than the wait is over go and get part 2 ASAP. I know there has to be a part 3 so please don't make us wait another year:).

bridgette acevedo says

Omg

These chicks are scandalous ,sleeping with brothers ,killing your lover for money ,you just never know who you can trust, this book is excellent has you guessing all the way to the end ,loved it

Pearl says

I like that the author picked up from where she left off in book 1, but don't feel like it was consistent throughout. Didn't like what Shantreis did in front of Outlaw's daughter Monet and especially didn't care for the way she threatened her to the point the little girl was mute scary to talk. Grammatical errors in this book as well, but the ending made up for those. It was truly a happy ending for all of the Hardy brothers.

Smileyface Eboni says

ok first I'm going to start with the negative. the fact that the book took place in 2011 it should have picked back up in 2011 some of the songs are made in 2012 -2013 bad move. the character was very annoying with this ring around the rosie bs. the plot was great however I still love them hardy boys this book had potential to be a five star but with all those errors *grammar too* I couldn't do it. but its highly recommended to read it was good :)

K Nikki Waden says

Fallon is back and still caught up in a love triangle, Will she choose Strap or Cash? as she contemplates her future,drama starts to unfold, and she is the cause of it. Meanwhile Fallon's best friend Shantreis is still up to no good and find herself digging a deeper of hole with her web of lies. Can she change her ways before it's too late?

This book begins where part 1 ended, the drama was good. I thought that some of the story-line was a little unbelievable and the way Fallon was portrayed was so different than how she was in part 1. However it was

still a good read and I think it should end at this book. Good Job Love Lee

Treasure Malian says

This was a good read. Pretty fast paced and entertaining. My only gripe about it was there was no growth in the women characters. They digressed a bit. Overall though I would definitely recommend it. This author is talented. Good job.

Sha Latoy says

Not a big fan of the ending . I would have preferred Cash with Remy than with Fallon lying behind. Im team cash and think he deserved better. I didn't really like Fallon's character In this story , she was a totally different character from part 1 . Overall, a decent read , ready for rap star wives 2.

Jela says

Loved it !! Fallon irked me but damien needs to stop play CSAH will there bee a book 3 ?

D Maj says

This installment picked up right where it left off in part one. I did appreciate the brief recap in the beginning of the book due to the time that has passed since the second installment was released. I felt that in part 1 there was more of an emotional connection between the characters and readers we were in the middle of the drama. In this one it just seems as though we were on a merry go around hearing the same arguments and issues over and over again. I did like this read but it did not stand hype to the hype as part one. Overall 3.5 stars

Torz😝Tha📚Junky😜 says

This flowed really well. Already Taken 2 gave me more than enough drama and coincidence. The way the book ended had me still questing if the baby was carrying really belong to Cash. I'm happy Strap find happiness.

Jweaverbey says

Overall, the book was entertaining, though I didn't like Fallon's character at all. Similar to the first book, I was turned off by the constant use of the N-word, the word bitch used as a term of endearment, and the word

incredulously used over, and over. I felt as though the author had nowhere left to go with the story line, so she ended it in an attempt to give the characters as happy of an ending as she felt possible but without giving closure to Outlaw's daughter and full closure on the others. I do hope this is it, with no book 3, but if there is another to follow, I can't say that I won't read it.

Mar K says

I FOUND THIS BOOK TO BE ALL THAT, IT CAUGHT MY ATTENTION AND I FOUND IT KIND OF HARD TO PUT DOWN. I AM LOOKING TO READ MORE OF THIS AUTHORS WORK. ALSO I WAS STUMPED TO KEEP UP WITH WHICH BROTHER WAS WHICH. VERY TALENTED PUZZLEMENT.

Sweetie says

This book was an okay read...I liked the first one better...Fallon & Shantreis were so stupid...just one dumb decision after another...I wanted to like them...but they made it very difficult with every page I read...I can't believe both of these girls got a happy endings.

Alisha Benjamin says

Simply Amazing

Simply Amazing

I got turned on to this author I was amazed at her writing in Already taken one. Just now reading two. But I loved it no doubt. You asked if part three is needed absolutely. Looking forward to reading Rap Wifey when I get a chance

Dee Dee says

This was a an OK read for me. Whereas I LOVED the first one I only LIKED this one. I didn't like Fallon's character at all. There was drama and all that but this book just didn't grab me like I had expected it to. However I would still recommend it.
