Voices and Lies Tonya Ramagos

When Alicia Addison opens the door of Addison House to find the delectably sexy heartthrob, Derek Kadin, looking back at her with suitcases in hand, she sees all her wildest dreams coming true. Trouble is he doesn't want anyone to know his true identity, not even Alicia. Fearing he'll leave, she hides her knowledge of the truth, but as their relationship ignites both in bed and out, the lies between them threaten to tear them apart.

Derek Kadin was looking for an escape when he reserved a room miles from home at the Addison House B&B. What he hadn't expected to find was a woman for his bed, but the minute he sees Alicia he knows that's exactly where he wants her. When the casual vacation affair turns into more, Derek realizes she's a woman he doesn't want to let go. Can their relationship survive when secrets come out on both sides?

3.5

Amy Tate says

I was a little disappointed in this one. The description was intriguing - girl is huge fan of a heavy metal rock star, rock star shows up at her sister's bed and breakfast trying to hide his identity, girl and rock star have instant mutual attraction. Unfortunately, the way they interact with one another for the rest of the book just doesn't feel very real. The ending left me with a lot of questions as to how they got there, too, because it just seemed like the author wanted to end the story in a neat and tidy package. On the plus side, it was a quick read with lots of passion and sex, so if you are wanting something that's not very thought-provoking with lots of steamy scenes, then this is a good one to read!

Stephanie says

Okay story. Alicia was too much of a groupie for me. And Derek was a flat character to me, but it was entertaining enough.

Deoro says

Steamy rockstar/normal girl romance. Nothing special, but an enjoyable easy read

Lisa says

love this one ,but I love rockroll guys gonna read the next one too!

Are you the kind of person to get "star struck"? I'm not. If I see a celebrity, I might say something like: OMG! There is So-and-so...but I certainly don't run over and try to photograph them or talk to them. What's the point? Most likely, you are not going to become friends with them and what are you going to do with a photo? Frame it? Sell it? You get yourself all hyped up and stressed out for what purpose?

That's exactly what happens to Alicia Addison while waiting in line with hundreds of other fans to meet the lead singer of her favorite metal band, Façade.

"Just don't turn into a babbling idiot when you meet him."

"I would never! Alicia gasped, clinching the band's music CD she held so hard the plastic case nearly cracked. But even as she continued to stare at Derek, she could feel her IQ dropping into the single digits."

Yeah, all that stress for someone who is not going to remember you tomorrow? No thank you! *But* what if my celebrity crush showed up at the exclusive bed and breakfast my sister owns? Well, that is another story entirely.

Alicia is doing her good deed for the year by helping her sister run her bed and breakfast while she is out of town. Alicia transforms herself from the metal t-shirt and jeans clad head banger into the prim and proper B&B hostess complete with a cute little suit and heels. Playing the role of hostess includes many responsibilities, including answering the door when the bell rings late at night. So, imagine her surprise when she answers the door and finds none other than Derek Kadin, lead singer of Façade. Yeah, that's when the story really started to get good!

I really loved the chemistry between Alicia and Derek. Of-course, what great story would be complete without some romantic drama thrown in? Alicia and Derek both bring their own brand of drama in this exciting and erotic read by Tonya Ramagos. If you love rockers and you love erotic romance, then you gotta check this series because it's bangin'!

When the casual vacation affair turns into more, Derek realizes she's a woman he doesn't want to let go. Can their relationship survive when secrets come out on both sides?

MY THOUGHTS

I would love to be a groupie!!!!...if I could have this hot, gorgeous rock star fall in love with me!!!!!!

This is the 1st book in Tonya Ramagos Rock Hard Seductions Series and wow...this is such a fab love story.

Just imagine for a moment...you have always adored this famous rock star and one day you unexpectedly meet and you both fall in love with each other....it's like a fantasy come true.

Exactly what happens to Alicia Addison, who is helping out her sister's B&B, where world famous musician Derek Kadin has checked in to get away from all the fans and the madness of the world of rock.

Some may think that this is some OTT plot but the writer does it in such a way that you feel the possibilities and how real the characters are.

Alicia is so endearing and cute & Derek is incredibly sexy, talented and so warmI just fell in love with both.....really touching as their relationship progressed and how good they were for each other –it felt so right that they finally overcome all their obstacles and realize that they were so meant for each other.

Writing was good and the story just flowed easily, interesting secondary characters and vivid descriptions of the settings....i could see in my head the house, the world of rock musicians....

This is a really sweet, enjoyable...oh did I forget!!!...very steamy, sensual, sexy and hot read!!

I am now looking forward to reading the next book, which is also set in the music world.

Bridgett says

Wouldn't waste my time on the next books in this series...I agree with another review...interaction was totally forced and not believable between the characters. There are some good rock & roll romances out there, this is not one of them...
