Highland Heart Ruth Ryan Langan

The Way of the Warrior

Jamie MacDonald was a loner and had a dangerous task to unite the feuding Highland clans against a traitor's conspiracy. His desperate search for allies led him to Clan Gordon and against his better judgment, into the arms of Lindsey Gordon, proud, willful daughter of that noble house.

Lindsey knew too well the fearsome reputation of the red-bearded giant they called the Heartless MacDonald, and she cared little for his rough ways. Yet, even as she struggled in his unwelcome embrace, she longed for his noble heart that this warrior concealed so well.

From Reader Review Highland Heart for online ebook

Janie Weimer says

This book made me cry in a few spots. The pride Lindsey possesses despite life throwing her a curveball, is palpable and has the reader rooting for her in the end. Jamie's a good, solid guy trying to do a good, solid job despite some rough circumstances. It's such an enjoyable read when they find each other. I really liked this book.

Erika E says

I adored the hero as a background player in Highland Barbarian and I'm crazy over him as the lead in this book.

Jack Washburn says

Great series

The series just keeps getting better and better. With all the twists and turns I was surprised several times. I wonder what happened to book number three of the series.
