## **Dewitched: The Untold Story of the Evil Queen E.L. Sarnoff**

After serving time for Snow White's attempted murder, the Evil Queen is about to get a makeover. Just not the kind she expected. Thinking she's been sent to a luxurious spa that will enable her to regain her beauty and recapture her title, Fairest of All, Jane Yvel instead finds herself at Faraway, a rehab center that caters to Fairytalelanders addicted to evil.

Upon confronting her love-hate relationship with her magic mirror and the demons of her past, she is sent back to the world of happily-ever-after. Her goal: to discover the true meaning of beauty. Her assignment: to work for Marcella, a demanding Princess-In-Waiting. Jane finds herself irresistibly drawn to Marcella's dashing fiancé, Prince Gallant, and his exquisite seven-year old daughter, Calla Rose. Will the Evil Queen who had no heart end up with a heart that's broken?

Wickedly funny, darkly shocking, and deeply moving, DEWITCHED unravels the Snow White story as we know it and will make you see the evil legend in a new light as she rewrites her life.

## **From Reader Review Dewitched: The Untold Story of the Evil Queen for online ebook**

### **Lisa the Librarian says**

The concept of this book was very intriguing. Of course you wouldn't necessarily expect the "Evil Queen" to be a like-able protagonist. Seeing some of the story from her point of view was a bit interesting.

One thing that really felt "off" to me however was that the attitudes, vernacular and surroundings were too much in the modern world, which to me is not conducive to the life of the evil queen (unless, of course there is an explanation within the world of the story) and really threw me off.

I'd suggesting skipping this book and watching the first season of Once Upon a Time instead.

**\*\*Caution\*\***

This does contain some strong language and pretty intense sexual innuendo. Not for children. I'd not give it to my teens either

#### **LOVED this book!!!!**

This book was such a unique and creative take on the fairytale world. Great writing, with just a few grammatical errors. Highly recommend this book! Can't wait to read the next one and hopefully, more in this genre.

---

### **Linda says**

This book is just so much fun! It is the story of the Snow white's Evil Stepmother. After she was caught and sent to prison for attempting to kill her stepdaughter, Jane Yvel is sent to rehab for addiction to evil and beauty. You get to meet other fairytale characters there and see what has made them evil. The author has a wonderful imagination when it comes to the characters and the story. I laughed and cried through the entire book. There are some plot twists that I never saw coming. And the ending was a true "fairy tale ending." I can't wait to read the next in the series!

---

### **Cynthia says**

was very good couldn't put the book down

---

## **Charla says**

I certainly enjoyed parts of this story and it was definitely not what I was expecting. While I went into this book thinking it was going to be dark and "Evil" it was surprisingly kind and trans-formative. The Evil Queen goes to rehab and transforms her life in search of that elusive happily ever after. The writing style in the middle became a bit crude and out of character (seriously there are other ways to describe large breasts other than cannonballs) but I was intrigued enough to finish and I'm glad I did as the ending was as richly developed and well written as the beginning.

---

## **Chrissy Busick says**

### **Heartwarming**

This is such an amazing tale with a great lesson. I absolutely loved this book. So many unexpected little twists, and how all of the characters were interrelated made it so much fun to read.

---

## **Andrea Stoeckel says**

This book is so much fun! This genre is not new. I've seen it come a few times in my lifetime but this time I'm enjoying it! These reworked fairy tale characters are interacting with real life..to a point. It's great escapeism. I'm about halfway through the sequel as I write this and will review when I am done.

The Evil Queen was tried for the attempted murder of Snow White. She is then sent to rehab and a probationary job that leads to even more twists and turns in a fast paced fun read. I will not post spoilers, but even if you didn't like Gregory Macquire, this one you will like.

---

## **Aviar Savijon says**

one remarkably well written and thought out masterpiece that has the faire tale characters in a whole new light. hilarious at points and a wild thrill ride adventure all rolled into one with even EPA evil persons anonymous support group I loved it you will too.

---

## **Sheryl says**

I started off really enjoying this. It was rather hilarious reading about Snow White from the evil stepmothers point of view. It got a little long and there were a few questionable parts like Pinocchio being gay which brought it down from 3 stars. It was enjoyable though and actually had a message about life that was good..

---

## **RaChelle Holmberg says**

First, let me say, I'm a fan.

I enjoyed every word of this book. It was swoon-worthy, laugh-worthy, ( as a certain author manages in some other books) and just an all around fun trip. Dragonsballs! I have a new word!

And a sequel to read ;-)

## **Ann says**

### **Loved it!!**

We all know the fairytale recounting of the Evil Queen but what if evil could be rehabilitated? This hilarious story shows us that evil can be stopped!

---

## **Don ? says**

Actually I want to say this is amazing. Really. Brilliant :) I love every evil-sarcastically-funny thoughts that Jane Yvel (The Ice Queen@Evil Queen) had. She was evil but I love her. (Yeah,even if it will disgust her). Now she's good forever I'd even love her more and could possibly adore her.

~~~

This story is about the Evil Queen that poison Snow White. In Evil Queen point of view, of how she plans to kill Snow White and finally she was sentenced to jail until one day she'd been called to a rehab for those who addicted to evil (merely named Faraway)~which she mistaken as a spa makeover for her to gain her title 'Fairest of All'.

What I do like about this story:

Second chance. ~There's goodness in everyone. Humans by nature are not perfect creature, they made mistake and deserve another chance to repent and start all over. (although not all, like Sarsaperilla)

There are many things we could learn about human heart and true nature here.

I like all the connections to all evil do-er such as, Winnifred (Hansel&Gretel evil mom), Cinderella stepsisters, Pinocchio, Rumpelstiltskin, Hook and others (all your fairytale antagonist you've read all along)

Moreover, its funny - thinking out, the Evil Queen that is evil to the bone to be good-in-the making.

---

Haha~ The thing that I couldn't accept is, coffee is equal to her evilness. I mean, come on~Can't good creature endeavor the pleasure of good coffee brew. That is just discrimination. What ever happens to the quote, 'Happiness is a cup of coffee and a good book'. Arghh! Frustrates me.

Great book! Thanks Sarnoff for making my day :)

---

### **Eating Between says**

I thought that the author was able to take a well known world of fairy tales and put her own unique and original twist on it! She is able to weave all our favorite villains that we all love to hate in to a world of redemption. She to humanize them all the while keeping the magic alive with in the pages of this book.

---

### **Joani Cook says**

#### **Fun read**

I enjoyed this twist on well known fairy tales. There was one scene that detracted from the fun, unnecessary and not in character with the rest of the book, but overall, it was a wonderful afternoon read and had a message that it is never too late for redemption.

---

### **Dawn Myers says**

When I started this book, I was oh crap I won't be able to do this. Luck for me I stuck with it, it got much better after a few chapters. E.L. Sarnoff wrote from the point of view of the evil queen, which some things were pretty funny, in my opinion. This book was full of some very dark subjects, which you would not associate with a fairy tale. I enjoyed this book and will read book 2, but not sure I can recommend it. It moved a little slow and somethings were a little too drawn out for me.
