## **The Dragon's Christmas Wish** Georgette St. Clair

Liza Hawthorne has everything perfectly planned for her family's final Christmas on Far North, the planetoid that orbits Terra 2. If only there weren't two dragon shifter species battling over the fate of her little world. And if only one of them wasn't seven feet of pure silver-skinned sexiness, who apparently thinks she's his "heart-mate". When you add in some misbehaving alien elves, a malfunctioning Santa-bot, and the mysterious disappearance of Liza's best friend – untangling this mess will take a Christmas miracle.

#### **The Dragon's Christmas Wish(Alien Dragon Shifter Romance)By Georgette St Clair**

An amazing emotional rollercoaster ride with plenty of action packed into their struggles to get their HEA. I So Enjoyed reading their story and the supporting characters just add more humor to the story. Georgette St Clair's known for her charismatic characters and wonderful ability to weave a story, so don't miss out on this one! I'm sure you'll find it is absolutely wonderful reading experience!

---

### **Barbara Stewart says**

Was a cute book. Enjoyed it but was also kind of boring. Everyone is leaving the planet they had to move to when earth was not safe.. now the planet everyone moved to and made a home

---

### **Betty Lambert says**

I liked this book very much. It was a very short read but very entertaining. Liza Hawthorne has everything planned for her family's final christmas on Far North, the planetoid that orbits Terra 2. There are 2 dragon shifter species fighting over who is going to take over the planetoid, and 1 very silver dragon shifter who knows Liza is his mate but you can't tell that to Liza! No way..it has its very funny spots but it also has serious matters to delve into along with some very entertaining santa bots, etc. Recommend.

### **AWB says**

Not up to the standards I usually hold this author to. But not exactly a flop either. Just okay.

---

### **Popcorn says**

### **Just okay**

I have read many of Georgette's books but I felt there was something missing in this one. I am not really sure it just felt off.

---

### **Lisa Book Shelf says**

**cute**

Aliens,dragons ,humans and Santa. Christmas will never be the same when dragon shifters take over and the Characters planet is in jeopardy. Cute story

**Nicholene Nash says**

**Loved It!!**

This is a terrific book! Something that is killing the Christmas trees and the destruction is decimating the economy of the Christmas based economy on the tiny planet! two Dragon loans have come to claim the bankrupt Christmas town. What is going on?! Love arrives with the Drakkon Klan with the plan leader falls in love with his "heart-mate". turns out to be one of the North Pole ( only town on planet) promonate

**Meetta says**

Normally, I really enjoy Georgette's books, but this one, I couldn't get behind. The story in itself wasn't bad, it was just the way it was written. I don't know if it had to do with the fact that it was an Alien story, but the writing was just weird. I liked the characters and the concept of the story, but it just didn't seem like a story written by Georgette (except for the funny secondary characters like LaLa).

This is an honest review based on a copy of the book I received.

**Jennifer Erwin says**

Another great read from Georgette St. Clair. Loved it!

---

**Vicki Robinson says**

**Fated Mate story guaranteed to make you smile**

This was a charming, humorous, feel-good "fated mate" story. The dialogue was fun; the story was inventive and substantive. Liza was feisty, but didn't belabor fighting her attraction to Jaspar once she began to understand he really was an honorable guy who was sincere in his desire to commit to her. Jaspar, the dragon shifter, was a little arrogant but was willing to give her the time to get to know and love him. All with the charming background story of a whole planet that's literally a Christmas planet, threatened by bad aliens and Christmas tree fungus. This book will hold your interest all the way through and leave you with a smile on your face and looking for hot chocolate and marshmallows. Happy Holidays and thanks to Ms. St. Clair for a really enjoyable read.

#### **Excellent read!!!**

Absolutely loved this book. I couldn't put it down. I love it when the author pulls you right into the book and keeps you captive until the very end of the book. I can't wait to read more from this author. I recommend this book to anyone who enjoys reading about alien dragon shifters, a human female with attitude, and assorted other characters that make up this book.

---

### **Jessica Frances says**

Georgette has written her first alien romance and I have to say the world she built in this story was excellent. I love the idea of there being a Christmas planet and Georgette described it so well that I really could see it all in my mind. I hope we see more of this Christmas planet (Liza's sister's story perhaps??) in years to come. A must read for Georgette's fans.

#### **Loved this book !!!!!!!**

The characters and storyline were well written. I loved the main characters and the way that they interacted with each other. If you like a good who did it a long with romance ,the this is the book for you.

---

### **Angela says**

This was fun, funny, and cute. There were two long, hot sex scenes but the rest of the book was as sweet and clean as a Christmas cookie. It's a story that can definitely be enjoyed outside the holiday--because sometimes you just want something cozy and warm! There is lots to laugh at in the book--LaLa the alien elf, all the language misunderstandings, the mother-in-law-to-be's gleefully bloodthirsty attitude (not towards Liza), the snarling overprotective friend, and more. All the little Christmas touches are so well thought out; it's like being in a Hallmark Christmas movie! This was my first book by the author and I will definitely check out more.

### **Maria says**

#### **Not Appealing**

I give this 2.5 Stars. I really did not like this story. The Alien Dragon concept did not appeal to me at all. I still read the whole thing, but I truly did not enjoy it.
