La novia desafiante

Joanna Fulford

La novia desafiante Joanna Fulford

Eran tiempos difíciles para el amor...

Lady Elgiva, hermosa y valiente, era un trofeo tan apetecible como la tierra que ya dominaban los vikingos. El jefe Wulfrum se había quedado con sus posesiones y también se quedaría con ella, sería su esposa aunque no quisiera. Wulfrum era un guerrero de leyenda, pero la tenaz Elgiva sería la prueba más difícil que jamás había tenido que afrontar. Sin embargo, su reacción cuando la tocaba le indicaba que sentía la misma pasión devoradora que él. Esa batalla arrolladora sólo podía terminar de una manera...

Melann says

Oui, oui je sais. J'ai déjà dit que j'arrêtais avec les Historiques de chez Harlequin. Mais bon, j'étais en gros manque d'historiques et ce livre traînait sur ma liseuse.

Donc, ce n'est pas mauvais, mais ce n'est pas bon non plus :D

Meagan says

I really enjoyed this! I got it for 50 cents at a book sale and had no expectations whatsoever about quality, but I was impressed by the detail and the clear evidence of historical research. I also expected from the title and description that there would be quite a lot of non-consensual sex involved, but to my surprise, this was not the case. Though Elgiva is forced to marry Wolfrum, he does not force her to consummate the marriage until she is willing, and all the while he demonstrates respect for her opinions. It was actually nice to see a male character respect a woman to such a degree, especially given the time period in which the story is set.

Nyra says

Una buena historia para pasar el rato, muy recomendable para l@s románticos X)

Wild Rose says

This is a contemporary romance written in the frame of history, I didn't feel neither hero nor heroine were acting according to the mentioned time period. Actually I'm sick of authors afraid to portray the cruelty of such dark times so as not to hurt the feelings of the faint-hearted readers!

Cris says

Tentei ler o livro inteiro mas não deu. Eu tentei, juro, mas chegou uma hora que ficou insuportável.

Apesar do início interessante, que fala da morte do líder dos vikings, Ragnar Lodbrok (aquele viking tudão do seriado), e a da vingança deles, logo o livro cai na panaquice.

É sério, o líder dos vikings, Wulfrun, logo se transforma em um panaca que pretende ganhar o nobel da paz e a mocinha, Elgiva, quer o cargo de madre Tereza.

Ai gente, livro de viking não é pra ser chato desse jeito. Acho que a autora não se deu bem com o tema, e o pior é que faz parte de uma série que a Harlequin pretende publicar inteira. Haja saco!!!

Emily Crow says

This might be the stupidest romance novel I've read all year. It's so bad that instead of giving a proper review, I've decided to unleash the snark beast. (I might be misspelling the names, but I can't really be bothered to look in the book again to check). **Warning, spoilers everywhere!**

Wulfram: I'm an invading Viking! You will be my wife.

Elgira: Fine, but I won't have sex with you.

Wulfram: That's OK, I can wait. We'll just cuddle until you're ready.

Weeks pass.

Alewyn: Remember me, your previous fiancée? I've been hiding out in the woods plotting a rebellion against the Viking invaders. Come with me!

Elgira: No, thanks.

Alewyn: But we are engaged! You are rightfully mine!

Elgira: Meh, I was never that into you in the first place.

Elgira decides to have sex with Wulfram. Happiness ensues until Wulfram needs to go on a journey.

Elgira: BTW, Alewyn's out there plotting your death, so be careful.

Wulfram: How do you know?

Elgira: He told me, silly!

Wulfram: And you didn't bother to mention it? You deceitful whore! (Leaves in a huff.)

Elgira is sulking in the woods and has a chance to say goodbye to Alewyn once and for all. Imagine her shock when it is all a ruse to kidnap her!

Alewyn: Surprise! I'm going to "rescue" you and force you to marry me after we dispose of that horrible Viking.

Elgira: Oh noes, how can I have been so stupid?

Wulfram, still quite alive, comes by and sees that Elgira is tied up.

Wulfram: So, you were telling the truth about not deceiving me? I will forgive you and we can live happily ever after as soon as I get rid of this pain in the ass former fiancée of yours.

Elgira: Yes, please!

Epilogue:

Wulfram and Elgira are sitting around in domestic bliss, admiring their baby.

Yep, I just spoiled the whole book so no one else has to read it. You're welcome!

Read for Unapologetic Romance Readers 2017 challenge: Viking category

Melissa says

meh. I've read other historical romances based on the same premise; however, I felt no real anguish at the onset and no real passion at the end. The first love scene, you suppose, will be filled with helpless desperation. Instead rather, it was anticlimactic! (pun SO intended). I love historical romances that are filled with detailed imagery. This falls flat.

Galena Sanz says

Una novela que se lee rápido y que me ha gustado por su trasfondo vikingo. Me interesa la historia vikinga a pesar de tener escenas muy terribles, pero que se llevan de forma no muy desagradable en el libro. A pesar de todo, no he logrado ver nada especial en los personajes, me han parecido bastante planos y la historia es muy predecible con las escenas típicas en las novelas románticas, así que me ha servido para entretenerme pero poco más, a pesar de que no es una mala novela romántica sobre vikingos, ya que las demás que leí tenían un trasfondo poco estudiado y esta parece tenerlo más cuidado, no obstante, como digo, la parte romántica es sosa y predecible, lo que le resta mucho valor a la historia.

Nan says

Bodice ripper...skip those pages!

Kristy says

This was a cool story with a strong male and a strong female. Vikings over take Elgiva's town and one viking takes a liking to Elgiva and claims her, marries her and takes over her home. Throughout the book Elgiva struggles with her loyalty to her people and her growing attraction and respect for her new husband.

Sometimes I wished that Elgiva would have stood up to Wulfrum a little more. I know that she would have been punished, but I didn't like it when she would let him win. I guess I'm more stubborn, but I hate to give in. And the thing is, he LIKED that she was like that. He liked her strength, even if he was trying to get her to yield to him. There were more times in the book that I would have liked it if she would have pushed him a little more.

Favorite Quote

"A beautiful woman can make a man do as *she* wills. A clever one can make him think it was his idea."

~Osgifu

Biancalekki says

3,5 Stars

Libro entretenido, no quedará recogido en los anales de la historia como una obra maestra pero cumple con su objetivo, está bien escrito y tiene unos buenos personajes. Me gustan los libros con un trasfondo histórico y éste parece estar bien cuidado, sin entrar en profundidad o detalles pero construye un marco histórico realista. Es por esta razón que disfruté más la primera parte de la historia que la segunda, que se centra más en el desenlace del romance y se vuelve más previsible entrando en los típicos tópicos del género. Para resumir, un libro entretenido y recomendable para disfrutar un rato pero que probablemente no llegara a entrar en tu lista de favoritos.

Erin says

Nice and Quick.

I liked the story and plot line bit I don't think it reached it's full potential.

Good story though with an all together satifying ending.

Hanife says

LOL! They put a dress on her! Original one is nude.

Arlenís Ljónshjarta says

Historia entretenida. No fue la gran cosa, básicamente siguió el mismo curso que todas las demás historia de este tipo. No hubo giros inesperados o sorpresas de gran magnitud. Es un libro principalmente para pasar el rato, sin nada mas que hacer. Muchos de los personajes fueron inconclusos y no se les saco mucho provecho, solo fueron nombrados en cierto punto y luego desaparecen, como fue el caso del personaje de Hilda y los sobrinos de Elgiva, entre otros. Los conflictos, los mismos de siempre y con básicamente la misma solución, nada nuevo, nada del otro mundo. En fin, es bueno para distraerse por lo cual no esta nada mal.

Pang Thao says

I absolutely LOVED it!

Wow! After going through so many books that just didn't cut it for me, I finally found something I couldn't put down. I loved their love story and everything that let up to it. The writing felt so real, I felt all their emotions. Lol. I am definitely looking forward to reading the rest of the collection. Thank you Joanna, for an amazing read!
