The Sins Of My Beretta 2 Trenae'

With a love like theirs, can Sin and Ghost really stand the test of time? Your favorite couple is back with more secrets and drama than ever before. What happens when jealous ex-lovers and demons from the past refuse to stay there? Unresolved issues keeping coming back until Sin has no choice but to face them head on.

Putting a whole new meaning to the term “love triangle”, not being able to handle all of Ghost’s baby mama drama, Sin finds herself in the arms of the rugged youngster by the name of Rello. Can she forgive Ghost for his short-comings or will Rello Show her that all she needed was the love that only he can give?

With Rock missing in action, will the ones that vowed to always love and protect him still be there or will what he’s hiding from them be too much to bear?

On this final ride with the crew, you will see what it means to do anything in the name of love even if it means killing the ones closest to you.

Good Book

I am glad Sin and Ghost got themselves together to be with each other. Ghost was wrong for cheating in the first place. Happy that their mother was still alive. Very Good Series.

Very good read

This book made me want to keep reading, even when it was over. The things everyone had to go through to get to the end was unbelievable. Sin and Beretta were some strong women, but even strong women break at some point. I can't believe everything Ghost put Sin through. I loved Rello and I'm glad he's getting his own book.

Felicia Burnette says

Perfect

I liked that it was a happy ending. In the end everything came full circle. Instead of being deep in causing deaths, they were deep in love! I'm glad Sin and Ghost got it together!

Better than part 1

So this book got way more intense than part 1. Emotional roller coaster is what ok call it. There were some times that I laughed out Lou and other times I was sad or angry. I really enjoyed this story. There were a grammatical errors but that did not take away from the story. Thank you For ending it at part 2 and not dragging it out.

Sandra Taylor says

I love this series. Rello is bae that's all I say. Sin is sin lol. I'm glad she found her happiness. Blessing is my girl lol...Sunjay act just like blessing lol and poor Young. I'm glad they all came together though. The way they did Ahmad and Ebony omg lol...Overall great read. On to part 3

Shanelle Shamblee says

Great Series

I really loved this book. My emotions were up and down. When Sin shot Peaches in her stomach while she pregnant, I knew then she was really certified crazy. Lol. This one of the best series I've read.

I loved this storyline, and the fact that it told a story in 2 books vs. 4 or 5 was very impressive. Tranae girl, you did your thing with this one. I cant wait to read Rello's story.
