Silent Cries

Sonovia Alexander

Silent Cries Sonovia Alexander

China was born into a family of OG drug lords and killers. It's not the life that she would choose for herself, but she knows that she cannot put her family to shame.

China and her girls Ryder, Q, and Jewels are four of the most notorious chicks in Queens. Growing up in the same part of town they were known for cutting and shooting chicks and dudes when pushed to the limit. They had looks to kill and could draw in any man.

Unbeknownst to her, when China hooks up with a pimp, the reputation that she has tried so hard to upkeep is tested. When thinking with your heart and not using your head, you fall victim to things that are clearly a task that you can't handle.

China is put in a situation where her friendships, family and relationship is at risk ending with her losing some of her loved ones. Find out what Silent Cries is really about as you go inside China's twisted world of betrayal

Tiffany Toney says

Friend or foe

Action packed, will keep you up, not able to put the book down.

A large family, known for reigning terror and riding hard. Cousins learn the ropes of the street ways, whether they like it or not.!

Mirrlees says

Why did China feel she had to follow in anyone's footstep. We all have and will overcome. Sorry for the tragedy that she had to struggle through but I feel she will make it. Her girls are by her side but will all stick around when secrets are revealed...can't wait for part 2...oh :-) no more wait it dropped today...lol

Jacqueline Alexander says

Great Read

Omg this is too much?? China and her girls are crazy.. So young to be going through this BS... What is really going on and who is her family?? I got so many questions??? On to part 2????

Iamshawnda Hamilton says

This book had me holding onto the edge of my seat from beginning to end. I had heart palpitations and all with this book. The characters was so real to me that it felt like I was watching a movie on the big screen. The character China was a ride or die chick that was down for whatever, and the things that she had to endure made me wonder just how much more is this girl going to take before enough is enough and walk away. The secrets and betrayal in this book was to deep for more. It brought emotion up in me that made me scream at the book like the characters could here me. This story pulls all your emotions out and gives you a great view of life, and how we let our circumstances drag him into some messed up situation and jeopardize everyone around .

The ending, The ending OMG what kind I say you must read to see and feel what I am saying..

Sonovia you definitely put your foot in this book. On to part two as we speak

Daleisha Johnson says

Wonderful

Wonderful

omg at first I was like this book is dry but as I continue to read I was like oh shit Lmmfao I can't believe what has transpired from the girls to there outlook on life itself omg is part two ready I need to catch up on there parents life before them and see what happens with the baby and Q brother omg

La Sheila says

Walking into poles...

I could not put my device down, I was walking into EVERYTHING. I guess you have to live the life to related to the story. No one can change where they are from but we can enhance and embrace what we learn from it. This story touch so many avenues not only of my life but some of family lives as well... I can't wait to read the sequel.

Sometimes the "Silent Cries" never ends.....rest my child....

Dana says

Great

This book Silent Cries is Great, I give this book 5 stars. I can not wait to read Part 2.

dianah says

A must read book

this books is one of my favorite of all I have read in believe me when I saw I love to read. I'm giving this book a five star it kept me guess n it's full of excitement it also makes you feel like your part of the book. so please support SONOVIA ALEXANDER n read this book I promise you will not regret it.

Diana says

I liked this e-book because it was fast paced and the author did a great job of keeping the story flowing. There were some grammatical errors that really bothered me but it was tolerable. I would read the next in the series. I also felt like the brothers were much more interesting than the sisters.

Raquel says

What a book!! MUST READ !!

Omg i knew there was something up when i was reading the and the tragedies that happened. I love this series everyone must read it !! Some people probably don't know this part exist because it doesn't show up with the other 6 as a series unless you put it in the search, hopefully that can be fixed. But i have to say this had some extreme good twists. I just loved all of it. I was so excited with the ending. Sonovia Alexander has done it once again. Thanks for such good books.

Tan says

Definitely not a page turner

This book was absolutely a drag, and highly boring . The characters were all over the place, and the supposedly "climax" was confusing. The beginning had a real good hook, but as you get deeper into the book the plot just scatters. 2 stars for effort .. At least you tried .

Syn Challenger says

I read this story in about 6 hours. It was definitely captivating and page turning. I have to admit it was also refreshing to read a well written story without many noticeable typos. China, Q, Jewels & Ryder has been friends forever, but a urban novel would not be good unless it has sex, lies and videotape. LOL There is a clear development in the characters throughout the story, which keeps you interested in seeing what will happen next.

It was an extremely good read and I am already reading Silent Cries 2 and half way through.

Steph says

This book was good didn't know why China felt like Chino would change and to find out what she did by her closest friend was terrible . I wish they wouldn't have killed off so many main characters because I needed to more from this who had died. I'm getting ready to read book 2

Cryssy says

VERY GOOD

If you enjoy reading urban books then this is a good book to read. It's filled with decisions of life, love, and loyalty. I love how the family is there for each other. I would recommend this book to others who enjoy urban novels. I plan on reading the other books in this series and other books by this author!

Teaguem2005 says

China was so hardcore but she let Chino run her life. The family is connected in Brooklyn but she doesn't tell anyone about chino's abuse because she's suddenly in love with him. Yeah ok. Worse part was when she said she knows she can beat him physically. Well, duh if you can beat him physically why would you let him kidnap, humiliate, pummel you whenever he feels like it. Just doesn't make sense. Q's situation made slightly more sense but only slightly. Lots of drama but yet another "pimp" tale.
