## **Vanilla Licks Kim Dare**

Situated just along the beach from Pendragon Bay Hotel, Vanilla Licks is the most popular ice cream shop for miles. Its success is at least partly down to Darrell — the cute guy who works behind the counter and flirts shamelessly with all the customers.

Fulton's an experienced Dom visiting the hotel to give a series of masterclasses on a whole host of kinky topics. Fulton doesn't flirt. On the rare occasions that he speaks at all, it's to give orders — which he expects to be obeyed. When Darrell catches his eye at the ice cream shop, vanilla is the last flavor on either of their minds.

Darrell is very good at joking about not being vanilla, but can he deal with a Dominant who takes his BDSM seriously?

I just love this series, but gosh, I wish I hadn't read them out of order! I have no idea why I read Masochist's Choice before this one. I guess I'll have to re-read that one before I read Seeking Something. Anywho, I felt like I got to know Darrell better than Fulton. I wish we were privy to Fulton's thinking a little more. It didn't take away from the story; it was just something I was missing. I always love reading first-time stories. This is Darrell's first-time as a submissive. He really embraced his submissiveness and it was great to see Fulton was there to guide him along the way.

The title alone made me grin and, like the previous books in this series, this story comes with a large dollop, or should I say scoop, of humor. Not that Darrell doesn't take his submission seriously, but the way the story is told, and the dry humor Fulton, a more than reluctant Dom, adds, is wonderfully funny and hot at the same time. I mean, a Dom who practically exudes kinkiness, but asks for 'vanilla' ice cream? That is just brilliant!

Darrell is, in his own words, "sub-curious". He hasn't really done any playing, but he knows he wants to try. And he decides that Fulton, the guy who walks past the ice cream shop in Darrell's care, must be the perfect Dom for him. A pushier sub has rarely been seen, but Darrell needs every ounce of conviction he can muster to get Fulton to notice him. He is determined to make this work, and no other Dom has ever made him want to obey as much as this one. The scenes they have together are mild on Fulton's scale of kinkiness, but they blow Darrell's mind. No way is he going to give up, and he knows just enough about protocols to not make a complete idiot of himself, but it is a close call.

Fulton is teaching a master class at the BDSM resort next door to the ice cream shop, and not really looking for anyone outside the club. He has enough volunteers as it is. He definitely isn't interested in a long-term relationship, and even less in someone with less experience than is good for him. Not to mention the age difference. I had to grin at his constant reiteration of all these reasons for NOT getting involved with Darrell, all the while he was getting hot and heavy with the younger man at every opportunity. Granted, Darrell initiated all of them initially, but Fulton is, after all, the Dom, right? He COULD have resisted. Funnily enough he doesn't, and I don't think either of them regrets that in the least.

If you like reading about hot men with one of them trying to impress the other with his non-existent sub-credentials and the other pretending he isn't interested, if you want to know how a Dom prefers his ice cream, and if you like couples who have to go through a bit of an uphill battle before they figure whether they fit together at all, you will probably enjoy this story.

#### **2 1/2 Stars - kind of fun with a lot of smex and kink**

**Young (horny) Darell at the ice cream shop sells** a hot summer day a vanilla cone to a big muscular man in leather pants. The man looks like a tough guy who likes the rough stuff...

**Fulton, an very experienced older Dom** is hard to get but Fulton can't in the end resist the eager good looking guy who want to be his admiringly *sub*.

Filthy cute about BDSM play and a very tough hard Dom. ~ ...free, short and kinky - nothing to remember, for me at least.

#### **I LIKE - a kinky okay summer tale..**

Vanilla Licks was a joy to read, I adore Kim's books anyway, but this one I can see myself reading time and time again. I just hope we catch up with Darrell and Fulton again.

Unfortunately I'm quite disappointed with what I've read by Kim Dare lately and I don't think I'm expecting too much either. I used to enjoy reading her light stories with bdsm spark, but the thing is, it's getting quite a bit repetitive and boring by now. It's following the same scenario almost every time: we have more or less unexperienced sub who takes a liking to an experienced Dom. You ask why? Of course it's because he's smoking hot and most importantly just everything about him screams here's coming a true Dom. It's the way he's talking, the way he's looking at the sub in question and also don't forget his dominant posture and the way of walking. So we have the sub hooked, the dominant is usually still hesitating at that time, but well, the sub is pretty, young and has a grace of the natural born submissive in him so what's not to like here? Needless to say, the next stage is a BJ every. damn. time. The first scene - or should I outright say a spanking/flogging/whipping? - is following closely and by the time it's done almost everything is decided. They are meant for each other, where is a collar? Also another thing, why bother mentioning hardcore scenes that will never come anyway?
