## Blind Ambitions Lolita Files

**From the author of *Scenes from a Sistah* and *Getting to the Good Part*, a provocative, dynamic story about making it big in the city of desire**

Hollywood. The place people go to fulfill their dreams. But its reality is a cruel one: Opportunities are few and the competition ruthless. Innocent hearts can suddenly turn dark, and the most loyal of friends can become bitter enemies. Desi, Sharon, and Bettina are three black women struggling to make names for themselves amid the glitz, glamour, and deception. Before each woman can be swept away by the intrigue and intensity of the entertainment industry, they must answer to the desperate calls from the ghosts of their pasts. But if they do, will the shadows of infidelity, abandonment, and murder destroy everything they've worked for?

## **From Reader Review Blind Ambitions for online ebook**

### **Matthew Brown says**

Pretty enjoyable, but the drama got a little unrealistic.

---

### **Catrice Gilbert says**

It was a little too busy.. But otherwise a good book!

---

### **Mom Taxi Julie says**

I picked this up at the library not realizing it was a black story line. I actually stopped reading it and read something else but then I didn't have anything to read so I finished reading it. It was a pretty good book but almost felt like a beginning writer wrote it. And it all worked out to easy in the end.

---

### **Valencia Quarles Shelby says**

Lolita Files does a wonderful job in this book. As per her style, and based solely on my experience when reading her novels, she left me hanging on yet another cliff. Blind Ambitions leaves the reader with the knowledge that faith, honesty, perseverance and determination all play a role in the overall human experience. I absolutely love this story.

However, with all of this being said, I am still curious as to whether or not there is a sequel to this story. What happens to Hazel/Meredith/Elise? Does Desi, Sharon, or Bettina get everything they're searching for? How in the world is Sharon as a parent (Goodness knows I am praying for her child!!!) Will the relationships flourish or flop? No one knows but Lolita...hopefully we'll find out soon!

---

### **Nascha says**

I really enjoyed this book by Lolita Files. Set in Hollywood, Files explores the lifestyle, ambition and choices of three women all looking to succeed in Hollywood. It is the first book that I have ever read by Lolita Files and I was very impressed. She is a fine writer and I wish that she received more attention for her work.

---

### **Yolanda Knight- Palmer says**

Pretty good read about three African American women in show business in Hollywood. I enjoyed the story.

---

**quatina Rockmore says**

The ending was good. but i expected a little more considering the build up with prologue. I was expecting something different, but all an all I think it was good.

---

**Syieve Locklair says**

A quick and wonderful read. Lolita's writing style is addictive and pleasant. She's able to pull you in, make you love her characters, and throw you a twist in the story line as soon as you think you have it all figured out.

---

**Diane Collins says**

Good summer read. Enjoyed the story line and characters.

---

**Nathan says**

Lolita Flies novel ,Blind Ambition, was a change from the books that I normally read. It was set in Hollywood and it explores Show business through the eyes of 3 African American women. It shows the reader how your luck and life can change on a dime. It was a wonderful book and I would recommend it for many of my friends.

---

**Isis Smith says**

I like Lolita Files' work, so I was pleased to find this one on sale for \$1 at a used bookshop. This is great reading if you're traveling, or are reading to relax--you won't have to expend much mental energy. It epitomizes urban lit from this time period (c. 2000), with lots of specific descriptions of people's outfits, musical tastes, and interior design choices. nothing about this story is spectacular, but nothing is terrible, some parts are clever and elicit a genuine chuckle or two, other parts are quite trite and hackneyed. Definitely not Files' best work, but perfect for when you're in the mood to read something light and not be overly engrossed in the story line.

---

**Janet says**

I was ok.....didn't pick up until near the end....

---

**Joan says**

Good story line. Shows how a little faith in God will turn anything intended for bad, turns into a blessing.

---

**Toye Mitchell says**

lolita did a great job i absolutely loved it.it kinda boring but i loved how every question i had she answered it . blind ambitions is a page turner and she predicts the feature of WB which is CW now funny great read
