What is PRIMAL?

PRIMAL is a team of elite operatives, hell bent on fighting for the downtrodden and oppressed. A renegade agency waging a secret war against the untouchables; powerful criminals, greed driven corporations, and twisted politicians. With cutting-edge technology and tactics they strike across the globe with impunity, stepping in where governments fail.

PRIMAL books are dedicated to those who have fought for a just cause.

The PRIMAL books are best read in order:

1. PRIMAL Origin
2. PRIMAL Unleashed
3. PRIMAL Vengeance
4. PRIMAL Fury
5. PRIMAL Reckoning
6. PRIMAL Nemesis
7. PRIMAL Redemption
8. PRIMAL Renegade

PRIMAL Mirza and PRIMAL Inception are stand-alone prequels.

Vincent P says

I love the premise & mission of Primal. At the core, I feel the same way, wanting justice for all the unfair things that go on in the world.

I love how the cast of characters are so multi-cultural and not your typical Caucasian-only hero. A very rare thing to see and I love that! The author has done a great job in portraying the different protagonists in such a non-stereotypical way, it's very refreshing.

Robert DuRocher says

Well written with great info on weapons.

If you enjoy action and destroying evil these books are excellent. Great character development and exotic locations. The author masters this genre.

Jeanne says

Ahhh, idealism.

Well written and keeps your interest throughout. Any one who likes fast paced action will find their interest engaged here. Only 4 stars because the characters are not very realistic, way too powerful, lucky and idealistic. But if you want something lite and fun this is it.

Rodney Driggers says

Action, adventure, bangs

First time reader of PRIMAL and I love it
I'll be reading the rest of this series in the next few days.

Pxipenguin says

Lights, camera, action!

Maybe the best set of action books that I've read in a long time! Deserves five stars, all the way.

Kim A. Mann says

Good

Really enjoyed the stories. I liked the premise of the PRIMAL team and its functionality especially in today's troubled times

Diane says

A great start for a hopefully long series of PRIMAL stories!

The first book started slowly, but accelerated quickly. It got my attention and I did not want to put it down. I cannot wait for more sequels to follow!

I read this starter kit and was hooked - I've now read the entire Primal series and looking forward to seeing Book 10. These books would make an awesome Netflix (or something similar) series. Jack Silkstone's background with the defence forces really comes through here, as the stories are very authentic. They're also fast paced, engaging page turners - the stories and characters grip you from day one. One of the lead characters is a larrikin Aussie named Aden Bishop, who his friends and colleagues regard as a "sh*t magnet", and they're not wrong. As an Australian myself, it's nice to see a 'fellow' Aussie in the lead. But all the characters are great - as a woman, I enjoy reading about men who are unashamedly masculine but who put their hero genes to good use, protecting others from unscrupulous war lords and the like. Male or female, if you enjoy the action/thriller genre, the Primal series is definitely worth a read.

James T Siple says

Excellent book

I started reading the book and couldn't put it down. I have loved all the books in the series that I have read so far. And I plan to get the rest of the series so I can read them all.

Clifton Brown says

Good way to start a series

This box set has got me excited about reading the rest of the series. It was fast paced and full of action. The characters were diverse and that includes the good and bad guys. Plenty of different locations. There wasn't anything I disliked.

Vic says

New author and series to fill in between Clancy, Cussler and Dale Brown.

Like the series and will use it with my other favorite authors. Hope it doesn't slow down or get repetitive.

Pennie Collins says

Great exciting book

Really enjoyed this book. I love spy and rogue justice defenders. Realistic and exciting action. The cruelty treated and victimized have heroes to avenge them.

Ollie says

Reminds me of 30 minute 40's & 50's radio shows. Tight stories with a beginning and an ending encapsulated in time sensitive packages. Not great literature. But, good adventures. I will give Primal a thumbs-up and continue on.

Michelle says

An enjoyable read for fans of special ops, plot-driven fiction.

Tabatha The Librarian Pope says

Kicking Ass and taking care of business.

If you like action, this is definitely for you. Action and mayhem at every turn. I love the characters and the writing, keep em coming Jack.
