More Lies

J.M. Snyder

More Lies J.M. Snyder

In Beautiful Liar, former childhood television star Johnny Thomas wants to get back into show business. He hires his old manager, Lou, who has heard rumors of Johnny's sexuality. Though he's advised to play it straight, Johnny falls for Brett, a photographer whose candid shots of the lovers almost sinks Johnny's career before it can get off the ground.

More Lies takes place several months after Johnny's landed a coveted role in the upcoming Roxy Greene summer blockbuster. Lou tells him Roxy wants the media to think she and Johnny are a hot item off the set to build buzz for the movie. Now that he's dating Brett, Johnny doesn't feel comfortable lying about his love life, but surprisingly his boyfriend thinks it's a great idea.

But when Johnny and Roxy meet for the first time, it's evident neither of them are keen on the charade.

If Roxy's attitude is any indication, she can't stand Johnny. What happens when she finds out he's lying about his sexuality to keep his role in her film?

Lena Grey says

'More Lies' by J.M. Snyder is a continuation of Brett and Johnny's story and picks up where the story 'Beautiful Liar' ends. Brett and Johnny are a happy, solid couple now ready to deal with the challenges a gay relationship entails.

Their first real challenge involves Johnny having to pose as his future star's boyfriend and he's not happy about it. Brett, however, takes it all in stride and encourages him for the sake of Johnny's career. It's too bad no one told Roxy, his co-star, because she's totally hostile and against the whole idea. This makes things quite difficult for everyone involved. When she discovers Brett and Johnny together in a compromising position, she's delighted and asks why he didn't tell her. For very personal reasons, it's the best thing that could have happened. With this knowledge, she creatively fabricates their so-called relationship into something which benefits all of them and keeps both their managers and their fans blissfully in the dark.

'More Lies' is a good read which brings closure to Brett and Johnny's story by deepening their relationship, and giving Brett and Johnny their happily ever after. It proves, once again, that when love is involved, a solution will be found. I liked the story and recommend it to anyone wanting to lose themselves in a short, sweet, and hot romance.
