Moon Kissed Donna Grant

New York Times bestselling author Donna Grant ventures into New Orleans with her Chiasson spinoff, the first book in her scorching LaRue series complete with sizzling romance and the enchantment of the paranormal.

BROUGHT TOGETHER BY CHANCE

For years, Addison Moore worked herself ragged to achieve her goals. Close to earning her degree, the contents of a shocking letter rip her world to shreds. In an attempt to forget, she wanders into a bar, unknowingly changing her life forever. Suddenly she's surrounded by the supernatural she thought only myth and stalked by an evil priestess intent on her death. Her only chance is with an enigmatic man who makes her want to forget everything just to be in his arms.

BOUNDED TOGETHER BY CIRCUMSTANCE

Myles LaRue was content owning a bar and hunting evil in the French Quarter. He wasn't looking for love, especially after the tragedy his family already experienced. But when the exquisite Addison Moore walks into his life, he can't help but be charmed. Despite the dangers surrounding them, Myles comes to one conclusion - against the odds they found each other, and now that they have, he will do whatever it takes to keep her safe.

Tania says

"Moon Kissed" by Donna Grant. Book 1 in the LaRue series.

I really liked this book about Myles and Addison. This book is highly connected to Ms. Grant's Chiasson series. The LaRues are the Chiassons's cousins and both show up in each others' series. You can read this book as a stand alone but I suggest you read the first three books of the Chiasson series so you are familiar with all the characters and cross-series story lines.

Myles is a werewolf. And he's the accountant for the bar him and his brothers own called Gator Bait. Addison is a human. She takes a job as a waitress at the bar Gator Bait to help save money for another semester of school. When she meets Myles, there's an instant attraction between them. Addison is not the kind of girl to make the first move but Myles isn't making a move either. When Addison is attacked by a vampire, Myles is there to save her...in his wolf form. She doesn't know anything about the paranormal world. So when Myles learns that Addison is being targeted by the evil Voodoo priestess Delphine, he just has to protect her.

I don't want to say too much more about the story line. I don't want to spoil it for you. The story is a novella and moves along quickly and flows very well. The characters are interesting and intriguing. The romance between Myles and Addison was very well done. They have excellent chemistry together.

Overall, this was a very good novella. I really liked it.

NUMBER OF HEARTS: 4 1/2

REVIEW:

Addison Moore is at the end of her rope. A random chance of walking into Gator Bait is about to change her whole world. If it is for the good or the bad that is yet to be determined.

Myles LaRue has had no interest in getting involved with anyone for any reason. But the minute that Addison walked through the doors of Gator Bait, Myles was completely and total lost.

Great start to the LaRue series. We meet the LaRue boys in book 3 'Wild Need' of the Chiasson series. We learned just a little about the LaRue's in Wild Need. But in Moon Kissed we learn a lot more about the LaRue family and the curse that follows them.

I really enjoyed Myles and Addison's story. I am very much looking forward to the next book in the LaRue family. There is just something about these Were's that makes them so scary loveable.

Disclaimer:

I received a complimentary copy of this book from Donna Grant in exchange for an honest review. This

review is my own opinion and not a paid review.

Riva says

This book is as light as a feather

Danielle Gypsy Soul says

Moon Kissed is the first book in the LaRue Series by Donna Grant but it is obviously a follow series to the Chiasson Series which I have not read so there were some storylines that I didn't understand. They referenced things from the previous series without really explaining what had happened.

However, it is an enjoyable shifter book. This book centers around Addison who is a college student having trouble paying for school so she ends up working at the Gator Bait Bar and Grill. She grew up in New Orleans but doesn't realize that the supernatural community really exists. She is attracted to Myles LaRue who along with his brothers owns the bar and grill.

the LaRue family was cursed by a Voodoo Priestess to be werewolves and they hunt other supernaturals. (There is a backstory with a voodoo priestess from the previous series that I didn't have and would have made this book a lot more enjoyable).

There was plenty of action and fun characters. I will have to go back and read the Chiasson series before I read anything else in this series. Only 3 stars due to the gaps (not really a stand alone or 1st book in a series.)

Debrac2014 says

3.5 stars! Short story that I really enjoyed! Takes place in New Orleans and involves werewolves, witches and vamps!

Heather says

The first book in Donna Grant's LaRue series was good. I enjoyed the two main characters. Even though it is a novella, Donna wrote it in a way that made the relationship develop slowly and steadily. The conflict was strong with an already set up villain from the Chiasson series. I enjoyed the passion, the action, the characters, and the overall story. I look forward to more of the LaRue brothers.

Michelle the Romance Witch says

3.75 stars. very action filled and fast paced with a lusty encounter or two b4 love

Monica says

Good start

I like this novella. I do feel I am missing somethings by not reading the Chiasson books first but not so much that I feel left out. I think more for background then missing the plot. It was a good start to this series and I look forward to more books.

Theresa says

Loved it

If you love paranormal your gonna love this book! Werewolves, witches, vampires, demons and voodoo, you name it, it lives in New Orleans. 4 hunky brothers that just so happen to turn into werewolves. Addison is one lucky lady, well regarding the sexy wolf anyway. Book kept my interest until the end. Definitely recommend to shifter lovers!

Lisa Harper says

Good read

Enjoyed this book in the Larue series. Can't wait to read the rest of the series.
Enjoy reading all of your books.

Teresa says

A good paranormal romance

When I started this book I felt like I'd kinda jumped the cue, there seemed to be a back story to the La Rue brothers I was missing. However I soldiered on and got the jist of their history once I got into the story.

I liked that this was a quick satisfying read with mild drama and suspense, a fairly good romance story between Myles and Addison, and the story line was fairly good.

I look forward to reading book 2

Umaiya ?Insignificant September? says

What the hell, man? Why was this novel the size of a novella? Huh? Huh?

You finally find something even remotely interesting and it finishes before it even starts. What gives! I didn't even get all emotionally involved enough to continue the series. >__<

I'm skipping out to book 3 to read Solomon and Minka's book :p

I see sizzle, I see spark
I hear Umaya's next wolf bark!
(That was so lame!! Lol)

Bobbie says

Addison Moore was having a bad day, deciding to treat herself to some food she goes to a bar and grill called Gator Bait. While waiting for her food she meets Myles LaRue one of the owners. They both have an instant attraction to each other, but Addison has no idea what he is or what she's in for.

Michelle Leah Olson says

A bit darker, more dangerous, and action packed than the Chiassons, I'm loving the characters and can't wait to see what more happens with this world and those that live within it...

Bridgette South says

Okay, not to be weird here, but the acknowledgements made me squeal here! Anywho... Moon Kissed... aahhh yes... Moon Kissed is Book 1 in Donna's LaRue series. I have loved Miss Grant since I picked up her Druid's Glen Series.... Even though her norm for me is Scottish numminess... I loved this one soooo much too! This is an awestriking and sexy series starter set in deep southern United States! Donna got the details here so spot on for me that I could nearly feel the humidity! I've lived in Georgia, Florida, North and South Carolinas and visited Alabama a few times, so I really enjoyed getting to read the details as accurately as she portrayed them.

Donna doesn't disappoint with her brothers in this steamy series either. The paranormal edge? Oh, they just so happen to be werewolves.. ? I didn't like the size of the book, mainly because it didn't give us time to get deep into the story before it was coming to an end. I did appreciate that the relationship didn't feel rushed or forced, but rather took it's time a bit with as much time as we had with the novella before it's ending. If you like paranormal shifter books, you'll enjoy this book! I give this book 4 out of 5 shields.
