I'm screwed. And banging Mia Doyle is my best defense.

Deported? After all these years?

Damn it. This sh-t doesn't happen to the rich and powerful. I'm not going back. But, they say the only way I can stay is if I marry someone from the States.

Mia's supposed to be off limits. Company policy. But she's one of the few women who can tolerate me.

F-ck policies. I'm the boss, and I do who—and where—I want.

No questions asked. It's a win-win.

She's got something I need—I've got something she wants.

Two can play this game. And I've got the upper hand—or at least I think I do.

### **Penny Mooney says**

Wow! What an awesome book written by KB Winters and Evie Monroe. They put their minds together they came up with an awesome story. Both of these women are excellent writers. They took their plot and fleshed out their character to make them come to life.

This book is about Mia and Hudson. Hudson is an immigrant, who came to America to make his life better and become rich. He lost his emotional feelings along the way and became a total Alpha bastard. Mia is working for Hudson at his Record Company. Hudson is about to loose his visa and he latches on to Mia as his fiancee after he told the immigration officers he was getting married. How does this work or for Hudson and Mia?

Will Mia ever tell Hudson of her feelings for her? Will Hudson and Mia find love and a happy every after? Can Hudson change his feelings toward life in general and the family he left behind?

The book has deceit, twist, emotional awakenings, forgiveness, demons for the past, love, lust, and a HEA. Grab the book or e-reader and find a comfortable seat. Oh and have a box of tissue handy if you are anything like me. This book will take you into the life of Mia and Hudson. It is a rollercoaster of feelings. You won't be disappointed I promise. I voluntarily reviewed an Advance Reader Copy of this book.

Has anyone ever watched THE PROPOSAL with Sandra Bullock and Ryan Reynolds?? Well, it looks like this book is the sole inspiration. The blurb didn't even try to disguise it. LOL

can the frustration Mia has with her boss be over his personality only? is the attraction between these two only in their heads? Hudson put Mia in a situation that she can't say no to.... Can she? The chemistry between these two was amazing. I couldn't wait to read how their strong attraction turned out. It was very very sweet and I couldn't put it down. This is my honest review for a book I volunteered to read.

This is reading like a total ripoff of the movie *The Proposal*, but with the male/female role switched and a music backdrop instead of that of a publisher.

Not interested.

Hudson was one of the founders of BC Records and he is a major a\$\$. If you don't work up to his standards the you are gone. Mia has always found him attractive however his attitude holds her back from acting on that attraction. What she didn't expect was after working late one night she would walk in on a meeting Hudson was having with some men in suits and be introduce as his fiancé. After the immigration men leave Hudson starts negotiating a deal with Mia because he really doesn't want to lose everything he has built and be deported. After learning why Mia was asking for time off Hudson gave it to her with the understanding that he'll be going with her to see her family. Mia is freaking out about him coming and about lying to immigration. Hudson gets her to calm down and then she warns him that her family is different from other families. Once he sees how her family is Hudson starts rethinking the decision to marry her however he waits until the last possible minute to make a decision on what he's going to do.

This was a great story. It will have you guessing about what Hudson will try to pull next. Mia's family is insane at times and will have you laughing at how they act. I loved how hot the chemistry between Mia and Hudson was. I would definitely recommend this book to all my book reading friends.

I received a copy of this book in exchange for an honest review.

### **RECEIVED COPY FOR HONEST REVIEW**

What a surprise this story turned out to be. Good story, good characters and well written. Hudson was the boss/man everyone loved to hate. He was a hard man to work for and a hard man to like. He expected you to put work before everything. He worked hard and expected everyone else to do the same. Mia was a hard worker too. She appreciated the work ethic but she did not like how he treated people. He was careless with words and actions. When Hudson finds himself in a sticky situation and needs a quick fix, Mia walks right into. When fake fiancee and fake love becomes more, how will the handle it? Hudson and Mia must work they way through their feelings, her protective family and immigration authorities. It was a fun sexy read with bits of humor.

I honestly can't say I was over the moon with this book. Though it was really good it just had so many dropping spaces for me I thought I would get whiplash and when it finally came together for me I wasn't over the top about the book. The sex when it was there was nice.

Happy Sexy Reading.

I probably could have finished reading this. The writing was not so bad that I could not take it. But I simply did not want to. It is not MOC but engagement of convenience. Which is also fine and I did keep going for quite a while. Hudson is Mia's boss at a record company based in Portland. He is uber wealthy of course but somehow this scion of business let a small thing like immigration laws trip him up? He grew up poor in Santo Via Island. Which for most of the book I assumed was some fictional country. He speaks of escaping to the greatness that is the US. But later on it seems that this island is in Canada. huh? with a name like that? And apparently cell service that US phones do not work on? huh? Has the author ever been out of the US? Anyways I digress... I got progressively more bored until I need to eat dinner. After dinner I had zero interest in getting back into the book.

A great read. Admitting you have feeling for someone is hard and when you walk away from them it is then you realize what you lost. Hudson walked away from Mia but she tracked him down and rekindled their

love.

This was a perfect example of "Never judge a book by its cover

This was a perfect example of "Never judge a book by its cover." And make sure you have the time to read when you start it because you wont want to put it down till you are done!

Hudson Blake is the co-founder of BC Records and not liked by those that work for him because of the way he runs his company and is considered a cold hearted and an "a\*\*hole" by most of them.

Mia Doyle is a top manager at BC Records. She has mixed feelings about Hudson because of his condescending attitude, but at the same time thinks he is extremely "HOT!" and has been having dreams about him lately. Not that anything can happen between them, he is her boss. But one evening when she walks into his office to deliver some papers he introduces her as his wife to the two men who are there.

At the time she doesn't say anything but after they leave Hudson tells her that they are from immigration and that if he doesn't get married he will be deported back to Santa Via Island.

I'm not going to give away anymore of the story but you have to read it! These authors have done an amazing job and I hope we get to read more from them.

I received an ARC for an honest review.

Mmhmm.. Yep, this is a more than meets the eye book!

Well, that's not to say the cover of this awesomeness didn't grab my attention first... I mean HELLO!

Anyway..

I love office romance storylines, Evie Monroe and K.B Winters took that favorite and ran with it! Across borders!

This well written, detailed beast of a romance tale was so much more than I had anticipated!

Hudson and Mia have the kind instant connection that could be felt through the pages of my Kindle. I could have read about these two and the witty, hot power struggle between them while they battled to regain their senses and sweet light bulb moments all day.

A heart squeezing, sexy overload, surprising, had me at the first page read that I would recommend to anyone looking for a hot, arrogant boss getting brought down a peg or 4 by strong women with a twist!  
#ONECLICK MATERIAL I highly suggest checking out for yourself!
