The Billionaire's Pregnant Lover

Elizabeth Lennox

The Billionaire's Pregnant Lover Elizabeth Lennox

Sydney Watson couldn't believe what a horrible person Dominic Carson was. From the first moment they met, he'd been rude, arrogant and threatening. And from that moment forward, the feelings he generated within her were confusing and intense. She refused to give in to her desires for him, but she couldn't seem to stay away. She told herself over and over again that she didn't like him, but she'd never felt so exhilarated and excited when he was close. And she didn't understand how he could make her feel so crazy with just a simple touch. Dominic terrified her, but she was like a moth trying to touch the flame.

From the first moment of meeting Sydney, Dominic knew that he wanted her in his life. Forever. He fought it initially, but he'd never met a woman who excited and turned him on while at the same time delighting him in her intelligence and stubbornness. And she only wanted him. Not his money or anything he could do for her. Just him.

Sydney was a heady, sensuous woman and he knew they were made for each other. So why was she resisting their attraction at every turn? He told her to trust him and she said no, and yet she melted in his arms with a simple touch. When she was scared, she turned to him, but she wouldn't even have dinner with him.

Sydney was going to be his. He just had to figure out how to convince her that their love for each other was powerful enough to overcome the differences she perceived.

Marguerita says

Reading the book description I was a little excited to read this book. I don't know how many times I read and stopped. I couldn't finish the book. For me the problems first started with how the POV is written. I got confused because it switched off each paragraph from the girl to the guy and became hard to really get into their thoughts for me. Also, since the beginning, the story was just not believable. Although he found her attractive at the beginning, I still believe that didn't require him to act like a jerk. I really wanted to like this book, but I just couldn't get into it.

Paula Legate says

This was an intense, passion filled romance. Dominic had an instant attraction to Sydney when she came to work for him. Instead of acting on his attraction, he came off as rude, and arrogant. I really liked Sydney's personality in this story. She stood up to him. Dominic also liked the fact that Sydney stood up to him. When Dominic could no longer fight his attraction, and gave in to the chemistry that was pulling them together, the passion was hot. Sydney was still leery of Dominic, and he had to work for her trust, and to win over her heart. I loved the way Dominic was always trying to take care of Sydney, and trying to feed her. Sydney didn't want anyone taking care of her, so she fought against it every chance she could. The banter between Sydney, and Dominic was really good. If you enjoy a good romance, I think you will enjoy this book!

Sample from chapter 2

The silence of the office created an intimacy she hasn't known existed before this moment. Her eyes looked up into his eyes, then involuntarily, they dropped to his mouth. She didn't realize that she'd licked her own, but she knew that her body was aching to see what it would be like to touch him, to feel his lips against hers. She had to get out of here, she told herself. But her feet wouldn't move. It felt like she couldn't even breathe. When his head slowly lowered to hers, she thought she just might faint from lack of oxygen. But then his lips touched. Slowly, ever so slowly, his mouth caressed her own. She felt her breathing shudder as she inhaled sharply. Then she lifted her face up higher, silently begging him to deepen the kiss. He promptly understood that message and her body went up in flames when he pulled her abruptly into his arms, his mouth devouring hers and his tongue demanding entry.

TONI GREENE says

Please reread book

You have a lot of misspelled words and phrases that are not stated correctly where he tried her favorite dress in the dressing room

Shirley Holt says**Love this book**

This is the third time of reading this series and I just love Elizabeth's characters. Dominic and Sydney were made for each other and just loved their characters. On to the next book in this trilogy.

Maddison Hoy says

What is it with these short stories and their abrupt endings! they drive me bonkers!
I loved this story he's such an arse and she's just as stubborn.
I wished it was longer and had a better ending.

Angela Crockett says

This was a great after dinner story. I picked up the instant connection between Dominic and Sydney. I liked the fact that they spent so much time talking on the phone and challenging each other. It surprises me when the Dominic says everything under the sun to get Sydney to marry him except I LOVE YOU. . . . Men can be slow tops some times. . .

Vashti says

Very enjoyable, but needed an epilogue!

Patrice Pilgrim says**Awwwww**

I really enjoyed this book. It moved at a particular place - the way that all Elizabeth Lennox books do. It was sweet and funny and I love the way that they were constantly arguing with each other.

mad4rombks says

Goodreads says I read this December 2, 2014 but I can't remember anything about it and nothing in my reading it today sounded familiar.

Melissa says

Why do I do this to myself? The only reason I admit to reading this book was because of the cover. I know you're never supposed to judge a book by its cover but I can honestly say that the outside is better than the inside when it comes to this one. The short summary of the story is he likes her, she hates him, they end up in bed together, (which is an area he lacks skills in) weeks later she's pregnant and they decide to get married, but not before confessing their undying love for each other. So now you don't even have to purchase this horrible story and its equally terrible characters because I did it for you. On to the next...

Tia says

Ugh, the heroine was such a push over, I wanted to vomit...

repeatedly...

The hero just kept pushing and pushing and I wanted drama, I wanted her to scream and say no but she just gave in to almost everything.

Disgusting.. sad sack of a woman.

Robin Lowman says

Challenges of true love

I'm a romance reader at heart, it's a great feeling when you know that you found the love to share your life. First time reading of this author but it want be my last looking forward to the next book.

Kate Walker says

I enjoyed this book very much. I felt like in the end that I would like to marry a billionaire and get pregnant. A Good book. Well done .Elizabeth

Brandy France says

Another top read

I am a huge fan Elizabeth Lennox. I like how she wasn't falling at his feet when she first met him. She argued with him put him in his place and he fell in love. When she becomes pregnant he is so happy but he never told her he loves her and that's why she's so upset about marriage, marriage is about love not sex. Speaking of sex the chemistry is off the charts between these two. you will really enjoy this book

Rashida says

Okay First thing I would say, If you know Elizabeth and her writing, Their is only two thing you can do.. You will Love her work or you will hate her work.. Simple as that...

So in short it is a nice pass time read as usual... Their are no cliffhanger, No exes, No Misunderstanding, No Secret hidden in the closet, (or i should say skeleton) No drama, nothing such sort of thing, if you are hooker to those things i mention, don't read the book, you will be disappointed..

But on other hand if you are Hooker to romance without any complication but A little banter of Stubbornness and Assholicy They I say Go for it, it is small so won't take lots of time and It is cute which give your face small smiles and little flutter to your stomach... I recommend buy the book and read it on the subway back to your home after your tiring day from work, and then till you sleep the book will be over... Tada.. No need to wait for trilogy a year or so...

Simple read and nice Character, I won't say Awesome, But Nevertheless Nice...
