## **Fanged Love** Ally Thomas

Reading Level: 13 and up.

Grace is led astray by her sinister boyfriend, Nathan into a world of bloodletting and vampirism. When she awakes realizing he has harmed her, she understands her lover is destined to ultimately be her greatest enemy, and she must find a way out.

This short short story (a flash fiction piece at 4,500 words) begins Grace's story as a prequel. An excerpt from the upcoming paranormal romance series by Ally Thomas entitled "Fanged Love" is included here as well. "Fanged Destiny (Fanged Love #1)" debuts Spring 2013. A few characters from the Vampire from Hell series will appear in this new series.

## **From Reader Review Fanged Love for online ebook**

### **Amber says**

Ally says, Before Rayea started sharing her story with us, my idea for the Vampire from Hell series began as a short story about Grace, a naive human led astray by her sinister boyfriend, Nathan into a world of bloodletting and casual sex. Then one night it all changes. The origins of the Vampire from Hell series began with them. This was good and I will read more, so keep up the good work Ally.

---

### **Denise says**

This short read is an interesting story. I haven't read any books in the 'Fanged Love' series, but I still got the gist of what was going on. I liked how this prequel describes how Grace became who/what she is. Sounds like a good series to read.

---

### **Kellie says**

truly an amazing book !! I would recommend it to everyone ! I cant wait until the next one in the series is available !

---

### **Kassandra says**

I absolutely loved this short story. Now I can't wait to start reading The Vampire from Hell series.

---

### **Kimberly says**

A short story that brought us the Vampire From Hell series. Ms. Thomas informs the reader that this is based on a dream/nightmare that she had. I can see why this one would have to be written down. I enjoyed reading the inspiration behind the series.

---

### **Kellie says**

I can not say enough about this amzaing author !! I cant wait until the next chapter in the series is available !! GREAT JOB ALLY !!! As i said before as i started reading the book i was finished definitely a page turner !!

---

### **SATIN SUE says**

This book is about Grace, she wakes up in pain and covered in blood and with her boyfriend standing over her. he had attacked her with a knife and she cant get her head round why he had done it. but as the book goes on and the reason for him attacking her with a Knife becomes clear, he wants to turn her into a vampire. The book jumps forward a bit and we see her as a vampire with powers hating what she is and hating her boyfriend for making her into what she is. we later find that there is a reason for him turning her and she is going to be of big help in an upcoming war.

This is a very short story of only 12 pages. It wasn't a bad read but I feel so much more could of been done with it. But ill be truthful and say I feel this way about most short story's. I felt like I was just getting into it and then it was over. I wanted to know more about the characters. Hmm it looks like I'm making out that this was a bad read but it really wasn't. It was a really good idea for a story, it was just the length I didn't like. I felt like I didn't have time to get to know the characters I was reading about. If you like short story's then please give it ago because I would love to hear what your thoughts are.

### **Kim Galla says**

I read this to get my feet wet in reading the vampire genre. It seemed too much of a young adult drama, which I'm just not into. I like my vampires to be a little more realistic.

-free Nook book.

### **Nikki "The Crazie Betty" V. says**

3.5 Stars

I actually really enjoyed this 30 page prequel to Ally's Vampire From Hell series. I actually think I'll end up liking this story better because it's a little darker. The main character deals with an abusive, crazy boyfriend and his equally psycho friends who decide they are worshiping a snake goddess and the heroine has no choice but to comply but this decision ends up with a wildly different result than psycho boyfriend thinks (sorry I can't remember the character names right now).

I definitely plan on continuing with the Fanged Love series and would also recommend the Vampire from Hell series as well. I read Fanged Love at the end of Ally Thomas' 3 part Vampire from Hell series so I didn't get this one separately but I will say they all revolve around each other quite well.

### **chucklesthescot says**

This story did not impress me at all. The characters are appalling. Grace is a spineless doormat who lets her boyfriend treat her like crud. He beats her, cuts her, humiliates her, tries to make her a vampire, decides to sell her on the internet and sacrifice his best friend. Her reaction? I'm going to kill myself to frame him but hey I forgot to plant the knife on him! Oh please! Nathan is a control freak who attacks her, threatens her

friends and believes he is a vampire. Nothing nice about him or his idiot friend who has agreed to be sacrificed.

The whole story is Grace sitting there dying from this stab wound and hoping Nathan will get blamed. There seemed little point to this story as it didn't catch my interest in any way or make me want to continue with a following series.

### **MsBDiamondDiva1 says**

Too me this was a weird story....I just don't understand...just saying....This girl gets turned by her boyfriend, once she is turned; she starts to hate her boyfriend because he didn't ask her if she wanted to be turned. As from what I can tell about this book, there is suppose to be a war and the main character is the key to the vampires winning. I just don't know if I can stomach reading a whole story with this kind of writing. It is confusing and not well put together.

---

### **pinK says**

The first chapter of this book really disturbed me. The female lead was already completely victimized by her boyfriend. Attacked after sex by him and his friends, cut up, and turned into a vampire. I'm not really a feminist, bit that's fairly repulsive. There's enough female victims in books without them being so abused. She did overcome this though. I'm so glad she ditched Nathan and refused to take part in his revolution. A man that would attack you and make a life changing decision for you does not actually love you, he loves to control you.

I'm kind of on the fence about this story. I might try the next book when it comes out, but probably only if it were a free kindle download. The prequel was okay, but it didn't make me feel like I really needed to continue the series.

---

### **Lisa says**

This is the book that got me started in this series - LOVED IT.. All the factors for a great paranormal vamp story are there... Great characters that make you want to stay up all night reading just to see what will happen in the next installment of the series...

---

### **Amanda says**

Hmm. Don't even remotely get this. So there is apparently this Nathan guy who is actually a vampire. Some kind of head vampire who is out to create a vampire army to "save the world" and rid it of humans. ?!?!?

For an into to the series this was not a great one. The snippet does little to really set up the story or even explain what is going on. There is a little back story that shows somewhat how things got to this point, but even that is sketchy. I'm not compelled to read the next book although I got it as well. Thank goodness both were free from Amazon and I did not pay for anything. And luckily it only took 10-15 minutes tops to read this so no too much time invested.

Oh and it appears that the author must have toyed with the POV whether in the first run through and changed it during editing and missed a few key words that should have been "I" or "me" but were "her". Might want to look into revision again and re-release.

### **Arburtha says**

I accually read this one last. But because I enjoyed all the rest so much I read this one also. I read them all in one day, one afternoon to be more percise. Loved Them!
