Kathy Wideman says

This is the 6th book in the series and I think they should be read in order. Richie is attending a friend's wedding when he finds his mate. She may not be what he imagined when he imagined his mate. Piper is attending her cousin's wedding. Piper is a bounty hunter and the mark she is currently looking for isn't acting like a normal criminal. She doesn't know why she let her boss convince her to take this case. She was going to retire but instead said she would take this as her last case. Now she is stuck with a serial killer who is coming after her instead of running and laying low. Piper is attracted to Richie to the point of distraction. That has never happened to her before. She finds herself attracted to him like she has never been attracted to a guy before. Then Richie has a premonition about Piper's death. He is going to stick to her side, he can't let his premonition come true. This book has action, romance, and more. Richie is more than meets the eye. Piper never noticed anything was missing from her life until she meets Richie. Piper survived a horrible incident with her brother as a child and it is the reason she chooses to become a bounty hunter. Just like the other books in this series and I was pulled in right from the beginning. Another fantastic book by V.A. Dold.

Josie says

Wow! This series is doing serious damage to my wallet. I love every twist and turn this author is giving me. Ritchie and Piper what a match. The situations the author puts each character is so good the series hasn't gotten boring. I love this so much I've already purchased Seth...and what gives with Etienne? Is he going to get his own book.

Cynthia says

Another Mate

Richie this time gets to meet his one true love. Piper is home for his cousin's wedding. But she is also friends with the bride and that group of girls who know Richie because he helped them when they were in New Orleans. The wedding is in Missouri.

Vickie says

Oh WOW

I absolutely loved Richey and Piper's story. V A Dold weaves a great story, with characters that you will cheer for , cry for, and laugh with. The Goddess deems this match but how will they get there in one piece with a crazed killer hot on Piper's trail? I have loved every book in this series . I think you will too . Thank you and good night, Happy reading y'all

Richie

Piper couldn't have got a better mate. This story has a lot going on, Piper was a bounty hunter and her job was very dangerous. Richie was a bar tender and couldn't imagine Piper doing the job she had. The two come together and sparks fly. Read the book it is great.

Lynn Smith says

Piper Sinclair was ready to retire from bounty hunting. Just one more job to catch the man responsible for the deaths of entire families. First she was heading to her cousin Bob's wedding. Richie Majors a wolf shifter didn't think he was going to make the wedding of his friend Theresa. He has been waiting patiently to find his mate. At the wedding when he sees Piper his wolf cries mate. Piper finds herself unusually drawn to Ritchie. Piper figures one night will get him out of her system. She doesn't have time for a relationship. She has to catch Q-Ball. Richie isn't letting Piper go and will do anything to keep her safe and in his arms.

This is the 6th book in the Le Beau series. They can be read as stand alones but it is such a wonderful series you will want to read them all. Plenty of suspense, mystery and hot sex. Of course convincing Piper she is his mate. I received a copy of this book in exchange for an honest review.

Excited

Omg I have read them all and need book 7 and 8 the suspense is killing me. When are these books going to be out? This is definitely one of the best stories I've read in a long time.

I can't wait to see how quickly things work out for Seth and Etnah to have stories where big woman are made to feel beautiful and sexy and find true love, it is so amazing!!!! I enjoyed this series and need the next books so bad please hurry and put them out.

Richie

I'm enjoying the series progression and really enjoyed reading about Richie and Piper, and especially loved that she was a strong heroine who didn't need saving. But when she did need salvation, she had a strong and protective mate who had her back and took care of her when it REALLY mattered. I recommend this series to paranormal romance lovers.

Donna Vitarelli says

Piper is a bounty hunter taking one last hunt. Richie finally finds his mate at a wedding but she's being stalked by a murderer. Thank goodness for his extended family. Great drama and there are moments of romance too. Couldn't put it down.

mary rankin says**Do you like steaming hot tales about weres?**

The story is about Richie and Piper. Their destiny is to be mates. This author can definitely tell a great story, the only thing I didn't like was the jump at Chapter 13. Must have been writing too long a story. It would be better with the warehouse action told. At any rate I can say that V.A. Vold is giving other authors like Moning, Kenyon and Feehan some honest competition!

Stephanie Hale says**Le Beau Magic**

Every story gets better. I am on a budget for books but this series makes me say, screw it. Great stories. They sometimes drag a little but the story picks right back up and you have to know what happened. Please write more about Julia mother. She is a witch and someone needs to put her down.

Keisha says

I enjoyed Piper and Richie's story. Piper was a no-nonsense, kick-butt bounty hunter with a past that pushed her to protect others. Richie was a great balance for her. I enjoyed the ease of this book and thought it was a good addition to the series.

Vicki says

Ritchie is a bar tender in New Orleans. Piper is burnt bounty hunter. She saw her parents murdered and when she grew up wanted to keep that from happening to anyone else. Now she wants to retire. Her boss asks her to do one more hunt. A monster has escaped and continuing his killing ways and wants to kill her. She decides to go to a cousins wedding and try and draw him out. Richie decides to go to the same wedding. He is at her table and as soon as he sees her he knows she is his soulmate. Getting her to accept that and to help her catch her bounty makes for an exciting read and a wild romance. Love this series. This book was great.

Dina Bushrod says

I LOVED this story, I think of all the Le Beau Brothers stories I like this one the most, and that's saying a lot as each of the brothers stories are terrific. Richie and Piper, the heroine, are so kick-a.. great individually that together they are explosive. The toughness and anger in Piper, due to her dangerous job, is offset by the humor, persistence and adoration from Richie. He has to convince her of the truthfulness of his explanation concerning what's happening with them and the confusion Piper feels. She wants no one close to her for she fears for their safety; but Richie is having none of that. With their obvious attraction to each other you'd think it would be a breeze, but Richie really has a hard job convincing her that they are made for each other. Meanwhile they both are worried for each other's safety due to the psychopathic killer pursuing Piper. Will they be safe, will she leave when she learns the truth of Richie's true nature, or run away? Will he accept her decision no matter what it may be. I try very hard not to leave spoilers and I think I have succeeded here; but be advised that this story is filled with a lot of action and hot sexual scenes that you won't want to miss. To those who love stories about hot crazy paranormal romance, with humor and action thrown in YOU HAVE GOT TO GET THIS BOOK and if somehow you've missed earlier Le Beau Brother stories, well all I've got to say about that is WHAT THE HECK YOU WAITING go out and get the 6 book boxed series and read them or just get them one at a time, either way go get them, you definitely won't be sorry.

Deborah says

A good read

I was a little put off at first because Richie was not a Le Beau. But soon found out he was just as much as part of the family as everyone else was. I really found that I liked this book the best so far. It is a funny, sexy, sad at times, action packed romance. The love and sacrifice of this couple took my breathe away. When Piper shifted for the first time, I laughed so hard I was crying. I haven't laughed that hard in a long time. This is a must read.
