The Haunting of Bechdel Mansion Omnibus: A Haunted House Mystery Roger Hayden

One couple must unearth the secrets of a small-town murder before it's too late.

A young couple from the city move to a small town, looking for a fresh start. They soon find their dream house in an old Victorian mansion and everything seems perfect, that is, until they experience strange supernatural occurrences linked to an unsolved mass murder from forty years ago. Unearthing the secrets buried within the mansion won't be easy. Can they solve the mystery in time, or will they face the same doomed fate as the tenants who came before them?

Take a terrifying journey into the new supernatural mystery thriller by best-selling author Roger Hayden, "The Haunting of Bechdel Mansion," where anything can happen, no one can be trusted, and doom awaits around every corner.

Mary Jeffries says

Really enjoyed!! It was written perfectly with a great story that left me wanting more!

Bev Haynes says

Fantastic

Mystery. Suspense. Paranormal. My favorite elements blended in such a way to be believable. I couldn't put the book down and read it in one setting. If you like this genre, you won't be disappointed!

Cheryl Brown says

Enjoyed it very much I only gave it four stars because it didn't seem completely finished to me to many loose threads so to speak, 40 year old murders in a small quaint town which have never been solved, a mansion that is selling way under value and a young couple add up to a good story. When you add in some vengeful ghost it really heats up.

Tammy Corwin says

Loved this book!

I couldn't put this one down. Keeps you wanting to read it til the end. Great book. A lot of fun to read.

Verna says

This book was a little flat and some of the characters seemed to be filler.

Catriona says

Kimberly D Schwartz says

Good read, hard to put down.

By and large a good, thrilling read. Some parts were not well explained, and had some grammatical errors. Definitely a page turner regardless! Kept you wanting to know what was coming next!

Geraldine S. Ganzer says

Proof reader needed Bradley.p

Enjoyed the book---_but you need a proof reader for the spelling errors and poor sentence structure. Curries was a little else wimped.

Aunt Meanie says

Best paranormal/ ghost story I've read all year!

Wow! This book reaches it's ghostly hands out from the spirit world and snatches you in from the first paragraph! There's no putting the book down. The book reads at a fast and exciting pace. Nonstop action from cover to cover.

This was one of the best paranormal books I've read this year, or last year for that matter. I loved the author's writing and definitely will be looking for more of his books.

Mary Malone has what her mother told her was "the gift". Her psychic abilities have gotten stronger as she grew to adulthood.

Curtis and Mary Malone buy their dream home, the huge Bechdel mansion. Soon after, Mary begins seeing and hearing things, even having psychic visions. After some research, she discovers the mansion was the site of a gruesome crime where an entire family and all the guests were murdered 40 years ago! The case was never solved. The spirits of the victims continue to haunt Bechdel mansion. They demand the killers be brought to justice.

An unsolved mass murder, a conspiracy that most of the town seems to be involved in, a mansion haunted by the victims angry spirits - things that go crash, boom, BOO!

If you like paranormal/ghost stories, this is an excellent book.

Juliana says

Too Predictable

A little too predictable to be really good. I would think most readers know whodunit a quarter of the way in, if not before. And there is no resolution concerning the Bechdel secret/curse. The story just ends.....not even a "happily ever after" epilogue . Not the best and not the worst I've read, so I graded it right down the middle.

Amy says

Good Read

I enjoyed this book. I still have questions about some of the characters, but Mary, Curtis, and Theo had excellent stories. Held my attention and i read it in a few hours. Justice for the victims was my page turning desire.

Will definitely be looking up the authors other books!

Natasha Dufrene says

Good book

I loved the book but I want to know what happened to the treasure it was an important part of the story and it kind of left e hanging

Monica says

I enjoyed the story line and liked this book. But the ending? Not so much. It was rushed and there was so much left undone. I would have preferred less of the dialogue between the "villain" and the "heroine" and more closure to the story line.

Mandi says

I was captivated by this story. Loved it so much I stayed up until 2:30 in the morning reading it to the end..... and was utterly disappointed by the ending. This author, I felt, was great in keeping the story going, having you wondering what was going to happen next and then the ending. I feel as though the last page the author was tired of writing and ended the story. There were questions in mind of what about.... it did not leave me satisfied as knowing the whole story. One character just walked away and never was seen again. REALLY#? You spent some time creating his place in this story and dropped him before the ink dried. As you can tell I

loved the book. Except for the last page.

Amber Campbell says

The author published a list of actions by the characters. There was no build up of tension or suspense. He left important things unresolved and the ending was anti-climactic because of the long list of actions. The author should also look for words other than "said" to describe his characters' dialogue, maybe use more descriptive words.

As an omnibus, I expected the book to be longer as well.
