## Meri Judy Mays

Part of the Celestial Passions series. Generations after the dols and orcs disappeared from Mediria, Lillalistross don al' Ademis from Drakan arrives with a tattoo of his clan totem, a dol leaping from the waves of a rolling blue sea, on his shoulder. Is he the prophesied "Path to the Dols and Orcs"? Can he lead the Medirians to them? Princess Merilinlalissa, eldest daughter of Mediria's monarch, has no doubts. This Drakian, somehow, someway, is connected with finding the dols and the orcs, and she's going to find out how. The fact that he's very tall, very handsome and very sexy only makes her determination to discover all she can about him, both in and out of bed, that much stronger.

## **From Reader Review Meri for online ebook**

### **Charlene says**

Damn! This book was too short. I liked Judy Mays "Briana" and "Sheala" so much; Meri deserved a longer story. It was good, but it could have been great...

---

### **Deborah says**

Otherworldly.

---

### **Natalia Trujillo says**

Corta pero intensa... Yo lo unico que puedo decir es que quiero la historia del primo  
YAAAAAAAAAAAAA!!!

---

### **Leigh says**

Call me nuts but this is the book that I like most in the series.  
A pity it's too short...

---

### **Patty Isla says**

Leído 2010

---

### **NaiaraGarmen says**

i love it

---

### **Amber manley says**

#### **Short story**

Shorter than what I would have liked...more like a prequel than an actual 3rd book...was hoping to find out if the orcs and dols were recovered.

---

**Normajeann says**

I give this 3.5 stars. It's a great quickie read. Took about an hour n half. Left wanting more though - this could have been a lot longer.

---

**Rachel- Goodbye Borders says**

It was nice to read how Meri and Ademis met.
