## **Hush** Deborah Bladon

From New York Times, USA Today and Wall Street Journal bestselling author, Deborah Bladon, comes Hush, the first instalment in the Just This Once Series.

I have three hard and fast rules when it comes to one-night stands.

Don't tell her your last name.

Don't take her home with you.

Don't knock her up.

I'm screwed.

Jane Smith was supposed to be a quick fling. I saw her as a brief escape from the never-ending drama that is my life as a surgeon in New York City.

Now, she's pregnant and scared as hell.

Oh, and apparently her real name is Chloe Newell.

It's probably not the best time to tell her that I'm the guy who ruined her life two years ago.

Author's Note: This romance contains a gorgeous doctor, an unexpected pregnancy and a past connection between the hero and heroine that could change everything. Hush is part of the Just This Once Series. Each book features a different couple and the books are not connected so they can be read in any order.

### **Rebecca says**

**I loved the book. All of her books are wounderful. I loved Evan and Cloie..they are a real lov story..even the dificult begining. Waiting for hear next book.**

---

An exelent book like all hear books.loved the story line and all the caractets. Waiting for the next book.  
Thank you.

---

### **Brandy Draper says**

#### **Always a 5 star with her**

I have never not given her books a 5 star. I loved these characters and the story line. Her details and descriptions are Always so vivid. She is good for my imagination.

---

### **MiMee says**

#### **Another great read from Ms. Bladon**

Deborah Bladon reads are always smooth and fun! I love how she ties in all of some of the characters from previous novels. It's as those the novels can re read alone, yet they build on each other. The characters are always likable. The male characters are of course always my favorite. Dominating and sexy as hell!! Always a good read!

---

### **Deborah says**

All the feels. Deborah Bladon's books are always awesome but this one had it all. The laughs, the risks and the special friendship that evolved were great to read. A standalone book worth taking the time to read!

---

### **Sandra says**

lectura rápida y muy buena, otro excelente libro de Deborah Bladon, historia excelente, romántica y

apasionada

---

### **Tess Cunningham says**

Another beautifully written story by Deborah Bladon! I think I have fallen in love with each and every man she's written about. Evan and Chloe have amazing chemistry. When you look back at the strength and perseverance that is Chloe, you'll be as excited as I was that she gets her HEA!

---

### **Robin Proffitt says**

#### **Surviving the Big C**

I loved this story and the twist in it, Deborah Bladon always throws us a curve, sometimes more than one. Evan is sexy as Hades and I Chloe is very strong woman determined to have great life. I love her books so much that I recently re-read all of her previous books before picking this one up.

---

### **Carol says**

#### **Hush**

Loved this story! Evan meets Chloe, they are both having a bad night, and it's about to get better. Each has so many secrets from their pasts, will/ can they get over them and move on? Awesome story, loved it❤️?.

---

### **Mistie Holley-huffman says**

#### **Unfinished**

I have read all of this authors books. Loved them all but this one seems unfinished. Couple of things brought up and never touched on again. Like how you get the sense from the beginning he doesn't want to be a doctor

---

### **Kelly Brock says**

#### **LOVED LOVED LOVED**

This was such a beautiful sexy read that I needed so very badly. This book came along when I needed it most. I've been in a horrible book slump and have been sorely disappointed in many I've read lately...until Hush.

Evan and Chloe are amazing! I loved how different aspects from their past are what unknowingly brings them together now.

This was sexy, fun, with a touch of emotion that leaves you feeling so happy at the end.

I loved “Worth” and “Hush” was just as amazing! So very excited for what’s to come next from this author!

---

### **Lauren Luman says**

I reviewed an ARC of Hush.

I've read so many Deborah Bladon books, and loved them all. This was no different, though there were a few aspects that I didn't love.

Though we find out why later in the story, and it makes sense, I wasn't a fan of how they secretive Evan and Chloe were about personal information toward each other. It just kind of rubbed me the wrong way.

But, I adored their chemistry and Evan's persistence in getting to know Chloe beyond the one night stand. How they help each other trust and move past the pain of their backgrounds. That's what love does. It heals and restores.

I also love how close Chloe is with her family. It fosters a support system that is necessary after everything she's endured. She's strong and driven, going for everything she wants out of life.

Love breeds miracles.

### **pamela d bryant says**

**Great!**

I chose this rating because this was a really good book. The characters were great. They gave you enough to keep you going, to be intrigued and wanting to know what was going to happen next. I enjoyed Evan and Chloe. Her ex husband was a real piece of work. I loved the way she felt about her three step brothers, they were crazy about her as well. Even her step dad. This was a really great book. I enjoyed it a lot. I recommend this book to all romance readers. Great read!

---

### **Vicki Blood says**

I've been reading a lot of books lately from more unknown authors and they are good. Takes a few chapters to get into the story then I'm hooked. They are so different to Deborah's books. First chapter bang. I'm hooked. Every chapter wants me reading more and more. Hence two days to finish Hush. 10 out of 10. Brilliant.

## **Kayread says**

The book actually had two topics I dislike-- one night stands and pregnancy resulting from one night stands. What made this one different for me was the fact that they both wanted to continue seeing each other immediately after that one night stand. Evan wanted her number that night. Chloe was a little reluctant only because of her past. The relationship sort of began that night. Evan was all in from that moment. Chloe took a little more convincing it wasn't just sex but she got there. I liked that they had something going before the word baby popped up. Looking forward to the others in this series.

## **Khrista Baxter says**

### **Miracles Happen**

Hush is a sexy, fun page turner I read in one day. Deborah Bladdon is one of the best romance authors ever! Hush follows Evan Scott and Chloe Newell. Evan is a very busy vascular surgeon who's job is his life. Chloe is an attorney who has had a lot of heart break in life. A chance meeting on a cold night in Manhattan sets these two on a path to happiness.
