Still Water

A.M. Johnson

Still Water A.M. Johnson

After being rejected by his childhood best friend, Todd Dixon turns his back on love and all its false promises. Three years later, he's living in a new city, making a name for himself with his bar, record label, and one night stands.

Lily Spring knows nothing but the music that flows through her veins, but after one night of betrayal that ended in tragedy, her entire life falls from under her right along with her musical dreams. Now, she finds herself living in a new state with a sister she barely knows and a dream that she **MUST** fulfill.

He's everything she doesn't need.

Stubborn as hell, sexy as sin, with a reputation as wicked as his body. To make things worse, he's her new boss and the ticket to what she's always wanted.

When two fates collide and passions burn high, will the fire die or will it simmer into a slow burn becoming much more than either of them thought possible

This isn't just a love story.

This is a story of hope, repentance and second chances.

Are you ready?

#TeamToddForever

Michelle says

OK honetly when Todd first hit Elizabeth in still life I was so mad at him actually I was disgusted with him and shocked. Now after reading still water I still feel it was wrong of him but I understand his pain now so much more he was broken and had his heart ripped open and that shit can really destroy a person. Todd was such a broken man I felt him so hard my heart was litterly hurting for him. He's honestly such a good man and he does have a heart of gold. Lily she is also such broken girl losing someone you love especially a parent is not easy it rips you apart and that wound doesn't ever heal until you have someone to help slowly bring you back to life. A good person can do that. @am_johnson_author that letter women it ripped me apart and made me ball my eyes out. I wish I could give this book for than 5stars because it deserves so much more. This book was amazing doll I loved it makes you really feel and really hurt amazing job doll. This is definily a home run and so much more!! I loved Todd he definily a new book boyfriend man my list just keeps getting bigger and bigger lol. I can't wait for still surviving I know I'm going to fall hard for seth because what I've learned of him so far I need to know so much he seems like hot and mean hot mess that I can't wait to get inside his head.

Becca - ★Wicked Quests of a BookNinja★ says

5 What-Else-Stars!

(My review in Hungarian: (<http://hellolittleredreadinghood.blog...>)

Oh, I never expected that I'll love Todd's story. We just couldn't get on the same page in the first story but now! I'm absolutely in love with him, with the story, with everything.

I have too much to say. But I won't write a novel here. Just say or suggest one thing: there are must to be read authors. A.M. Johnson is one of them. :)

Beauté De Livres (Vivian Freeman) says

3.5 STARS!!!

In Forever Still, A.M. Johnson gives readers the highly anticipated story of Todd Dixon. Following a grown man make all the wrong decisions in his life, Still Water brings feelings of warmth and contentment as Todd

slowly but surely, seems to find his way. Finally showing off the complexity of Todd, giving him depth and intensity, Still Water continues to capture readers into the world of Forever Still.

As Todd is still reeling from a broken heart, he is determined that he has already found and lost the girl of his dreams. Until Lily walks into his bar...

As his senses overpower his thoughts and the attraction becomes too hard to deny Todd makes his intentions known.

Starting fresh after a family tragedy, Lily just wants to be happy. Starting fresh and finding her place in this new town, Todd is like a breath of fresh air that leaves her unexpectedly giddy, excited and hopeful

Together they embark on this fast paced, whirlwind of a romance full of personal revelations, insecurities and hard truths. Baring their souls to one another both Todd and Lily, know this is more than just a fling. As their feelings for each other are more obvious, their relationship becomes stronger and with like any situation, strength gets tested.

As unexpected news rattles both Lily and Todd individually, together they deal with it poorly and jeopardize all chances of future happiness. As readers are anxiously waiting for a happy ever after, A. M Johnson is showing off her memorable secondary characters and allowing them, to carve little spots for themselves in the reader's minds and hearts.

As the world tries to remind them why it is important to follow their heart, Lily and Todd must fight every long lasting insecurity to get their happy ever after.

Michelle Trzecinski says

Still Water is book two in AM Johnson's Forever Still series. It focuses on our king, Todd Dixon, and the ever growing struggles we were introduced to in book 1.

The one thing I really noticed when I first read this book (months ago for beta) was the voice that Johnson is developing. You can tell she learned a lot from publishing and re-working her first novel and it definitely shows in the pages of this story. The character development is stronger, the plot line is more in-depth and the dialogue is solid.

Todd and Lily's story is inspiring and heartbreaking. Both characters come from tough pasts and need to work on their insecurities to break through the chains holding them back from enjoying life. They will give you hope, make you cry, frustrating you beyond belief and most importantly believe in love.

Josephine says

Ok... I gave this book five stars only because I couldn't give it more!!!! I loved Sawyer in Still Life and really didn't think Todd would do it for me. But DAMN was I wrong!!!! I loved Todd and I loved Still Water!!!! I loved everything about this book... It made me feel so many emotions!!! I'm so happy and honored I got an ARC of this book. Ladies, when this book comes out, click it! It's one you won't want to

miss!!!!

Laurie Breitsprecher says

I have been looking forward to Todd's story ever since I finished Still Life. I wish there was a way for me to put all of the emotions I went through while reading this book. Todd is such a unique character in my eyes. He is so raw and beautifully damaged. I love how he mans up to his mistakes from leaving Liz and Sawyer behind, for his own selfish reasons of not wanting to be around them. From the second Todd sees Lily in the bar, I was hooked. There was such a chemistry between the 2 of them, and I instantly fell in love. There were so many points while reading that my heart skipped a beat, I couldn't breathe, or I simply just had to take a minute to collect myself. This was so beautifully written! I finished this a couple of weeks ago, and I can honestly say I am still suffering from a hangover. Todd gave me all the feels.. and I miss him. This book will take you on an emotional roller coaster that you will not want to get off of!

Emily says

Todd Dixon is lost, the only woman he loved rejected him for another. On one hand he is happy she has found her bliss, on the other he is in a rut with faceless hookups and an unsatisfied life. When he meets new bartender Lily Spring, he feels something a curiosity and a need to be a better man for her. Todd though is not sure he has it in him and after a rocky start it seems the hits keep on coming.

Lily has her own plans for her future, a music career. Her talent is unparalleled but Todd is an unexpected surprise. She is falling hard for Todd, but his past seems to always be hovering in the background. Can two lost souls find a happiness together or will life find a way of tearing them apart.

This was the first book of A.M. Johnson's I have read. I felt the author had a way of describing each and every feeling between the Lily and Todd. You are invested immediately into the story, I was swept away with Todd he is struggling and you want to reach out and just send a hug. Shed a few tears and several smiles, great read.

Mg ♥ The Bookishmedialite says

He deserves to be someone's choice.

She comes from a tough past.

Both are full of insecurities, the ones that keep them living in the dark.

But when their souls collide, the light goes through the dark, leaving them with the chance to heal each other.

This is a story of two damaged souls who are given a second chance.

Still Water is book two in AM Johnson's Forever Still series. This book focuses on Todd Dixon, we met him in Still Life. When I read book one, I could not get Todd out of my head. I really liked Sawyer but Todd, there was something about him that had me intrigued and I wanted more.

Some may say Todd was a little immature or mean in Still Life, I'm not going to say why because that would be spoil it for anyone who hasn't read it, so you have to read it, but I did not feel that way. As I said

before, I was intrigued, he was this broken man suffering for an unrequited love, and even when I know some of his actions were not ok I could not judge him. All of us have done crazy thing for love so, who am I to judge him?.

Reading Still Water bring me so much happiness because I was capable to witness how Todd grown up as a character, how he found love and how he learned from his mistakes, again.

With her fire an vulnerability, Lily Spring was the light Todd needed to break the chains holding him in the dark. Lily had her own business, but since the moment they met and felt the chemistry between them, the deal was closed.

We used to focus on the girls feelings, but what about the guys? The ones who loves so passionately that are capable to give their souls in exchange of love. Todd Dixon was one of those guys, he is going to make you feel him, his love, his sadness, and you are going to love it.

AM Johnson not only gave us a heartbreaking story that is going to stay in your heart forever, she also showed us how much she has grown as a writer. The writing flows in a unique way, giving you all the feels you can imagine. You cry, you smile, and yes, you fall in love. The only thing left to say is.. are you ready?

Booknerdingout says

4.5 TODD is motherF'en KING stars!

Celesha Carillo says

Some books you just don't expect to fall so deep in love that you don't ever see yourself wanting to leave it.

Still Water done that to me, i didn't expect it. This book brought so many emotions out in me it was crazy. I fell so HARD for Todd, I didn't see anyone else, I didn't hear any one else. It was all him. I wanted to give every single ounce of love that I had to this beautiful broken man. You felt every beat of your heart break for him. I just wanted to hold him so tight and not let go. You see I have a thing for broken men and Todd ticked all the boxes, he was hurting and he needed a women that could love al of him down to his soul and he found that in Lily and it was beautiful to see.

Some may say he fall to quick but that is Todd, and I felt A.M Johnson wrote it to where you didn't feel like it was rushed, I loved them together, they were made for each other. And of course this man was so damn sexy he made you weak at the knees. He just had right amount of nasty. I did I mention I love?

Lily.. Well at times I wanted to shake the girl, but I did adore everything about her. I loved her fire, and her vulnerability, she made me smile, she was perfect for Todd she was made to love him and no one else. And when she handed that love over it was magic. Lily had her own hurt and when they were together they

healed each other. I want more of them I could read about them forever.

I really feel A.M. Jonson has grown as a writer, her writing flows so beautifully. Everything happens at the right pace nothing feels rushed even there love. I'm so glad I was given a chance to read this book, it will stay in my heart forever. The only thing left to say is I can't wait for Seth's book.

Bookbuster says

"I'm the fucking boss, sweetheart."

Todd was burned once and the scar will never heal. Losing the only person he loved on earth sliced him deep. He became Manwhore actually Manwhore is a mild term for this man, he really is cold and broken. He wouldn't easily allow another human being to acquire that kind of power against him again.

I knew it the minute my lips tasted her she was going to be my new addiction

Lily, having just lost someone very important in her life, decides she wants a fresh start in life. So she moves to another state and lives with her sister. Her love for music.

THAT FUCKING BLUSH WAS GOING TO destroy me.

Later part of the story Todd's world will be shaken when Lilly starts getting under his skin. She just wanted to be someone's priority, someone's choice. Todd tries to become a great father and a fabulous boyfriend. Lilly embraced little Molly immediately. Molly, what a sweet little girl! She stole my heart.

"You're my king, Todd. You rule this heart more than you'll ever know."

A.M. Johnson did a wonderful job capturing all the emotions that you only hope to feel when you read the perfect book! Thank you so much A.M. Johnson for giving us the incredible and heart warming love journey of Todd and Lily. I will never forget this experience.

"I love you, Lily. You are where I begin and end."

SissiReads says

I am in love! I honestly with all my heart love Todd! I just want to hug him, kiss him and give him all my love to show him he is worthy and he deserves it. I love everything about Todd and Lily, I love everything about this book!

Brianna Maddox says

Love, love, LOVED this book. I definitely need time to gather my thoughts. Todd is definitely my favorite and before this book, I wasn't a big fan of him because of something that happened in Still Life... OHHH did he make up for that!! I'll have more thoughts later.

Readingwhore says

When two fates collide and when passions burn high, will the fire die quickly or will it slow burn and become more than either knew possible.

This is a story of hope, repentance and second chances.

Loved loved loved this book so much!!!! Such an awesome read!!! So much emotions and ups and downs
!!!! Love Todd with all my heart!!!!
