Corporate Ties

E.L. Loraine

Corporate Ties E.L. Loraine

Corporate Ties the latest title by Best Selling Author E. L. Loraine Olivia Grayson, smart, beautiful and rising star of the corporate world of Dolby, Inc. Olivia is determined to be successful. She's smart, beautiful and driven. While working her way up the corporate ranks in her first job out of Grad School at Dolby Incorporated, Olivia finally has a chance to prove just how talented she is. The client she's been given is Matasuki International, but when she starts reading through the files on the company she finds something disturbing. There are convenient deaths associated with their acquisitions division. The man behind this company is Isamu Matasuki, a powerful and ruthless chairman. Yet there seems to be only generic press release type information on him. When she asks her long time friend and co-worker in the legal department to get her more information from his former job at the FBI, he disappears and Olivia knows it's because of Matasuki and his shadowy companion. Determined to find out what happened to her friend Paul, and keep her boss, Tyson Grant and Dolby protected, she enlists the help of neighbor and lover, corporate security specialist, and private investigator, Brian. Olivia knows she can use Matasuki's interest in Dolby and her to get close enough to stop him, but is the risk worth it? Even if she saves Dolby, he'll just move on to the next. Can she just sit back and let that happen or is Olivia willing to lose everyone and everything she loves in order to take Matasuki down? E.L. Loraine's Corporate Ties, is a sizzling hot, mystery romance set among the concrete and steel jungle of New York City and the corporate ties that bind it. Another multi level plot keeps you turning pages as Olivia finds she's caught right in the very middle of this world of love, lust, and greed as the players fight for power on the corporate battle field.

From Reader Review Corporate Ties for online ebook

Nikki Ritchie says

Amazing! I don't normally go for romance books but this was truly a suspense filled book right from the very first page. The characters were believable and the attention to every detail in the story had me enjoying this book till the very last second! The plot unlike most other romances had substance and intrigue and kept me gaping till the very end! If you didn't already know this was Elizabeth Loraine's first time writing a romance you wouldn't believe it. Nothing about the story, the characters, the place in which the story takes place screams first time to me at all. Will be sharing my thoughts and urging everyone I know to read this wonderfully suspenseful romantic story!

A truly talented writer that has shown with this book that she isn't a one genre type author but can write about anything and do a wonderful job at the same time!

Melonie Merritt says

I have to say despite the fact that I have loved all of Loraine's books I was a little unsure of this one before I read it because it is not what I normally read. However I am so glad that I was proved wrong on this book. Corporate Ties Is amazing. It has a great leading female who knows how to take control of a situation which is one thing that Loraine is known for and one of my favorite things about her books. It has romance and mystery and will keep you sitting on the edge of your seat. I did not want to put the book down and neither will you. I can't wait for the next book.

Suzanne Marble says

I received this free through goodreads. This book was not my normal reading material, and yet I was still very impressed with this book. It was sizzling from start to finish, and allowed for an easy connection between reader and characters. It draws you in with great humor, and soulful characters, all the while holding you with page-turning imagery. I did however find the plot felt a bit rushed to me, and this took away from the story itself. I did enjoy this quick read.

Kristin Dutt says

This was an interesting read for me. I normally love these types of books but this one just didn't pull me in all the way. Giving it 3 stars seemed too harsh though.

The one thing I did enjoy the most was such a strong female lead character. Olivia made the story for me and the background of a mostly male dominated work world.

Jillian says

E.L. Loraine did a great job with Corporate Ties. Olivia is a smart, no-nonsense character that I liked from the first page. This book is a steamy romance plus a great mystery, topped off with lovely characters.

I only give it four stars because I noticed a few typos/errors. Otherwise it was a great read, E.L. Loraine is a brilliant author.

Melanie Hawkins says

Twists and Turns Galore

I have to say I really enjoyed the storyline in this book. All the way through it had you wondering who was bad. You will be wondering what Liv is up to the whole time. You might even get your heart broken and have it repaired again. It is a wonderful ride throughout.

The only issue I had and the reason I didn't give it 5 stars was because there were many times the scene seemed to change and you didn't realize it was. I had to re-read the sentences to figure out where I was. Usually there is a symbol or something that is used to differentiate the scene change. But it's still a story that's worth reading and if you're an avid reader then this slight issue shouldn't ruin the story for you. It didn't me I still love it.

Until Next Time.....Tabi

Tammy says

An incredibly emotional, palpable, riveting, and somewhat erotic read that I devoured within one evening after purchasing it.

Well done!!

Emily says

E.L. Loraine's Corporate Ties is a contemporary masterpiece, with a hint of suspense and betrayal! Olivia is a powerhouse that will do almost anything to not only work her way to the top, but to do what is right by her employer. Landing her first big client, she lands herself in some major danger. Dolby Digital's diva Olivia, sacrifices her love and her life to expose Matasuki for who he truly is. Read for yourself to find out if Olivia loses it all, including herself or if she was able to expose Matasuki. Does she lose Brian in the process? Start reading Corporate Ties today and find out for yourself!

Mandee says

I enjoyed it! Some minor editing and head hopping, but didn't interrupt the flow too much. I enjoyed Olivia's character. Fun, quick read.

Amanda Showalter says

This book is part of a series but it can be read as a standalone. Olivia is a very good character. I like how smart, driven and successful that she is. She has a drive to get to the top and she is doing everything she can to get there. I love a strong female lead in a time when so many books portray females as weak. The problem is she may have stumbled upon something way higher than she is and people are dying. When she reaches out to get information from a friend about a new client things go from bad to worse. She is forced to get help from Brian. What follows is a nice romance that is filled with mystery and suspense. The twists and turns in this book even managed to take my by surprise and that is hard to do. I find that a lot of the writing and scenes were stilted and jerky. The plot about the murders was good though. All in all I found this to be an okay book.

Bonnie Hardman says

I was gifted this ebook by the author to read in exchange for an honest review. I have to admit that this book totally surprised me and I was drawn in by the intrigue and mystery of the plot. Liv was a very strong woman with beauty and brains to boot. She had many male admirers and the one I swooned over was Brian. The author wrote her characters so as to connect with the reader and man were the sex scenes steamy hot! It's been awhile since I've read a romance/mystery and I forgot how much I rack my brain trying to figure things out and the author wrote a fascinating mystery with some ruthless bad guys. The end was great and I was like Oh wow didn't see THAT coming.

I am giving Corporate Ties 5 Stars because of a strong, consistent plot, strong lead characters, fascinating minor characters and steamy sex scenes written very tastefully.

Kristy Hamilton says

I was given this book from the author for an honest review...and this is as honest as I can get.

E.L. Loraine is also the author of the Royal Blood Chronicles also. She is an amazing writer. This new book of hers proves that she can write some amazing stories!

The first few chapters set the tone for this book. There is sex, murder and intrigue that just wants to keep you reading. Then she introduces the main character, Olivia.

Olivia is a no nonsense type of women. She knows what she wants and knows how to get it. Job, men and sex, she knows how to handle them all. During a board meeting she gets handed an account that she is not sure how to handle. This account changes her life and involves many others.

Corporate Ties is a MUST READ!!! When the second one comes out I will be buying it. I was not disappointed at any time during this book..

The second one Thorns of Revenge will be coming out shortly. This book will carry on what Olivia took

care of in Corporate Ties. I loved reading about Olivia. She is my type of woman that will not take crap from anyone or let anyone stand in the way of what she wants!

Amber says

I don't even know where to start, Corporate Ties was so good! The suspense of everything was killing me, like finding out which guy will she pick in the end or who was really killing these people and so much more. I want give too much away but this book was intense and full of drama, never a dull moment. AND oh so hot!!! My favorite character would have to be Adam Stein although he was kind of an ass at times, my heart went out to him. Tyson was kind of a jerk and then we have Brian who is just about every girls dream come true. Olivia was one lucky chick when it came to guys well except the whole creepy Matasuki guy, he was just kind of not all there and a little too into himself. E. L. Loraine is an amazing writer and I enjoyed reading Corporate Ties and can't wait to see what she has in store for us with the Silken Ties Series.

Tina Brimlow says

This is the first book I read of E.L. Loraine. From the first page to the final page I was kept intrigued with the story. I couldn't put it down. I always felt that I needed to know what happens.

Olivia, what a woman. She is gorgeous and smart as hell. But she never let her looks get to her or allowed them to make her career. While working for Dolby she was given a task of trying to get a contract with a man named Matasuki. While going through his files she became suspicious and asked her new neighbor for help. Her neighbor Brian was hot and with working together and building a personal relationship they fell in love. They beat Matasuki and finally told each other how they truly felt for each other.

E.L. Loraine did a fantastic job with this story. I highly recommend that you check out this book.
