Rick Steves

Rick Steves' Greece: Athens & the Peloponnese Rick Steves

You can count on Rick Steves to tell you what you *really* need to know when traveling in Greece.

Following the self-guided tours in this book, you'll explore Athens' most popular sights, including the Acropolis, Ancient Agora, and the National Archaeological Museum. Experience the culture like a local—enjoy an evening meal of souvlaki at a breezy café, then sip ouzo at a rollicking taverna in the Plaka. Line up at the starting block at Olympia's historic stadium, then set sail for the idyllic Greek island of Hydra.

Rick's candid, humorous advice will guide you to good-value hotels and restaurants. You'll learn how to get around Athens and the Peoponnese like a local, and get advice on which sights are worth your time and money. More than just reviews and directions, a Rick Steves guidebook is a tour guide in your pocket.

Karen says

Great to travel by!

Chere Marie says

Can't wait to try out all his tips later this month!

JB says

This book has all sorts of tidbits and very useful information in it.

Debra Denson says

Hail Hellas!

This just as good as his Paris tour book. He and his team have left no stone (ancient or modern) unturned. Great tips on driving, important sights to see, and a great packing list. The important phrases is a little slice of help too!

Brittany says

This was a great guide for my recent Greece trip! It was an outdated 2011 version from my library, but it still helped me easily plan an itinerary.

Anne says

Getting ready for a trip to Greece in the fall. Rick always tells you what you need to know to make traveling in Europe easy. I am happy to say that this guide clarifies previously confusing info about making phone calls with your mobile phone in Europe.

Helen says

Awesome helpful and interesting as always

I always rely on Rick Steves for his European travel guides. No other guide compares to the level of detail and personal care. The recommended places to visit, eat, see, etc., are all top notch, and the guided walks are truly the best way to see sights and the city and learn something about it that one will take away forever. I highly recommend all his other European guides as well. I never visit any place without reading it first!

Caitlin Meisenbach says

Rick does it again! This made our trip so much better. If you go, download his walking tours. They are amazing.

Steph says

This was a fantastic guidebook for Athens, Delphi, Nafplio, and a few other small stops we made in between! The self-guided tours were well written (I'd definitely recommend the accompanying podcasts for the Acropolis, Agora, and Archaeological Museum in Athens too) and the food/lodging recommendations we followed were spot-on. Bonus: the book is pretty light too, which made it convenient to carry around during the day, unlike my all-of-Greece Lonely Planet.

Shelly says

Considering/dreaming about a trip some time in the next two years--a week in the UK to visit The Kilns (C.S. Lewis' home) and other notable literary places, and then possibly do a week in the Greek islands, with one day in Athens.

Read this 'cause I know nothing about Greece.

Luke says

All you need to know for a trip to Greece

This book is well structured, easy and fun to read. It gives you all the information, maps, history overview and even contact information to plan an unforgettable trip to Greece.

Read this and listen to Rick's podcasts that includes guided audio tours to prepare you for your trip.

Nicole says

Excellent guidebook for these areas. I'll take it again when I return.
