Big-Sister Blues Madonna , Jeffrey Fulvimari (Illustrations)

Amy's convinced that her life as she knows it will be over after the arrival of her new baby sister. When pregnancy forces her mother to cancel their long-planned trip to Milan, she feels that things couldn't possibly be worse...until the English Roses have to take Charlotte's younger brother to the circus! Patrick is the brattiest of all brats and his tantrums make Amy glummer than ever at the thought of having a younger sibling. But when she visits her mother in the hospital and holds the baby for the first time, Amy realizes she can't wait to be a big sister after all!

From Reader Review Big-Sister Blues for online ebook

Salsabilinas Labiba says

i wish i had a sister

Peas says

ill read it soon!

Kassandra says

I thought this book is a good book that is just right and not to quick but you can maybe finish it in one day or two.

Tessa Serfillippi says

i love these book series so much and i hope yo do to

Delaney Moore says

i really liked this one because its about Amy becoming a big sister to a little brother! and i am also i big sister to a little brother!

Erica Kang says

Awwww, It makes me jealous that Amy just got her adorable younger sibling. I wish and wish I had one, it doesn't have to be a baby, unless its alive, let me suggest an example.....like PETS! :)

Hannah Tiso says

These series were my favorite series in 3rd and 4th grade. I read all the books in this series and they are still in my favorites.

Nichole says

In her chapter books for young readers, Madonna does a great job teaching manners, friendship, and simple truths.

This book addresses Amy's frustration with the anticipated arrival of a new brother or sister. She fears that the extremely close friendship she has with her mother will be lost with the new addition. Her English Rose friends help her to realize that her mother has enough love for all of them.

Ella says

Pretty good!

Slow Man says

Amy's mum is pregnant and that makes Amy worry about her future relationship with her mum. She might not be her mum's number one child. We heard it all before.
