Five Golden Rings

K.L. Brady

Five Golden Rings K.L. Brady

Kristie fell out of love with Christmas in D.C. when her father died three years ago. But this Christmas is different now that she's engaged to Zach. She's ready to embrace the spirit of the season again, at least until she catches Zach with another woman on her way to the National Tree Lighting. She confronts him and runs out of her nightmare, but arrives at Presidential Park just in time to trip over a dream...

A.J. Dawson is back home in D.C. after a whirlwind global music tour. All he wants is to celebrate a quiet, traditional D.C. Christmas with his socialite almost-fiancée, Sabrina, but she's got different ideas—A.J. serving at her beck-and-call, hanging on her arm at high-class parties, while ignoring his every wish, except one. Fed up, he's determined to enjoy the season his way and makes his way to the National Tree Lighting, a moment too late to get in before the gates closed, but just in time to fall for the right girl...

When they are unexpectedly parted with only each other's first name, can a Missed Connection ad and a little Christmas magic bring them back together?

Reading in Black & White says

The secret to an excellent novella is that even though it is short on pages it still delivers on a full story. Five Golden Rings starts by giving us Kristy and A.J.'s backstory. I instantly felt a connection to both of them and wanted them to "win" at the game of love. And, when A.J. said this I had to stop, think about something personal, and then refocus on the book:

"But I've come to learn that stuff isn't important at all. What you need to ask yourself is, when you come home, do you have someone you can talk to who will understand you, even if they don't always agree with you? Do you have someone you can trust? Do you have someone who believes that compromise must go both ways, that it's not always one person making the effort? And when special times like the holidays come around, do you have someone who will go to the tree lighting with you? Even if they don't want to be at the tree lighting, it's ok as long as they're with you?"

Brady is one of the few authors I unconditionally support. Her books are always entertaining and well-written. But, my most favorite aspect of her writing style is that she writes realistic characters. All of the females in her books either remind me of myself, of my girlfriends, or at least some type of situation that could happen to us. Five Golden Rings is a welcomed addition to my K.L. Brady collection and it was a great way to kickstart my excitement for the holiday season!!

Donna Scoggins says

The Christmas Miracle

Sometimes people and things in life don't happen as expected. Loved this story because two people received wonderful Christmas presents.

Cecie says

Cute and funny

Cute , funny and laugh out loud. A quick read and delicious read . Hopefully, we will be revisiting these characters.

Nana Prah says

A sweet romance that had me giggling at the situations and conversations while hissing at a couple of the secondary characters. A.J. and Kristie undertook a fantastic adventure to come together. I love a book when destiny plays a key role in the characters' lives. If you aren't in the Christmas spirit yet, this book will put you in it for sure.

Sada says**Great love story**

Loved AJ and Kristie as a couple. Sabrina & Zach two people that you love to hate. Thanks KL for a great story...

Denise says

A fun holiday read. Great way to spend a Saturday afternoon.

Shannan Harper says

This was a funny and well written Christmas Novella. It's a short read, but you get a complete story with a lot of laughs. I also enjoyed the characters through out the story, and I am happy as to how it ended. The Author did an awesome job with this book.

Crystal says**Serendipitous**

I loved the concept of this story and I am a true believer in fate. I also learned something about myself and few girlfriends. Being in an dead end relationship solely out of some obligation or one good thing your mate has done is no reason to overlook any hurt they cause. Some women tend to settle when we think we owe our long time mate another chance fully knowing the relationship was dead long before. I'm glad Kristie didn't settle.

allyson hall spivey says**Cute Christmas story**

The story was very predictably but in a nice holiday version. It did keep my attention. I would read other books by "TL Brady"

Kesha K. says

Five Golden Rings is the perfect holiday read. Kristie is a play it by the rules type of girl. She chose a major

her parents support, giving up on her dream career so to stay in their favor. A chance meeting at a magical place literally has her doing a face plant on her normal view of life. A.J. Dawson has it all. A successful music career, a charming personality, a giving spirit, and a super model girlfriend. Yet, he is lacking the Christmas spirit and tries to reignite the joy of his favorite holiday. A chance meeting with a stranger sparks the holiday spirit in him and leads to an unexpected Christmas joy. A very light and feel good read!

Frances Perkins says

Nice read

It's a nice Hallmark Christmas book it should be made into a movie ? but they have to leave or change the last character

Jenny Bynum Black Words-White Pages says

Read my full review at <http://blackwords-whitepages1977.blog...>

I usually wait to start Christmas stories until after Thanksgiving, but the cover of this book kept begging me to pick it up and read it, so I decided to quit fighting it and pick it up. Boy, I am glad I did too.

This was a magical and fun read. It brought forth an incredible love story with an awesome meaning of how these characters celebrated the meaning of Christmas and brought two strangers together. I absolutely loved the meaning behind the title of the story. The author was a genius when she wrote this story. I have to say that this story filled my heart and soul and helped me remember what Christmas really means. I feel as if the spirit of Christmas has been rejuvenated back into my heart this year by just reading this story. It's a beautiful Christmas romance with a touch of comedy added. I LOVED THIS BOOK!!!

I won a paperback copy of this book and I am sharing my review. No remuneration was exchanged.

Kristen Lewendon says

This could have been subtitled Murphy's Law. Just about everything that could go wrong for AJ and Kristie went wrong in the worst way possible. It was really easy to get invested in seeing them get their happily-ever-after.

Runda Rajun says

Cute love romance

Great read. It seems as if we all look for the right one and settle for the wrong for the time being and the

convenience. But ohhhh when the right one comes along.....

Carmen Lang says

This was a really cute Christmas novella with a lot of humor and likeable characters. This could easily be a Christmas movie for Lifetime, Up or Hallmark. Yes, it requires a lot of suspension of disbelief, but that's the norm for these type of novellas.
