The VA Medical Center Murder (A SLED Investigation, #3) Mike Gilmore

In The VA Medical Center Murder, Tommy Marks and Cathy Motts of the South Carolina State Law Enforcement Division face their most dangerous adversary. A trained professional with more to protect than just the cover-up of criminal activities.

Once again joined by Detective Kyle Hendricks of the Columbia Police Department and Amy Andrews of the Federal Bureau of Investigation, the team follows the clues as their own friends fall victim to the killer. With each twist of the investigation, they draw nearer to the killers that leads them to a criminal conspiracy never before seen by any member of the team. This book offers a fast-pace investigation with an explosive conclusion.

Wendy Jensen says

I thoroughly enjoyed this murder mystery novel. An old man's quest to find why his estranged grandson died and was cremated by mistake (?) in haste. You won't be able to put this book down.

I received this book for free through Goodreads First Reads.

Patricia says

A private dies after telling his grandfather of a strange citing at an airport. When 2 FBI agents check with the grandfather while on their own time, the grandfather and one of the agents are murdered. This is the beginning of a fast paced investigative novel called THE VA MEDICAL CENTER MURDER. I really enjoyed this novel and the entertaining characters. This is my first read by this author, and I look forward to reading more! I received this book from Goodreads for an honest review.
