Buy Me 3 Alexa Riley

Antonio "Don" Cortez has been running Vegas for most of his life. After taking over the city, he's left with a lonely life, living through his family and thinking there's nothing more.

Peaches is looking to take Vegas for as much as she can before she skips town. She's counting cards and raking in the money until she catches the eye of the owner of the Golden Peacock casino.

What happens when something ignites inside Don that he's never felt before? What happens when this sassy southern belle finally meets her match?

A virginity auction...obviously!

Warning: Don is immediately lost to Peaches, and insta-love is ablaze. This story includes their over-the-top HEA and a bonus story at the end...the Madame of the Auction finally gets her turn. It's a ridiculous ride, so grip those Kindles tight!

Maya says

I am always nervous and at the same time very excited by what those two ladies will throw at us next. You could say their stories are my guilty pleasure and one should never read them in public! Trust me! Gosh, I love these two authors! And yes, there are two of them! They know just what to write to make me fall in love with the story and characters. So, it's no wonder that this book was no exception. I loved it! Especially, Don!

No one takes something that's mine, and she's that. I won't allow even her to take herself from me.

He's the perfect combination for a boyfriend. Alpha, bossy, super protective and caring but also knows when you need to see his more softer side. I mean, seriously, what's not to love! Right? OK, fine, so he may have some stalkerish tendencies, but it's all in the name of love! So, who cares?! And let's be honest, he does make up for his flaws in the bedroom. Yowza!;)

As if that wasn't worth buying the book, wait till you hear this! Not only do we get Don and Georgia's story, hell no, we also get Leo and Samantha's!!! I loved these two together, they were so perfect for each other. And although I sometimes felt bad for how long it took them to finally get together publicly, the wait was so worth it! The only thing that left me a bit sad is that there will be no more Mistress Auctions!!!

Yes, I'm not kidding! But I'm sure Alexa Riley won't let us down with their next stories! If you can count on one thing, this is it!

Buy Me #3 is a perfect read, with two wonderful stories!

Safety-gang: Safe.

Astraycat says

** Received an ARC from Ardent PRose**

1. Antonio and Georgia 4.5 stars.

I loved this story! A hot short read. Although Antonio knew Georgia was counting cards in his casino, he didn't care, all he wanted was to have her. Georgia did have some doubts about rich men at first, but Antonio's determination and Sam's help made Georgia believe Antonio really cared about her. And I loved the epilogue.

2. Leo and Samantha 3.5 stars.

If you've ever read the previous books of this series, you would remember who Samantha was, she ran the Mistress Auctions. Leo was a sweet guy who was willing to wait for Samantha admitted her feelings for him. Liked the epilogue.

Alba and Her Secrets..♥ says

5+ 'Sweet Cream + Madame Auction' Stars!

Definitely my favorite story in the *Mistress Auctions* series! Loved Don and Peaches and their sweet, funny and sexy moments. Alexa Riley is the queen of smutty short stories!

And the additional story about Sam and Leo? Finally they get their HEA too and I LOVED IT! Totally recommend reading this series!

Eve Recinella (Between The Bookends) says

What can I say, short, sexy, hot as hell...loved it!

Jayme says

I don't think that writing short stories is easy. To give emotions and interesting action in several pages? In addition ignite all your senses? The author under the pseudonym Alexa Riley does it perfectly.

It already is in some sense a fenomen, which has grown to such a scale that more and more people read it and liked it. I for a while definitely reach for these books, and always have a lot of fun. We have here two stories. The first longer is about Antonio "Don" Cortez and his Peaches. And a bonus is about how Madame of the Auction found her the one. Both are sweet, naughty and with a perfect HEA.

Don and Peaches are the couple when an older man sees a beautiful innocent girl that makes him obsessed caveman who needs to have her, and will do anything to have her, even spend a small fortune to have her. She is sweet and sassy, perfect woman to tame this man. It's funny, charming, and when it comes to scenes in bed ... You know, it never disappoints.

If you've read the entire *Mistress Auctions* series you surely can not wait for bonus story about Samantha. And although it is very short it can melt your heart. There was a lot of oh... and ah..., and yeah, I like it a lot. It looks a bit like the end of the series. If so, it is perfect. All characters have created a truly amazing gang at the end. No, not in a sexual sense, you naughty one!

Looking forward to the next dirty stories of these two wonderful ladies.

ARC kindly provided in exchange for an honest review.

Soonya says

Loved first story, which was about Antonio and Peaches. He was possessive and head over heals, and she was sweet. Only warning is that he is more than 20 years older than her. Safe, he was celibate for long time, she was a virgin. Epilogue was cute!

The second story didn't work for me, about madam of those auctions. She reminded me a lot of Jannet from Taking the fall series, and well her book was my least favorite. I don't know...I guess I prefer sweet girls from this author and not heroines who were burned in the past.

I think it's amazing though that Alexa Riley surprises us once again with more than one story!

Review to come...

Bookloverme says

A beautiful ending to this series. This book has 2 stories.

First was about Antonio "Don" in his forties and Georgia "Peaches" in her early twenties.

Don was a very wealthy man. He owned a lot of businesses including the Golden Peacock Casino.

Georgia's great at playing cards. She always played in Don's casino. He took her to dinner and they went back to his room after. They didn't have sex but she left the following morning to run away. But Samantha, the owner of Mistress Auctions, stopped her and asked her to join the auction. And told Don about it after she agreed.

I mentioned in my review in book 1 that the Cortez brothers were the richest men in the city. But now, Don was the richest man in the city. From the champagne to the bidding, yes, he's definitely the richest man in Vegas.

And it's funny when Georgia found out something and texted Don about it. Don got so scared thinking she's leaving.

The second story was About Leo (I don't know his age) and Samantha, 34.

She ran the Mistress Auctions and he's into construction business. She's holding back on him because she's scared to give all of her. She thought she didn't deserve Leo's love and that he'll just leave her soon but he's just letting her have her way.

It's also good to see the previous MCs got together at the auction and what happened there was a great surprise too.

Both stories had epilogues and I loved what happened in their future. A perfect way to end the series.

3.5 stars

I call these stories a palette cleanser. I needed a break from what I was reading and took a quick stop on the slightly smutty train!

First story - Don and Peaches. Ok being from Georgia, I hate the nickname, but whatevs

I enjoyed it, really liked Don, did not really love Peaches, but appreciated how she handled the revelation at the end. Any longer and I would have wanted to kill her though. It was fun, with almost zero conflict.

Second story - Sam and Leo

I would have hated a book about Sam, because she was a bitch on wheels with too many issues, and Leo, because he put up with too many of her issues. However, I did like how he just planted himself in her life and never left. Kind of cute in an adorable stalker kind of way. But, I really liked this short story! I felt this one had more heart and emotion than the first. Did not have a clue what the hell Sam was doing at the end or why. It made ZERO sense to me. But I loved Leo's reaction..."If one motherfucker bids on her, I'll burn this place to the motherfucking ground." 'nuf said!

Barbara? says

Loved Don and Peaches' story but OMG! I love Don...Peaches, eh she was okay. She didn't do much for me. But, Don...yum...yeah....Don...so yeah...I loved Don. Did I mention that I loved Don?

Samantha and Leo's story...well, I think another of my GR friends said they wouldn't have liked a book about Samantha and I have to agree (CC I'm with you on this one). I did not like her in any of the other books. I really didn't care if she got a HEA. But, it was still a good, smutty story. And Leo was such a sweetheart by sticking with her and not letting her go. It takes a special man to love a woman like that.

Sweet to see all the others...sad this is the last Buy Me...
It was good to see where they all ended up and all the babies!

Elle says

3 for Buttering my Biscuit STARS!

Antonio 'Don' Cortez & Georgia 'Peaches'

I must say I didn't remember about Antonio/Don himself, but his last name Cortez kinda remind me of someone. Forgive for my fish memory. Hahaha... So this is the Cortez brothers' step-father finding his true love. He's kinda old and George Clooney look a like so I don't have any complaint. This man amazingly yummy and filthy rich! He's still have prime look will melt your panties.

Peaches (Okay, her name is kinda silly but whatever) caught Antonio's attention from the first moment she walk into his casino. She made herself money in order to survive. Her past isn't pretty after her mother's death. I kinda liked her because she's self-confident and smart.

I could feel the chemistry between Antonio and Peaches even it's insta-love but Ms. Riley could connect this two very deeply. They haven't admit their feeling but it's clear as sky they in love with each other. Their sex isn't filthy but sweet as fuck and romantic. Antonio's dirty talk was my undoing *heavy sigh* I think 3 stars is enough for what I felt towards their story. It was quick, fun and hella sweet! Unbelievable and over-the-top but still enjoyable :)

Samantha & Leo Ramsey

We never have much information about these two but their story is in this book. I'm kinda rooting for Samantha's story but it turns like I expected, though. Samantha is the owner of Mistress Auction in Vegas and has strong connection. Her past was horrible but it makes her stronger. Her first meet with Leo changes everything. Leo never stop chasing her. He always attend her auction just to seeing her. They have 'secret relationship' but never revealed so far.

I'm kinda disappointed with their story. Why? I hardly enjoyed their chemistry because it didn't enough and super short. Too much narration. I want more surprise and filthy rough sex. Their sex is sooooo vanilla; isn't what I imagined. Too sweet, too romantic, too appropriate. Only 2 stars for Sam & Leo's story.

The ending was too much for my. Not my cuppa. Everyone end up having children.

Is this end of Mistress Auction? We'll never know...

Sabrina The Trash Queen says

3 stars

Just how in the world all of AR man's are rich and love their women more than anything? Where can I find one? Damn.

Marianne says

So many virgins... so many willing billionaires...

Reminds me of this commercial, especially since Don is described as a Clooney lookalike. Enjoy!

<http://www.google.no/url?sa=t&sou...>

Oh well. Smuttylicious daydream but not what I would call quality reading material ;-)

Hana ? says

4.5 Stars!

Another hit! I really enjoyed the bonus story but the first story was off the charts HOT. And seeing as it was the last book in this series it was nice to see an epilogue with all the little munchkins :)

God. I cannot reiterate enough how much I love Alexa Riley. Just saying.

I love you! OK, Bye.
