WANTED: NANNY

MUST BE GOOD WITH WET WIPES AND GUNS.

Lacey Miles becomes the unexpected sole guardian of her young niece. Knee-deep into an investigation of a sleeper cell, Lacey finds that motherhood is a lot more perilous than she expected, so she hires a nanny with an impeccable résumé...who's a far cry from Mary Poppins.

Beneath his friendly demeanor, Jim Mercer is a former Marine turned undercover agent, tasked with ferreting out the terrorists targeting Lacey and her loved ones. Jim may be the ultimate caretaker, but the closer Lacey comes to blowing her case open, the more Jim's true identity is revealed. And the deeper he falls for this vulnerable little family.

Belinda says

Lacey unexpectedly becomes guardian of her 2 year old niece.. She is looking for a nanny but when she goes to interview one she is almost abducted..she is saved by an unknown man...Turns out he, Jim, is there to interview for the position..She hires him..He falls quickly for her and her niece..he is trying to protect both as well as be the nanny..Lots happen.It is shocking to find out who killed her sister and husband over something she reported and called the guy that took her family! A thriller!

Maureen Hubley says

Missed the first three books in the series but I may have to find them. Great story.

This book had it all..... thrilling suspense, mystery, and most importantly love. If your looking for hot and dirty sex scenes then this isn't the book for you. This book was all about the story and not about the sex. This book had a unique story and some wonderful characters. This story is rather short and a fast read and I was able to finish it in about one day, but well worth it.

Jeannie Lopez says

A sweet thriller and intriguing mystery.

Wonderful ending

This was a great ending to the series. I think it's the end. I've read all the books and there doesn't seem to be more. A great story that kept you wondering all the way through.

This was better than "Fugitive Bride", but it's let down by a disappointing ending. The main character is Lacey Miles, who is still grieving the death of her sister and brother-in-law in a bombing that was meant for her. She now has custody of her niece, and needs a nanny, as she feels over her head caring for a 2 year old. In steps Jim Mercer, who has been hired to protect her, and he manages to step in as the nanny in question, and ends up helping her find who planted that bomb.

I liked the main characters, which always helps! I find a tough, stoic hero who is great with kids to be quite swoon-worthy! Jim is the sort of hero I like reading about! I also liked Lacey, and I was able to get behind her drive to find out who was behind the bombing. The book also did a good job within its brief length to explore her doubts about being a good mother to Katie while never questioning her devotion to her niece. The romance between them was understated (which is generally typical of this line), but believable.

While the book wasn't action-packed, there was an undercurrent of tension, which is just as good, in my opinion! However, the ultimate explanation behind all the mayhem was disappointing and (view spoiler) was a total cop-out. This book never addresses some of those bizarre out-of-place plot strands brought up in "Fugitive Bride" that I mentioned in my review, further rendering that book a bit of a mess! Also, having Alexander Quinn be this magical all-powerful being who can get anyone out of a mess at any time really robs the book of suspense! This book would have been much better without him in it at all!

All in all, it was diverting and enjoyable, with a bit of suspense. It also looks like Paula Graves' last book for the time being.
