## **Come High Water Carolyn Brown**

Bridget O'Shea had sworn she'd never fall in love again. She had a hotel, The Black Swan, to operate alone, since her sisters--Catherine and Alice--had both married the previous year. And then there was Ella, her lovely baby daughter. The hotel and Ella took up all her time and energy. Wyatt Ferguson had planned on staying in Huttig, Arkansas, just long enough to wait for the next train going south. But a red-haired lady who thought he was another out-of-work soldier just home from the war insisted on hiring him to kill a rat for her. The Black Swan seemed a good place to stay for a while. After all it was only for six weeks and what could happen in that time?

## **From Reader Review Come High Water for online ebook**

### **Etta Kephart says**

#### **Come High Water**

Wonderful story with lots of surprise. The characters are so much fun to read about, one forms a bond quickly becoming an ally in all that happened at the Black Swan.

---

### **Diana says**

#### **Bridget and Wyatt**

Bridget O'Shea is the last of the three sisters who have been running the Black Swan Hotel in Huttig, Arkansas since their parents died. Bridget sees a rat in the kitchen and runs to the train station to find someone to kill it for her.

Wyatt Fergusen was sitting in the station waiting for the next train to Texas and Bridget asks him for help. She thinks he is out of work and offers him a handyman job. He takes it even though he left to a wealthy family and doesn't need it. I

This is the last story in this series and filled with good times.

---

### **PATRICIA M KARCHER says**

#### **Another hit!!**

As usual, lost sleep reading! Never have I enjoyed a author like I do reading Carolyn brown's work. Sit back and enjoy.....

---

### **Jessica says**

Great ending to the series. I loved all the witty humor and the obvious digs between the characters. I would definitely recommend this book to others. It did take me until this book to realize the titles matched the girls earth, air, and water personalities. Glad to finally know where Ralph ended up and how the epilogue wrapped up the stories perfectly.

---

### **Betty Hansford says**

#### **Fantastic!!!**

I've been reading since I was five years old, and I'm now 73 years old. Carolyn Brown's trilogy about the Black Swan Hotel and its people is far and away one of the best series I've ever read. What a blessing her amazing talent is to the reading public. I stand in awe.

---

### **Trish says**

#### **Nice wrap up**

This is a good ending to the trilogy. Bridget and Wyatt are likable and realistic. The epilogue is a wonderful treat, to.

---

### **Marian Waesche says**

#### **The Hotel that Love Built**

What an amazing historical saga. I have been totally invested in the lives of these three lovely Irish coleens. It has been so wonderful to be taken back to a simpler time when people really worked all day long and a dollar was really a lot of money.

---

### **Arline Bivins says**

#### **Good novel couldn't put down.**

I really liked the storyline and all the characters. I also like romance novels. I would recommend this book to all of my friends.

---

### **Tonya Hyche says**

#### **A wonderful book**

This book would be better enjoyed if read as the last of the series instead of a stand alone. That being said, you will not regret reading the series. Humor, romance, and oh my what wonderful characters! I have fallen in love with this author and you will as well. No sex scenes so I recommend this book 13+.

---

### **Connie S. Koog says**

### **All Three forever!**

These three books were a delight to read. I love the way the sisters were so close and their parents did a great job with them.

---

### **Sharon Koboldt says**

#### **Good**

I enjoy all of miss Carolyn books of romance and all the happy endings. Of course a sexy muscled man in the story doesn't hurt either.

---

### **Ali says**

The final segment in the Black Swan Historical Romance series was amazing! There was never a moment when I was bored and wished it would just end. Every page had something humorous and entertaining. Finally, we find out where Ralph ended up! My only opposition is that I'm not completely convinced that the authorities would not have thought to look in that spot. It just didn't make enough sense to me. But that is my opinion. I recommend this series to anyone who loves historical fiction and cute romance books.

---

### **Martha J Nelson says**

#### **It has everything!**

Carolyn has put a little of everything into this book. You want be able to lay it down for any length of time. It holds your attention clear to the end. And as always, she describes everything down to the "T".

---

### **Shelley says**

I just had to stay up and finish this book tonight. This was such a good series. Of course, you know how it ends for the most part but that's ok. The epilogue though....it just wrapped up the mystery that started the whole thing and it was great. I never even considered that possibility. Great book and I adored all the characters, start to finish

### **elaine r clemons says**

#### **Great book again**

Another very good read....

Love they way Carolyn Brown weaves a story. Couldn't put it down. Love her books, look forward to next

one.
