The first two years of your puppy's life are a crucial time in his or her development. By teaching your puppy early and using positive reinforcement methods, you will instill in him or her a cooperative spirit and a lifetime love of learning. Instead of focusing on curbing bad behaviors, this guide will help you **establish a lifetime bond with your puppy** as you teach him or her **skills ranging from beginner** ("come," "stay") **to more advanced** ("tidy up toys into a box," "fetch the newspaper").

Positive reinforcement methods are the fastest and easiest way to teach a puppy. These **anxiety-free** methods produce a joyful puppy who is a willing partner in the learning process. **Trick training builds relationships** by deepening communication pathways, trust, and mutual respect. It offers a way to bond with your puppy as you strive toward common goals and delight in your successes. The **trust and cooperative spirit** developed through this process will last a lifetime.

Step-by-step instruction guides you through the simple steps of teaching a trick. **Troubleshooting ideas and tips** provide solutions to common real-world challenges. **Photos of every step** of the training process show you exactly what to do and take the guesswork out of teaching.

The chapters cover:

Preliminary Skills: respond to a clicker, kennel up, find me, and more.

Body Positions: sit, down, crawl, roll over, kisses, and more.

Coordination: tunnel, teeter board, hoop jump, flying disc, and more.

Communication: ring a bell to go outside, leave it, sit before chowtime, and more.

Shape Behavior: fetch, open the door, hide your eyes, and more.

Chaining: litter in the step can, soda from the fridge, mail from the mailbox, and more.

An appendix **lists the tricks by skill level** so you can find the just the right tricks to teach your puppy. A glossary of terms ensures you'll know exactly what is being discussed.

Bond with your puppy as he or she gains confidence and learns amazing new skills with *51 Puppy Tricks*!

Should be fun for puppy and us

So looking forward to teaching our puppy these tricks. She loves learning and she will love the challenges and building on what she already knows

I read this book through but haven't tried it with my puppy yet; intend to ASAP. Still the value of the information in this book, beyond tricks, makes it a suggested read for any puppy owner. When your puppy is older, you can expand with "101 Dog Tricks" which I also suggest.
