it was the next book in the series.

Asia, During the 5th holy grail war modern time.

some of shiro's friends arnt accepting sabers cover story so they test her.

shiro is dynamic. stubborn, persistent, caring. Page 151 made saber eat with him and his friends because she normal eats alone.

listen to your friend and think about what they say.

dont use reading strategy.

i liked the book there was more action in it but the action parts were enjoyable.
