Engaged to the Single Mom Lee Tobin McClain

The Millionaire and the Mechanic

Single mom Angelica Camden's determined to fulfill her sick son's every wish. At the top of the list is moving back to her hometown to be near family. His second request? Lots of dogs! Gathering her courage, Angelica asks her former fiancé, a veterinarian with a dog rescue farm, for a job. Though they're growing close again, Angelica can't bear to tell handsome, honorable Troy Hinton the painful truth about why she fled town and broke his heart. Yet when he discovers her son's biggest wish is for a father, Troy's shocking suggestion of marriage may just make all their dreams come true.

Debbie says

I had the honor to review this book for the author. Angelica and Xavier's story is really sad. When she loses her special aunt and moves back to her grandpa her life changes. Watching Angelica struggle to raise her sick son is so sad. When she goes to Troy for a job her life will start to get better. Watching Angelica and Troy's relationship grow to help Xavier is beyond words. You will feel God working on these characters. You won't be able to stop reading this beautiful story.

Nicki Olsen says

Engaged to the Single Mom by Lee Tobin McClain

Book Description

Angelica Camden does NOT want to do this. To ask the man she loved, and left without warning 7 years ago, for a job as his assistant...but it wasn't about her. It was about making her 6 year old little boy happy and if he wanted her to work at the kennel, she'd do everything in her power to make his dreams and requests come true. Though her grandfather is against the idea, Angelica gets the job as Troy Hinton's newest assistant. She thinks it'll work...until a crazy suggestion makes her head and her heart spin. Can they ever trust one another again? Will her little boy get the daddy he deserves?

Troy Hinton can't believe he gave the job of assistant to his former fiance...the same fiance that ran off and apparently cheated on him. Trying to get over the attraction between them, and get around with a broken leg, he's more confused than ever. Then he goes and asks her to marry him! Can he be the father that Xavier needs? Can he ever trust the woman that left him with no explanation?

What I liked

I really loved "Zavey Davey" as Angelica affectionately called little Xavier. I also loved that Lee focused on the "rough, tough, no one wants them" dogs to be the focus of Troy's rescue. It shows people, and animals, aren't always as they seem..and neither are situations.

What I didn't like

Troy jumped to a lot of conclusions throughout the book. I don't know what I would do in his place but at times it was aggravating. In the end though, the book was really good and I wouldn't have changed anything. If you're looking for a romance, I should tell you that there was only one kiss throughout the book. So you know. ;)

My Rating

My rating for Engaged to the Single Mom is...

4 1/2 stars!!

My overall opinion

Engaged to the Single Mom by Lee Tobin Mcclaire is a heart wrenching, sweet story on trust, hope, and second chances. Worth it's 4 1/2 stars!

*I received this book from the author in exchange for an honest review. All thoughts were my own and I was not compensated in any other way.

Bonnie says

Engaged To The Single Mom by Lee Tobin McClain was a very good book. Single Mom Angelica Camden moves back to her home town to be near her grandfather. Her son is very sick. She applies for a job working for Troy Hinton. He is recovering from an injury from a fall. Troy needs help at his dog recovery and vet office. Troy and Angelica were engaged seven years ago and she left town without telling anyone why. They have a rocky relationship now. A lot goes on in this story. A very good book. A must read.

Susan says

This was a great book. I was caught up in it from the very beginning. The characters were very real. I was amazed at Angelica's trust in God after all she had been through and I got frustrated with Troy more than once. The last 3 or 4 chapters I read with a Kleenex box and I had to keep stopping to blow my nose and wipe my eyes before I could continue, but I didn't want to stop reading. I would recommend this book. I was sent an e-copy of this book in exchange for my honest opinion.

Pam Koenig says

Good storyline, but I wanted to slap the major characters upside the head.

Pam says

Engaged to the Single Mom is a Christian love inspired novel by Lee Tobin McClain. It is a novel that explores rape and its aftereffects on the victim and the man who loved her. Unfortunately, the rape also had the effect of producing a baby. Violence is inferred but not shown. Angelica Camden has returned to her hometown. She and her son moved in with her Grandfather at the Senior Towers; but they were limited to a two week stay. She was determined to get a job and find an apartment for herself and her son, Xavier. She has raised him by herself for the last seven years which due to his having leukemia was a very difficult task. Until her death, she did have the help of her aunt; but now has

only her Grandfather. Now she is headed to the local vet to answer his ad for an assistant. He also rescues dogs. Xavier wants her to get the job so he can play with the dogs. What he doesn't know is the vet is Troy Hinton, her former fiancé. She left him without explanation seven years ago. However, to fulfill her son's dream of being surrounded by dogs, she is willing to face him and ask for the job.

Troy Hinton is confused and angry. He is angry at himself for trying to roof the barn by himself and for falling and breaking his leg. Now he has to find someone to help him run his practice and his dog rescue farm. The problem was there was only one applicant for the position- Angelica Camden. He was terribly hurt seven years ago when she suddenly left and he had been unable to find out why or where she went. He really wants to order her off his land; but another part of him wants to see her- to see how or if she has changed. When he realizes she wants this job more for her son than for the salary, he finds he can't be the one to dash Xavier's dream.

As Angelica and Troy try to find a middle ground on which to work together, Duke, Troy's sometime assistant and a friend of Angelica's from high school, comes on the scene to ask her for a date. Angelica would refuse; but she has some idea of dating someone to be a stand in father for Xavier. He wants a Dad. Troy finds himself jealous and angry that someone else is going out with Angelica. Can they resolve their differences? What about Xavier's leukemia? Who is his father and where is he?

Robin says

I just finished Engaged to the Single Mom and loved it. I was engaged from the first paragraph and experienced a wide range of emotions throughout this book. Pain for Angelica as well as sadness. Anger at Troy for his immature reactions after he said he had forgiven Angelica and his lack of trust. Truely a wondeful book. I was given a copy of this book by the author for a fair review. Highly recommend this for all.

Ann says

Another one of Lee's books that I really liked. She tackles some touch issues in this one - rape, a child dealing with leukemia, and mistrust because of past issues, but she handles them in a beautiful way as she shows through the story line that with God's love and mercy anything can be overcome and there is forgiveness and second chances. I was wrapped up in the lives of the characters from the first pages and read the book in one setting because I couldn't put it down. I was given a copy of this book in return for an honest review, and this is another one by this author that I can whole heartedly recommend.

Linda Rainey says

Engaged to the Single Mom by Lee Tobin McClain is more than a Christian romance. This book delves into serious issues, cancer ,violence and broken dreams.

I loved the character of Angelica and how she dealt with trauma and the life threatening illness of her son. The character of Troy shows us a man dealing with conflict and finding his way back to God's grace. If you are looking for a book with no conflict and forgiveness, then this is not the book for you. This book was another excellent book by Lee Tobin McClain.Thanks again and I look forward to more.

A copy of this book was given to me in exchange for an honest review.

Paula says

Angelica returns home for the first time in seven years with her 6-year-old son who has leukemia. She's desperate for work, so she answers an ad from her former fiancé, Troy, to work on his dog rescue farm. When Angelica broke off their engagement, she left town with no explanation to Troy. When Troy sees her again, and with a young son, he feels she betrayed and cheated on him during their engagement. He wants to turn her away but finds he still has feelings for her, and he also can't resist helping her sick little boy.

This was a wonderful second-chance romance with extremely likable and sympathetic characters. Angelica was a very strong heroine. She was a victim of rape and her son, Xavier, was a result of that. She kept the rape a secret from Troy because she felt shame and thought that he wouldn't want her anymore. Troy felt that she betrayed him with another man but yet he still can't help but care for her, and so he proposes a marriage of convenience to help her out and to be a father to Xavier, who so desperately wants one. I really loved that Troy rescued dogs who were unwanted, and the dogs in the story were so lovable. Little Xavier was such an adorable boy who had faced so much hardship in his young life, and he stole every scene he was in. A very enjoyable, heartrending, and heartwarming story.

Michelle says

This book was GREAT! I loved the emotions, the fights, the blaming, and the figuring things out. I can't say much without giving stuff away, though what happened to the heroine is pretty obvious from the beginning. There were times I absolutely hated the hero, but I think he was very human. The emotions in this book were so intense and so great - I could hardly put the book down!

The story of Xavier was very good as well...His story was emotional.

I am already reading the next book in this series!

Pam Graber says

I enjoyed this story. Some actions are very hard to forgive and Angelica is asked to forgive one of the worst. Love how this woman will do anything for her very ill son, even brave her former fiance's scorn, in order to bring happiness to a little boy.

Pick this one up! It's a quick read with a lot of depth to it.

Bhriv says

A lot of emotions in this book! A single mom who has a lot of baggage is trying to figure out how to make

her son's life wishes come true. She would do anything for her son, yet the past keeps coming up and being a stumbling block with some people. Will she be able to forgive those that did wrong to her and forgive herself for the pain that she inflicted upon herself so that she can have a future? A well written book with a lot of things that people can relate to...I was gifted this book in exchange for an honest review.

Kristine says

Very good

I really loved this book. To write wispy real life and something so painful takes a really great author and Lee Tobin McClain is that author. Can't wait to start the next book.

Kathy Heare Watts says

Healing through love and faith

This is a very emotional story to read, one that deals with childhood cancer, a violent crime of rape and the damage that leads to a broken relationship. It is a stark reminder than pain and heartache also happens to good Christian people. As this story unfolds I was captivated with the characters and how each person must deal with heartache. Angelica lives with shame and fear, but her son Xavier is the light of her world. She is so strong and compassionate with her child, not knowing if his cancer will come back and take him away. To come back to her hometown and face Troy, the man she loved and was engaged to before her world crumbled. It is a reminder that we should be careful about our actions and doing things that we know are wrong which makes us vulnerable. As the story unfolds with its twist and turns I hurt for all the pain one terrible night caused for so many people and for so many years. It is also a reminder to be careful of what you say in the heat of anger, because those words cut deep. The ending of the story with its HEA ending gives us hope that forgiveness and healing can happen.
