### **Maria Hammonds says**

#### **Whew!**

Over all the complete set was worth the read.

Separately, some were not. There were books that left things open ended, as well as the ones that got it right. Being start, plot, middle, and the ending. Good thing they put them all together.

### **Catherine Marie Meyer says**

#### **different**

the stories are strongly written. the debt story was very emotional, and thought provoking. I really enjoy getting many stories in one book.

### **Donna John says**

#### **Djohn**

Suspenseful. This collection of stories takes hold of you at the very beginning, keeping you wanting more. And more is what you get. Love does find a way, but there are always obstacles to overcome.
