DO NOT BE TURNED AWAY BY THAT RATING!!

it's honestly pretty rare for me to enjoy the beginning of a shojo manga - it's why that, in the past, I never usually continued them. I find beginnings of shojos a little cringey, a little too perfect and not usually my cup of tea. BUT I will be continuing this one!

While yeah, the plot of this is a little convenient, and its a bit instalovey and everything is a bit too perfect, I really liked the characters, the art style, and I'm interested to see where it goes! Hopefully it gets better from here on out :)

Ahh! I'm so happy to be reading more from Ichigo Takano! Orange is probably one of my favourite manga of all time! When Jesse told me about this series, I knew I had to pick it up! i really didn't even know it existed!!! It was so cute and, of course, very beautiful to look at and read! I can't wait to pick up all of the other available volumes and continue reading!

Sydney (sydneysshelves) West says

I really wanted to love this because I loved the first part of Orange. But I really struggled to buy into the premise of this book. Like you run away from home (bc you're a spoiled brat and don't understand ppl) and you meet a guy LITERALLY sleeping in the park who says you can live with him if you "fall in love" and

"find a dream". You think to yourself "This is an awesome idea!!" Um no... Creepers be creeping...

Rod Brown says

The author is so awkward in getting the premise set up, that it almost derails the book. I think the runaway girl moving into a house with three guys was supposed to be whimsical, but it came across as sloppy and/or downright loony. But once the situation portion of this romantic comedy had been established, I started to become involved in the relationships between the characters and found myself looking forward to getting more volumes from the library.

Mir hat es hier noch an Tiefe gefehlt. Ich glaube, dass diese im Laufe der Reihe noch dazukommen wird, aber hier war es mir definitiv noch zu wenig.

Laura D says

Shimana is quite unlikable in this first volume and the character designs are a bit off for me but as I loved the author's other work Orange I will stick with this.

Edit: After a couple of volumes this manga gets really really good and Shimana becomes much more likable.

- this was a super cute manga, its fun and an enjoyable read
 - I'm looking forward to seeing how the friendships and relationships grow
 - So far I like the characters, though the main character is pretty cliché at times
 - The art is super nice and I'm looking forward to seeing where this series goes

I wanted to explore some more manga and this sounded like an interesting and cute read. I didn't realise it was by the same author who wrote Orange - a manga series I LOVED. I had high expectations because of this, but it really didn't live up to the hype.

I couldn't believe this was written by the same author. The story line felt rushed and the characters were not fleshed out enough in my opinion.

It was obvious that the author was trying to make the plot whimsical but it really did not work. I just couldn't wrap my head around the fact that the parents of the main character would allow her (an underage girl) to move in with a group of boys they don't know.

The main character was also very annoying and immature and she would fall in love with a stick if it moved.

The 'romance' element felt very cringey since the main character fell in love with one of the guys as soon as she met him. She then obsesses over him throughout the rest of the manga. I know the author was trying to take a comedic route with this manga but it just didn't work for me.

I gave it a .5 stars for the personality of the guys, but I just felt there was no real plot and the characters could have been fleshed out a little more.

I don't think I will continue with this series unless I hear that it gets a lot better.

I read this because I am exploring some romance shoujo manga (primarily for girls) for a class and because my friend Lauren begins her review this way:

“Awwwww, this was perfection!! Ichigo Takano does it again! I LOVED THIS SOOOOOOOOOOOOOOOOOOOOOOOOOOOO MUCH!!”

and I have agreed with Lauren's views most of the time, so of course I read the first volume. Wouldn't you, based on that review!!? I also really like the author's Orange series, so I was twice encouraged. I haven't yet fallen for this one yet; not as good as Orange, in short. Or not as compelling as My Love Story by Kawahara. One of these popular shoujo series is called So Cute it Hurts, and let's just say that this one is not THAT cute yet, but it is still pretty cute for a first volume.

Teen girl Shimana Kameko lives in a home where she feels she doesn't belong. Her mother is dead, her father has remarried, her six-month-old baby brother (with new mom) is privileged over her. She hates her name. So runs away, moves in with a twenty-something and his way cute friends (Fujiwara, Zen and Asahi; the latter is the love interest). I think girls will like this, so am testing this with some teens in the vicinity. I'll check out a couple more volumes.

Ichigo Takano does it again! What fun characters!

Raeleen Lemay says

This was so cute and funny! I love how weird all of the characters are.

Augusta Whittemore says

Incredibly cute, solid start. I'm getting some major Fruits Basket vibes (my favorite manga *ever*) and I'm excited to see this continue on the upward trend. The characters are likable, the situations (while a bit cliched) are exciting, and I like all of the different directions this story might go! I'm glad the author takes the time to flesh out her secondary characters, as well. Off to a good start :)

Awwww, this was perfection!! <3 Ichigo Takano does it again! I LOVED THIS
SOOOOOOOOOOOOOOOOOOOOOOOOOOOO MUCH!!

Dreamin' Sun is a romance sh?jo manga series following a teenage girl called Shimana Kameko. She decides to escape her family home by running away since her mother has died and her father has remarried another woman and had a child with her. Feeling sidelined, she walks through a nearby park and falls over a man asleep on the floor. His name is Taiga Fujiwara who just happens to be a landlord and offers Kameko a place to stay...and from there...ahhh, everything is just so CUTE!

Kameko lives with three guys (Fujiwara, Zen and Asahi) who are all super adorable in their own way - I must say that I prefer the first two, despite the latter being Kameko's love interest, and documents their exploits in the house.

Dreamin' Sun vol. 1 introduces all of the different characters and their various personalities, and I found myself LAUGHING OUT LOUD a lot! It's super-cute and I cannot wait to read the rest of the volumes. I have a feeling this is quickly going to become one of my favourite manga series EVER!
