## **Shifan says**

Wow! I really loved the concept of the story, quite sad when the leader Squirtle left it's team mates but it was a really good book!

## **Alexis Allinson says**

It is what I expected of a book written from a television episode. Great for the target audience lacking for me.

This book was very exciting! I felt like I entered the place where the story took place while reading it. This story was about Ash's Squirtle. They were with the Squirtle Squad, which made them think of the history of them meeting the Squirtles. The Squirtles were very naughty Pokemon, destroying towns. They then had a short journey before becoming friends. All of them wear sunglasses, which Ash's wear a big one. They then turned good and help people put out fires with their mighty fire-fighting skills.

I love me some Pokémon, but I was hoping for something that wasn't based on an episode.

A SQUIRTLES TALE!!!

I Loved this Pokemon Chapter Book!

This book is all about SQUIRTLES!!! Squirtle Squad is a group of Squirtles who came together after leaving their abusive Pokemon Masters. The leader of Squirtle Squad was the very Squirtle that Ash has ^\_^ He rescued the Squirtle and so much more and Squirtle chose to be with him. This tale tells a few stories about Squirtle and his quests to help other Squirtles as well as Ash & his Group.

it was a good book i liked the part when ash saves pikachu

**Paula Ratcliffe says**

Squirtle Squad is back and into more trouble. It starts with three trainers Ash, Misty and Brock who need a rest and let their pokemon play together. Then they talk about the adventure where Ash gets Squirtle.

My favorite part was the part where Ash used Squirtle to save Pikachu from Team Rocket who is just as bad as the Squirtle Squad. And eventually Pikachu gets hurt by a wild Goldeen, and Ash has to get a super potion to heal Pikachu.
